(57) **CLAIM**

The ornamental design for icon for policy settings for title bar portion of a computer screen, as shown and described.

DESCRIPTION

The single FIGURE is a front view of an icon for policy settings for a title bar portion of a computer screen showing our new design, the icon is shown broken away to indicate indeterminate position within the title bar. The characteristic feature of which resides in the bordered text box within the title bar.

A computer-generated graphic icon ornament comprising a bordered text box within the title bar of a computer software program as illustrated in the Figure. The broken line drawings of a title bar portion of a computer screen and words and symbols are for illustrative purposes only and form no part of the claimed design.
