(57) **CLAIM**

The ornamental design for a string silencer, as shown and described.

DESCRIPTION

The design is for a string silencer for use with an archery bow. In use, at least one string silencer is affixed to the string or cable of a bow, preferably between strands of the string. the string silencer reduce string noise caused by string oscillation during shooting arrows.

FIG. 1 is a top view of a string silencer showing our new design.

FIG. 2 is a front view thereof, the rear view being symmetrical

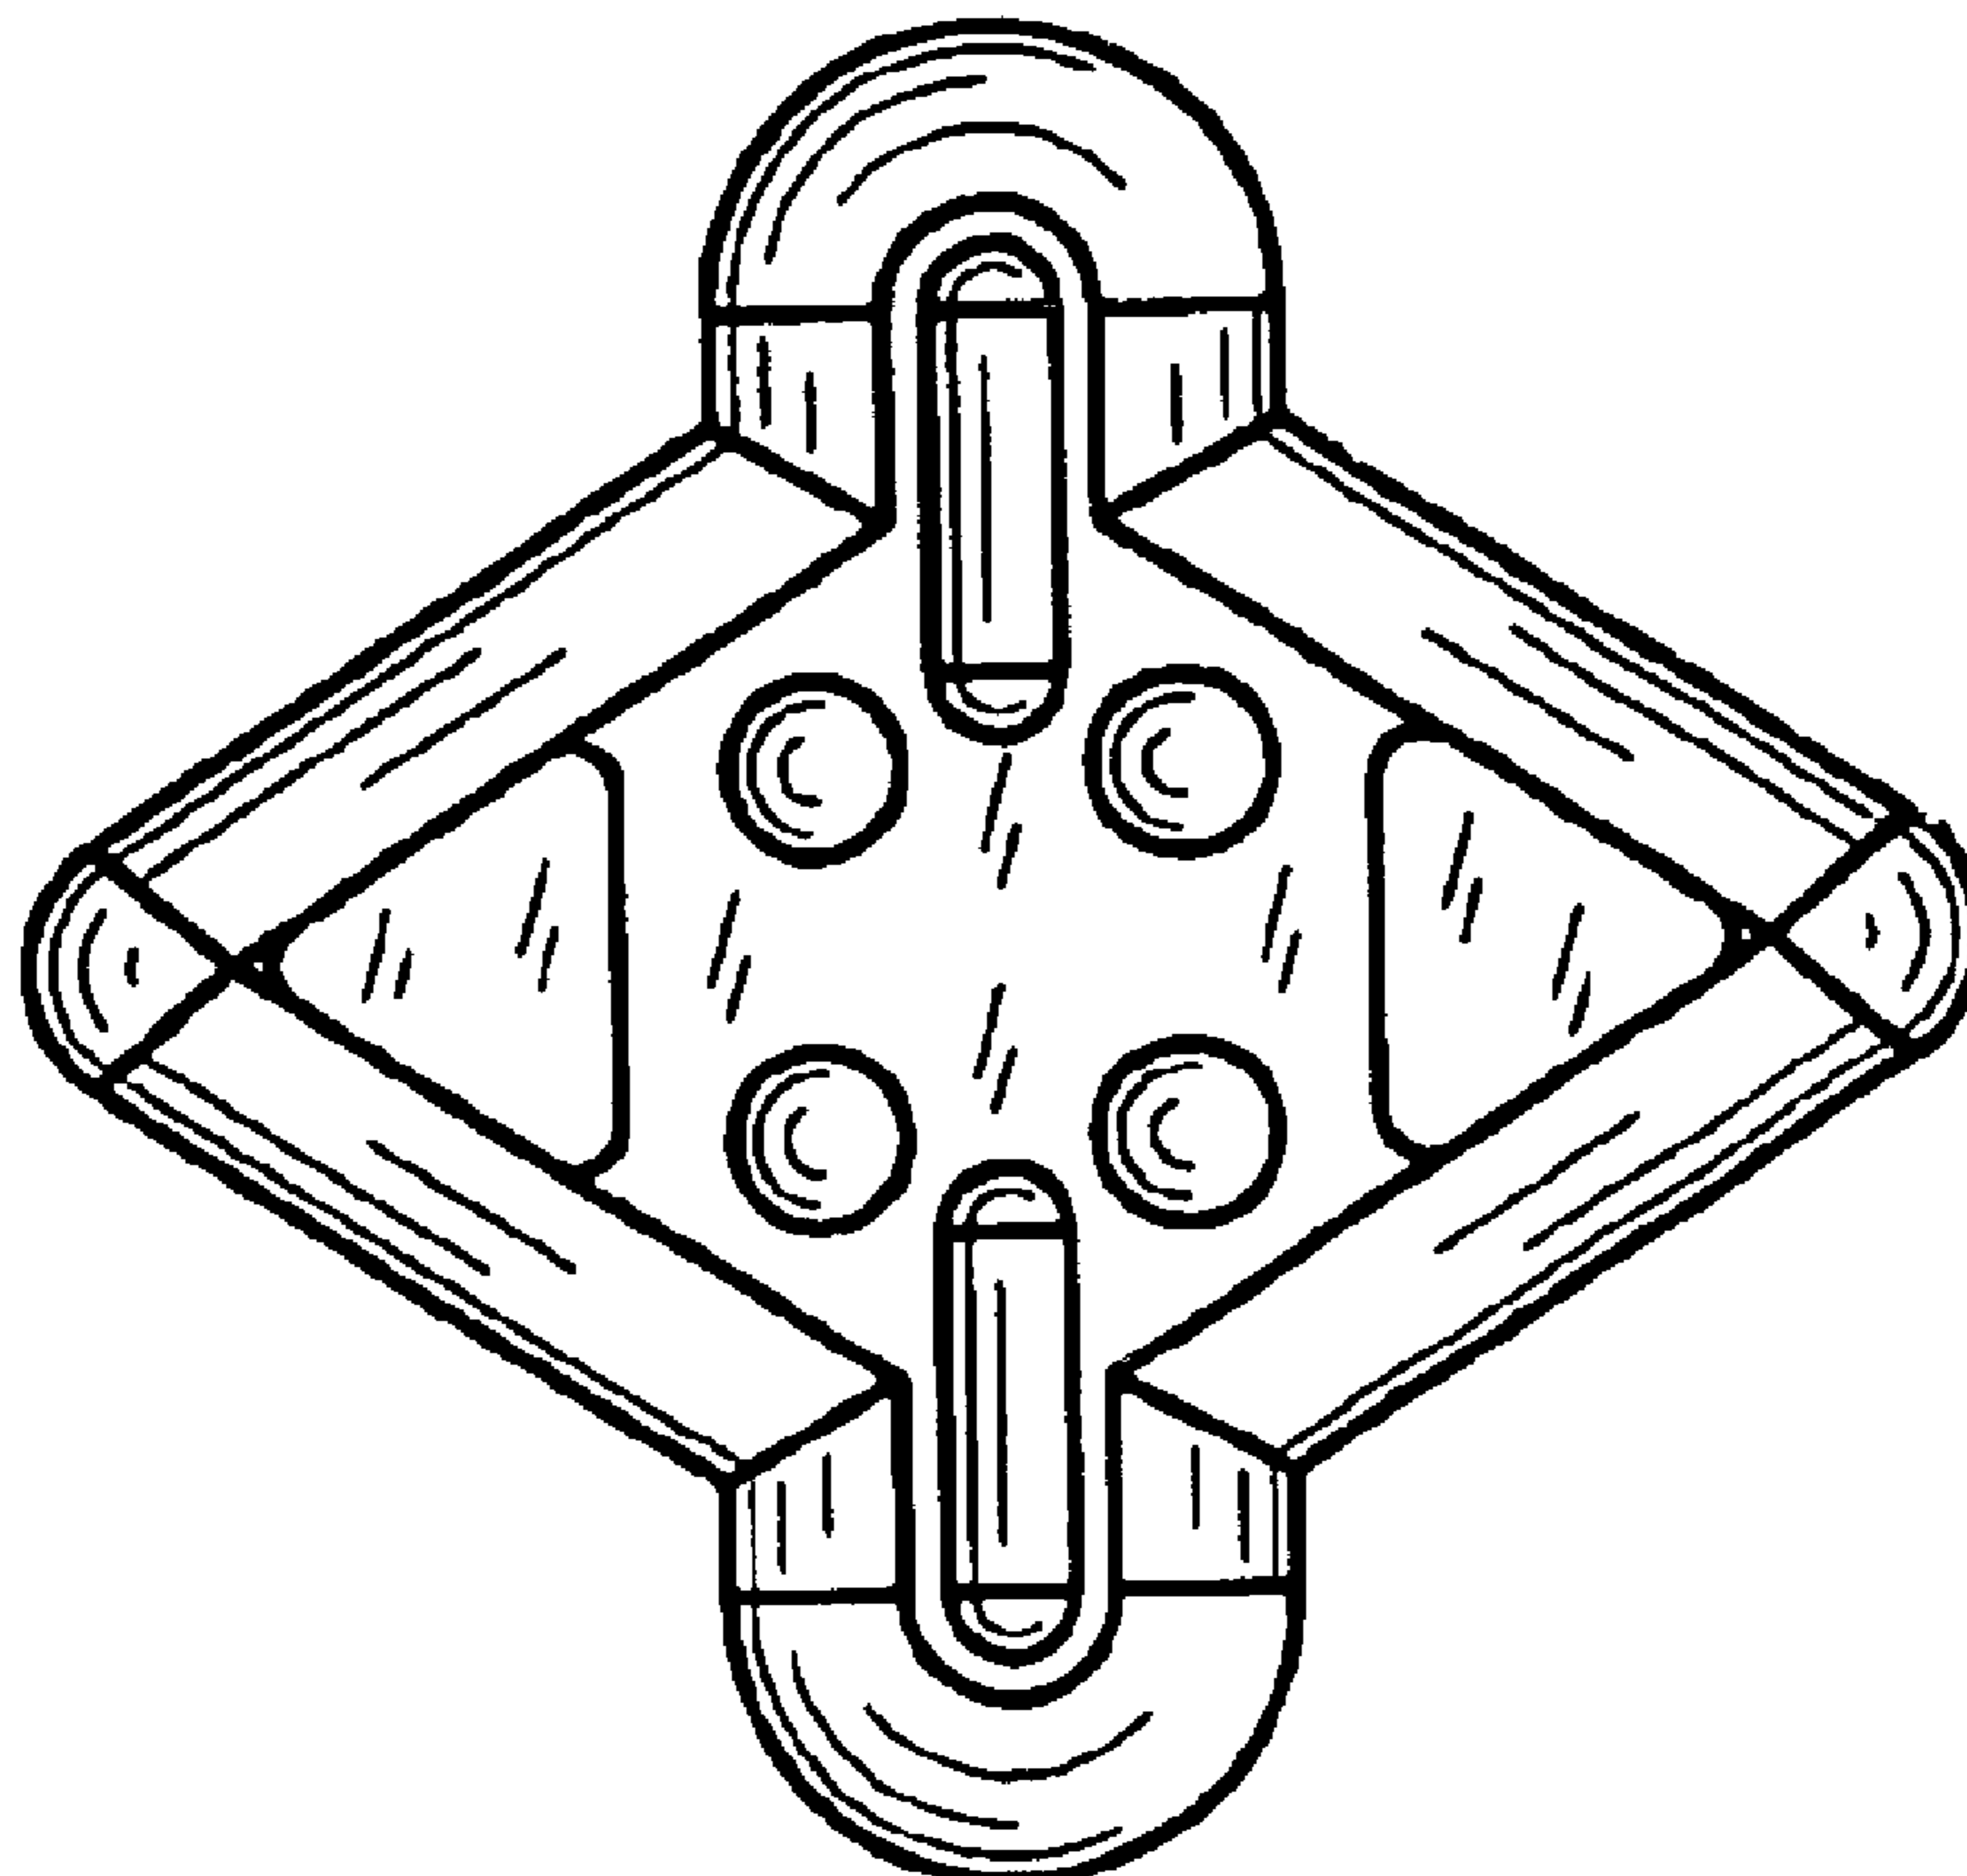

FIG. 3 is a bottom view thereof.

FIG. 4 is an end view thereof, the opposite end view being symmetrical.

FIG. 5 is a perspective view thereof; and,

FIG. 6 is another perspective view thereof.

1 Claim, 1 Drawing Sheet

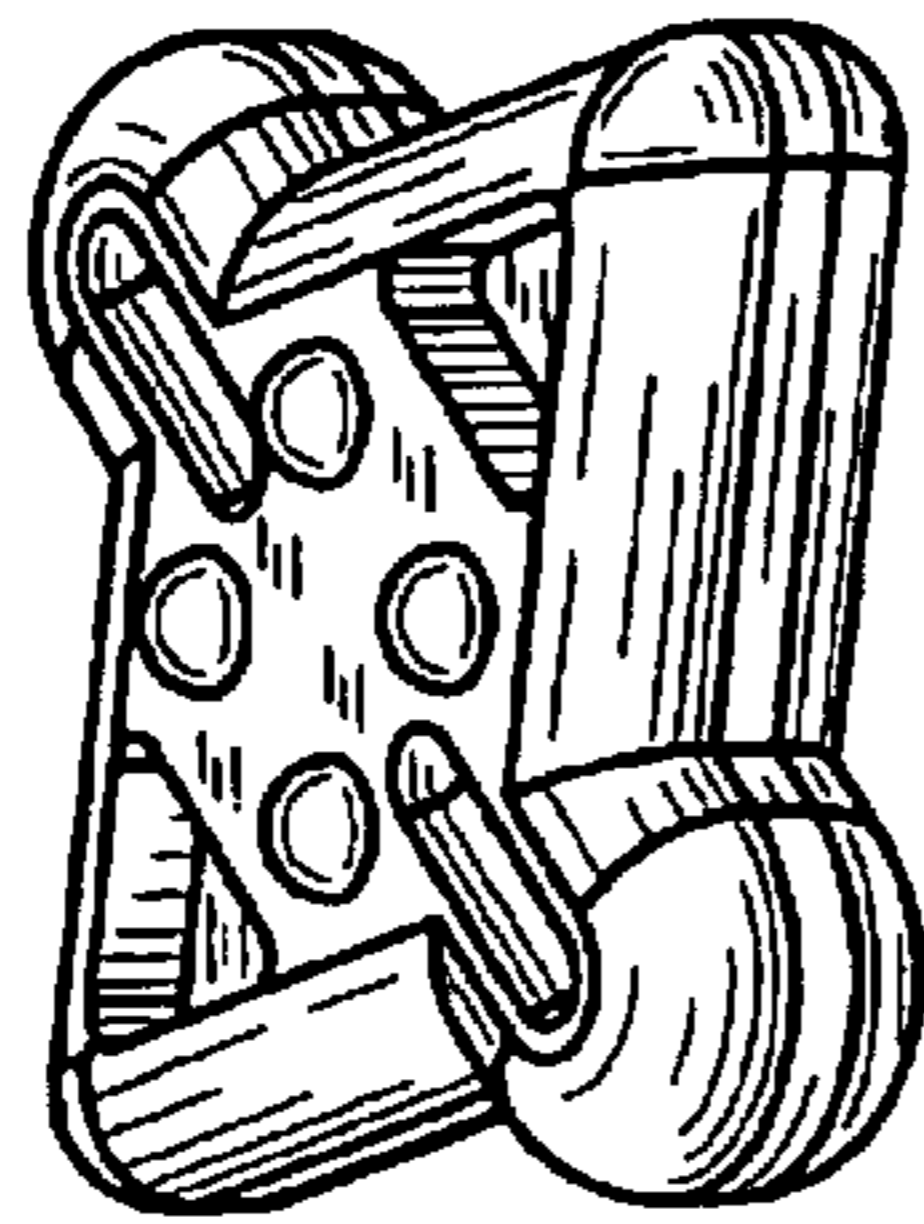

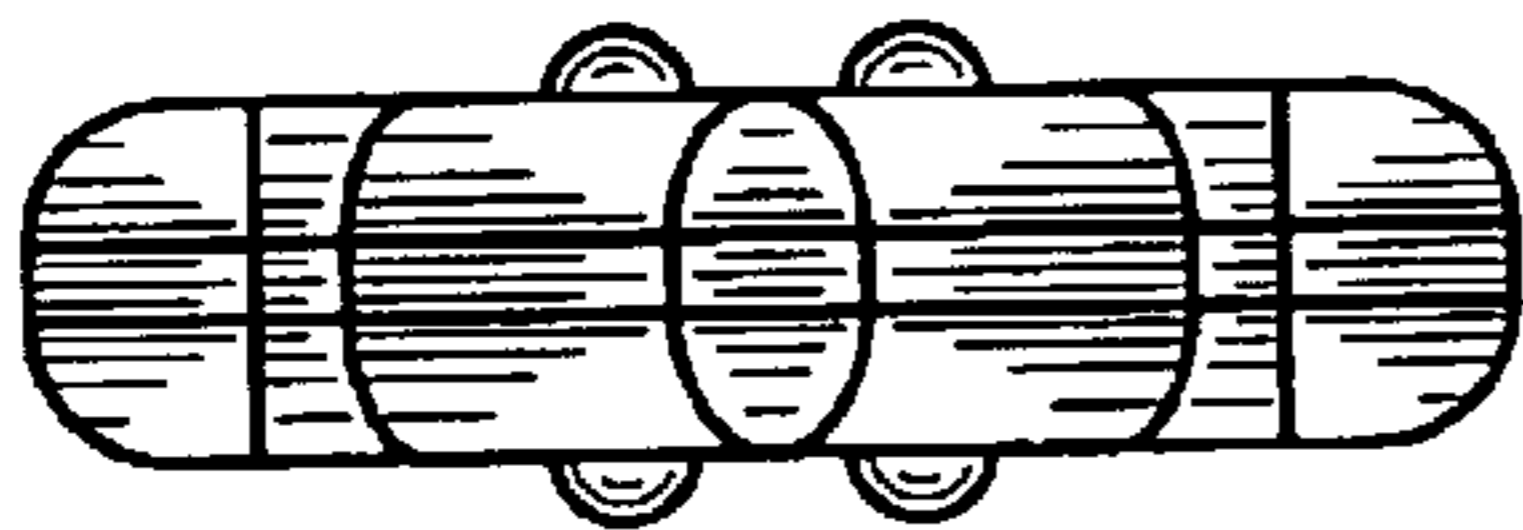

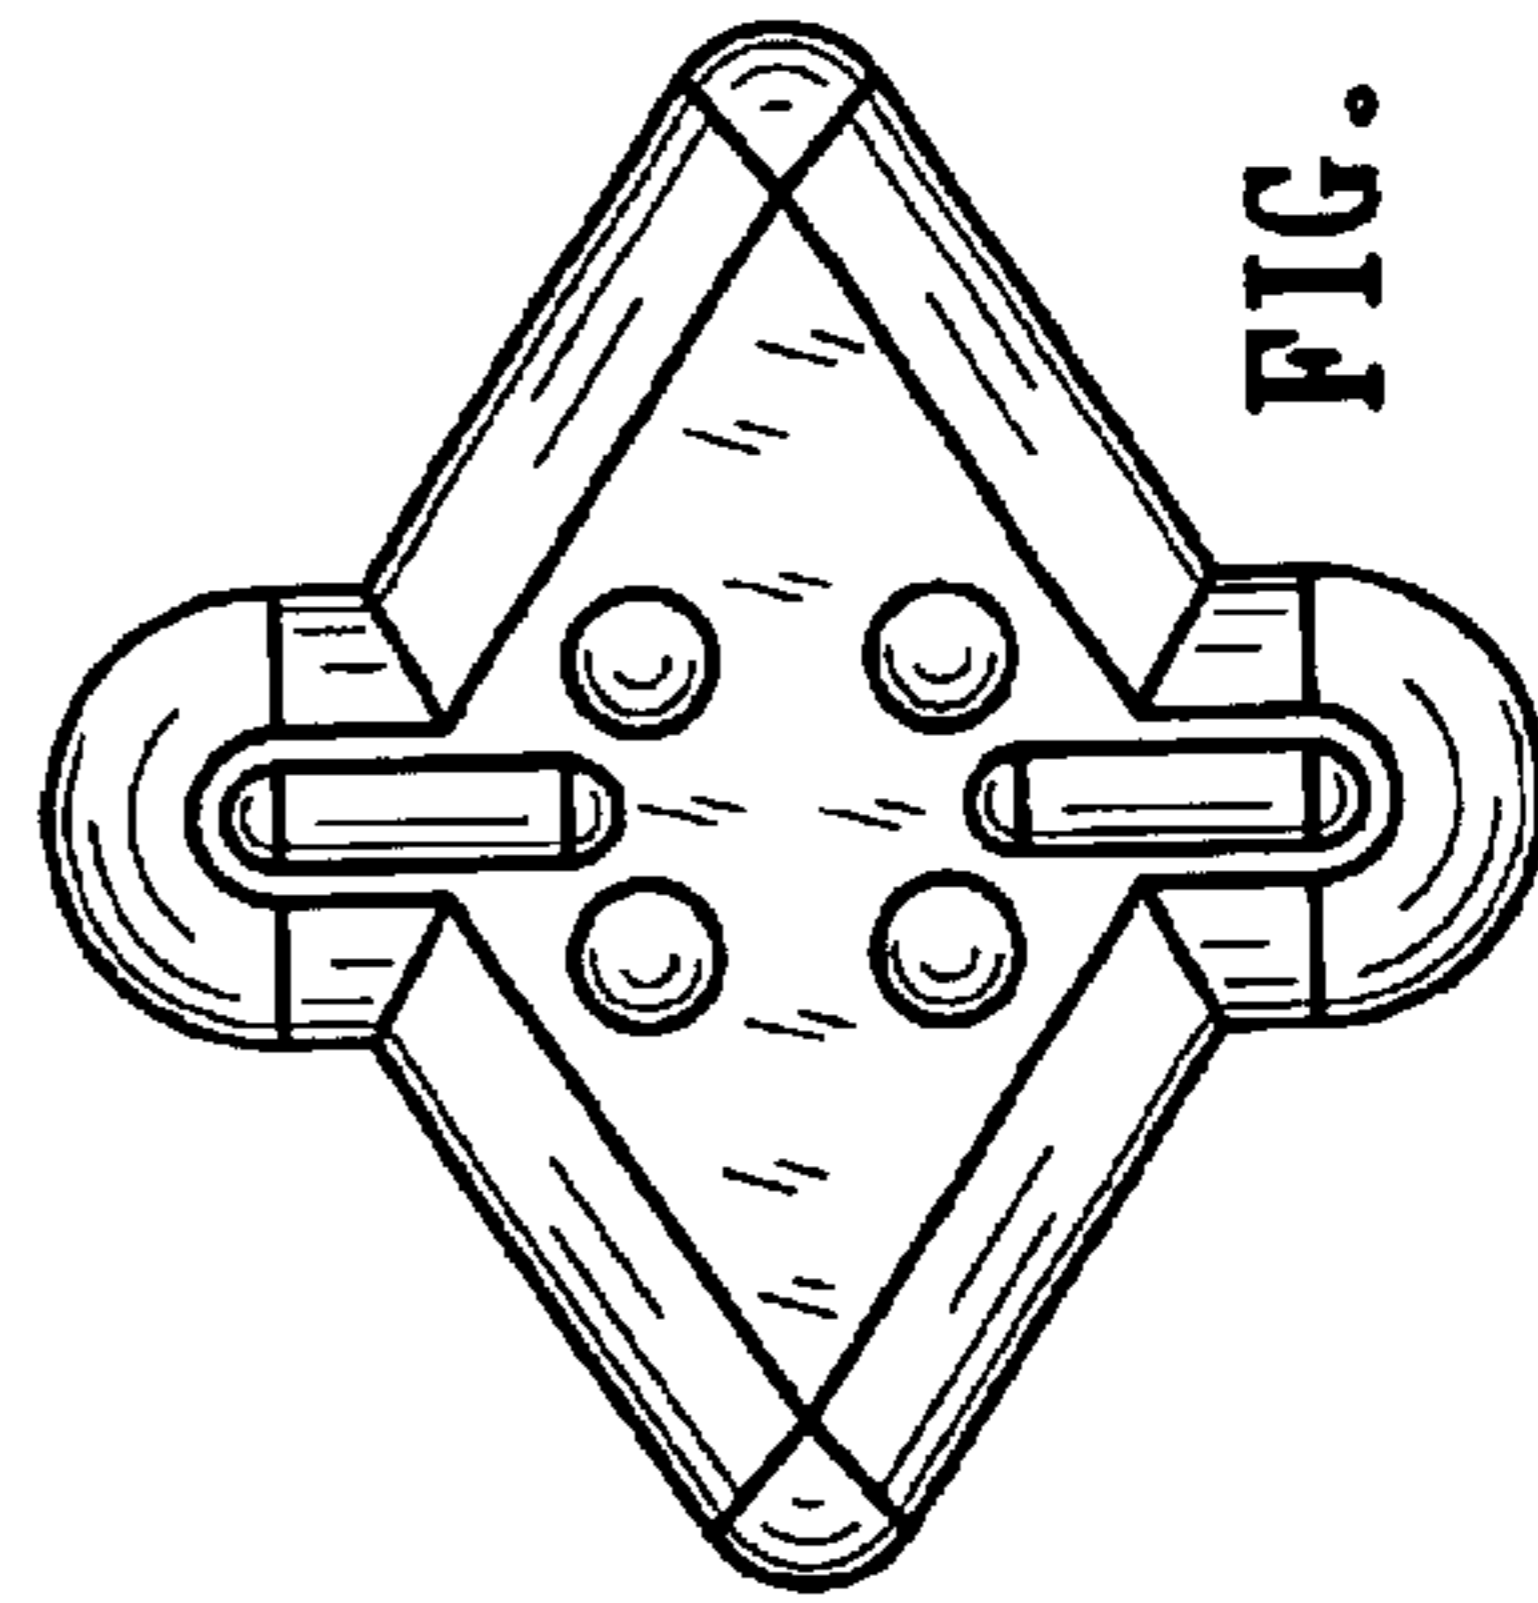

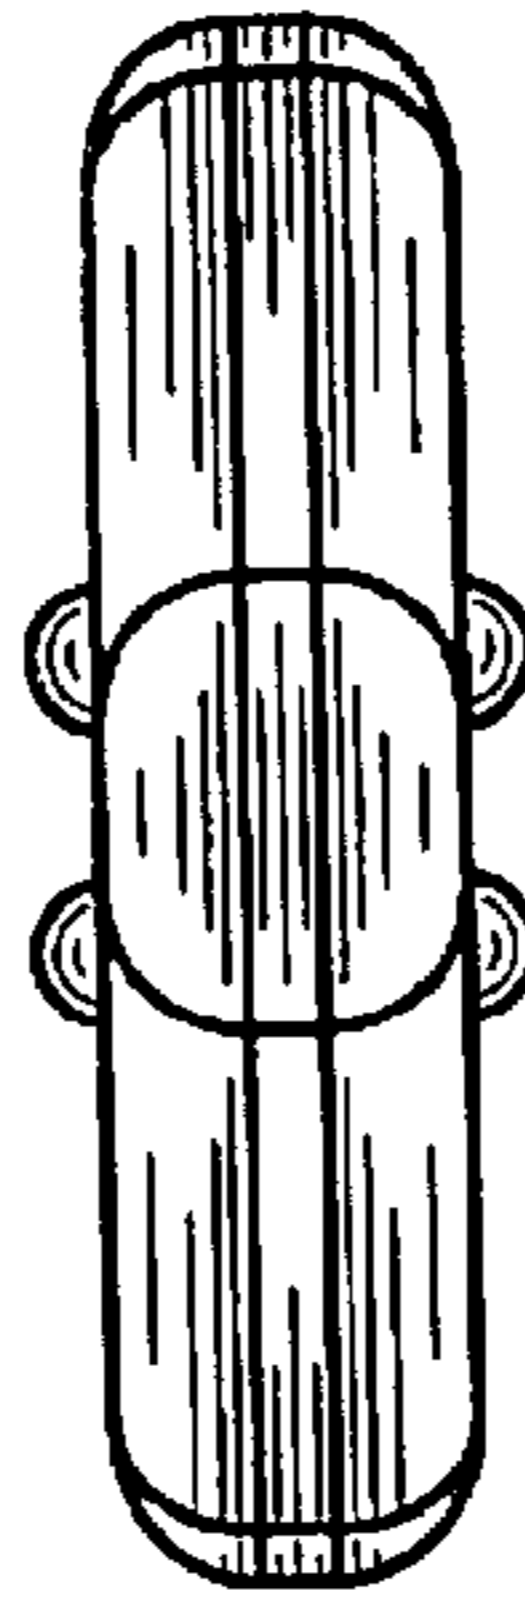

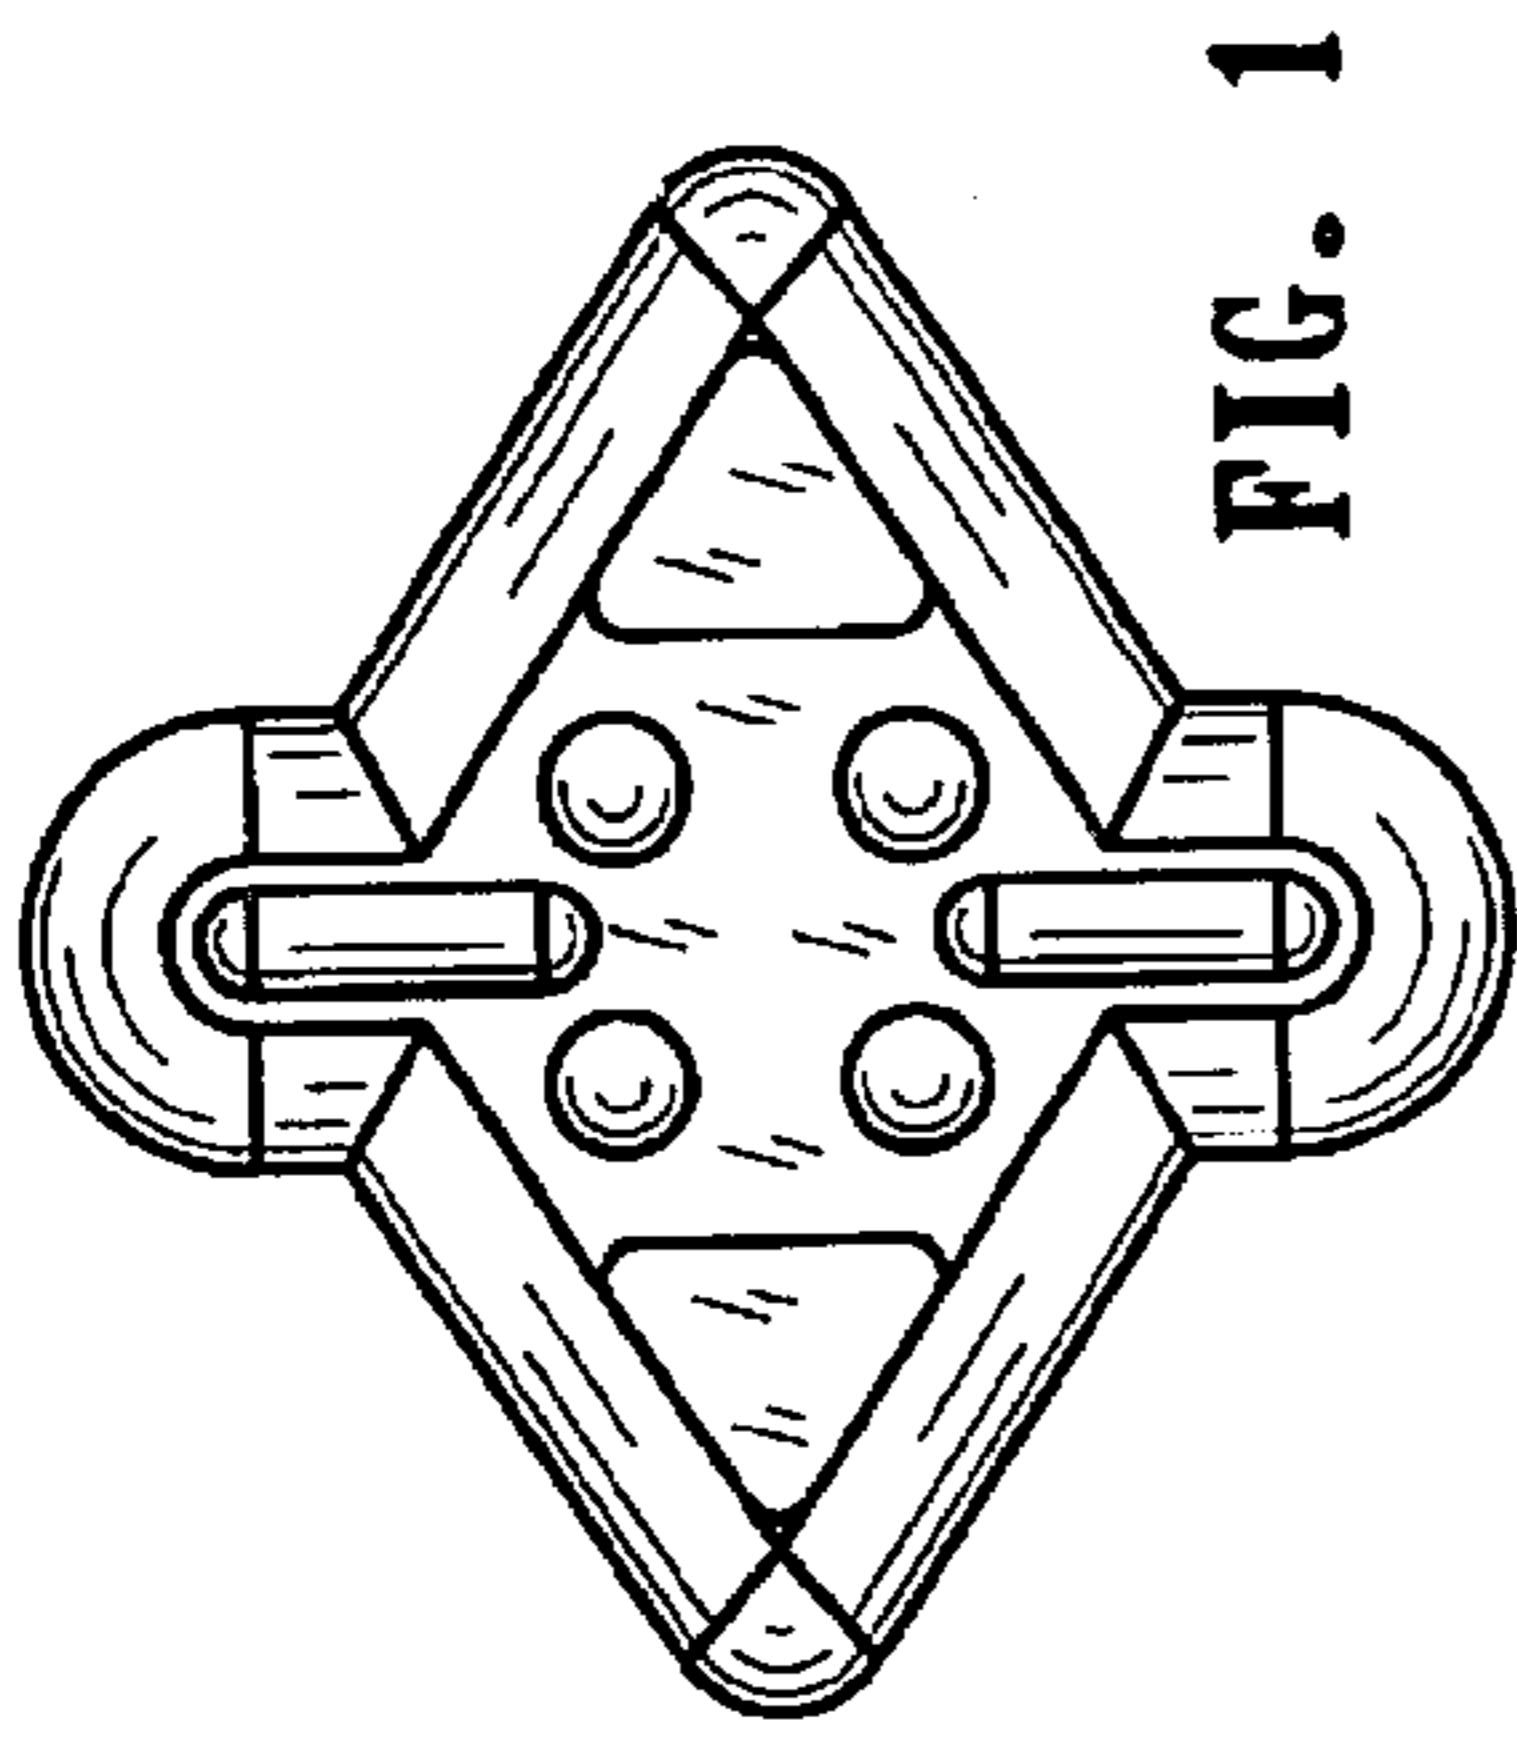

FIG. 5

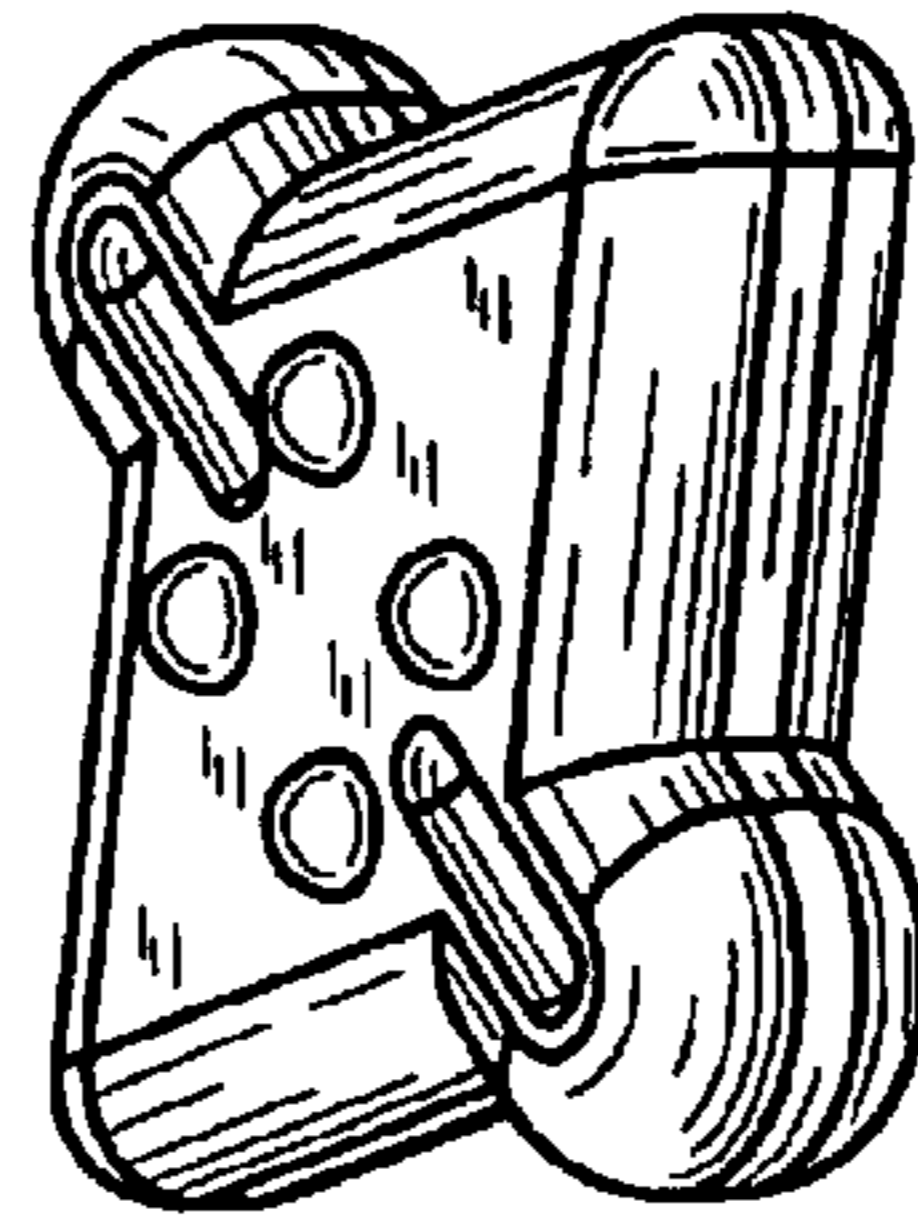

FIG. 6
