**DESCRIPTION**

FIG. 1 is a perspective view of the poke through end as it appears when installed in a wall; the wall being shown in broken lines.

FIG. 2 is a top plan view of the poke through end of FIG. 1; the bottom plan view being a mirror image thereof.

FIG. 3 is a front elevation view of the poke through end of FIG. 1; and,

FIG. 4 is a left side elevation view of the poke through end of FIG. 1; the right side being a mirror image thereof.

The broken lines of the drawings are for illustrative purposes and form no part of the claimed invention.
