(57) **CLAIM**

The ornamental design for a collapsible media storage case, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a collapsible media storage case in an assembled state, with one drawer in an extended position showing our new design;

FIG. 2 is a perspective view of a collapsible box of the collapsible media storage case, shown separately for completeness of illustration;

FIG. 3 is a front elevation view of the collapsible box;

FIG. 4 is a top plan view of the collapsible box, the bottom plan view is similar to the top plan view;

FIG. 5 is a left side elevation view of the collapsible box, the right side elevation view is similar to the left side elevation view;

FIG. 6 is a rear elevation view of the collapsible box;

FIG. 7 is a top plan view of the collapsible box in a collapsed state;

FIG. 8 is a perspective view of a collapsible drawer of the collapsible media storage case, shown separately for completeness of illustration;

FIG. 9 is a front elevation view of the collapsible drawer;

FIG. 10 is a top plan view of the collapsible drawer, the bottom plan view is similar to the top plan view;

FIG. 11 is a left side elevation view of the collapsible drawer, the right side elevation view is similar to the left side elevation view;

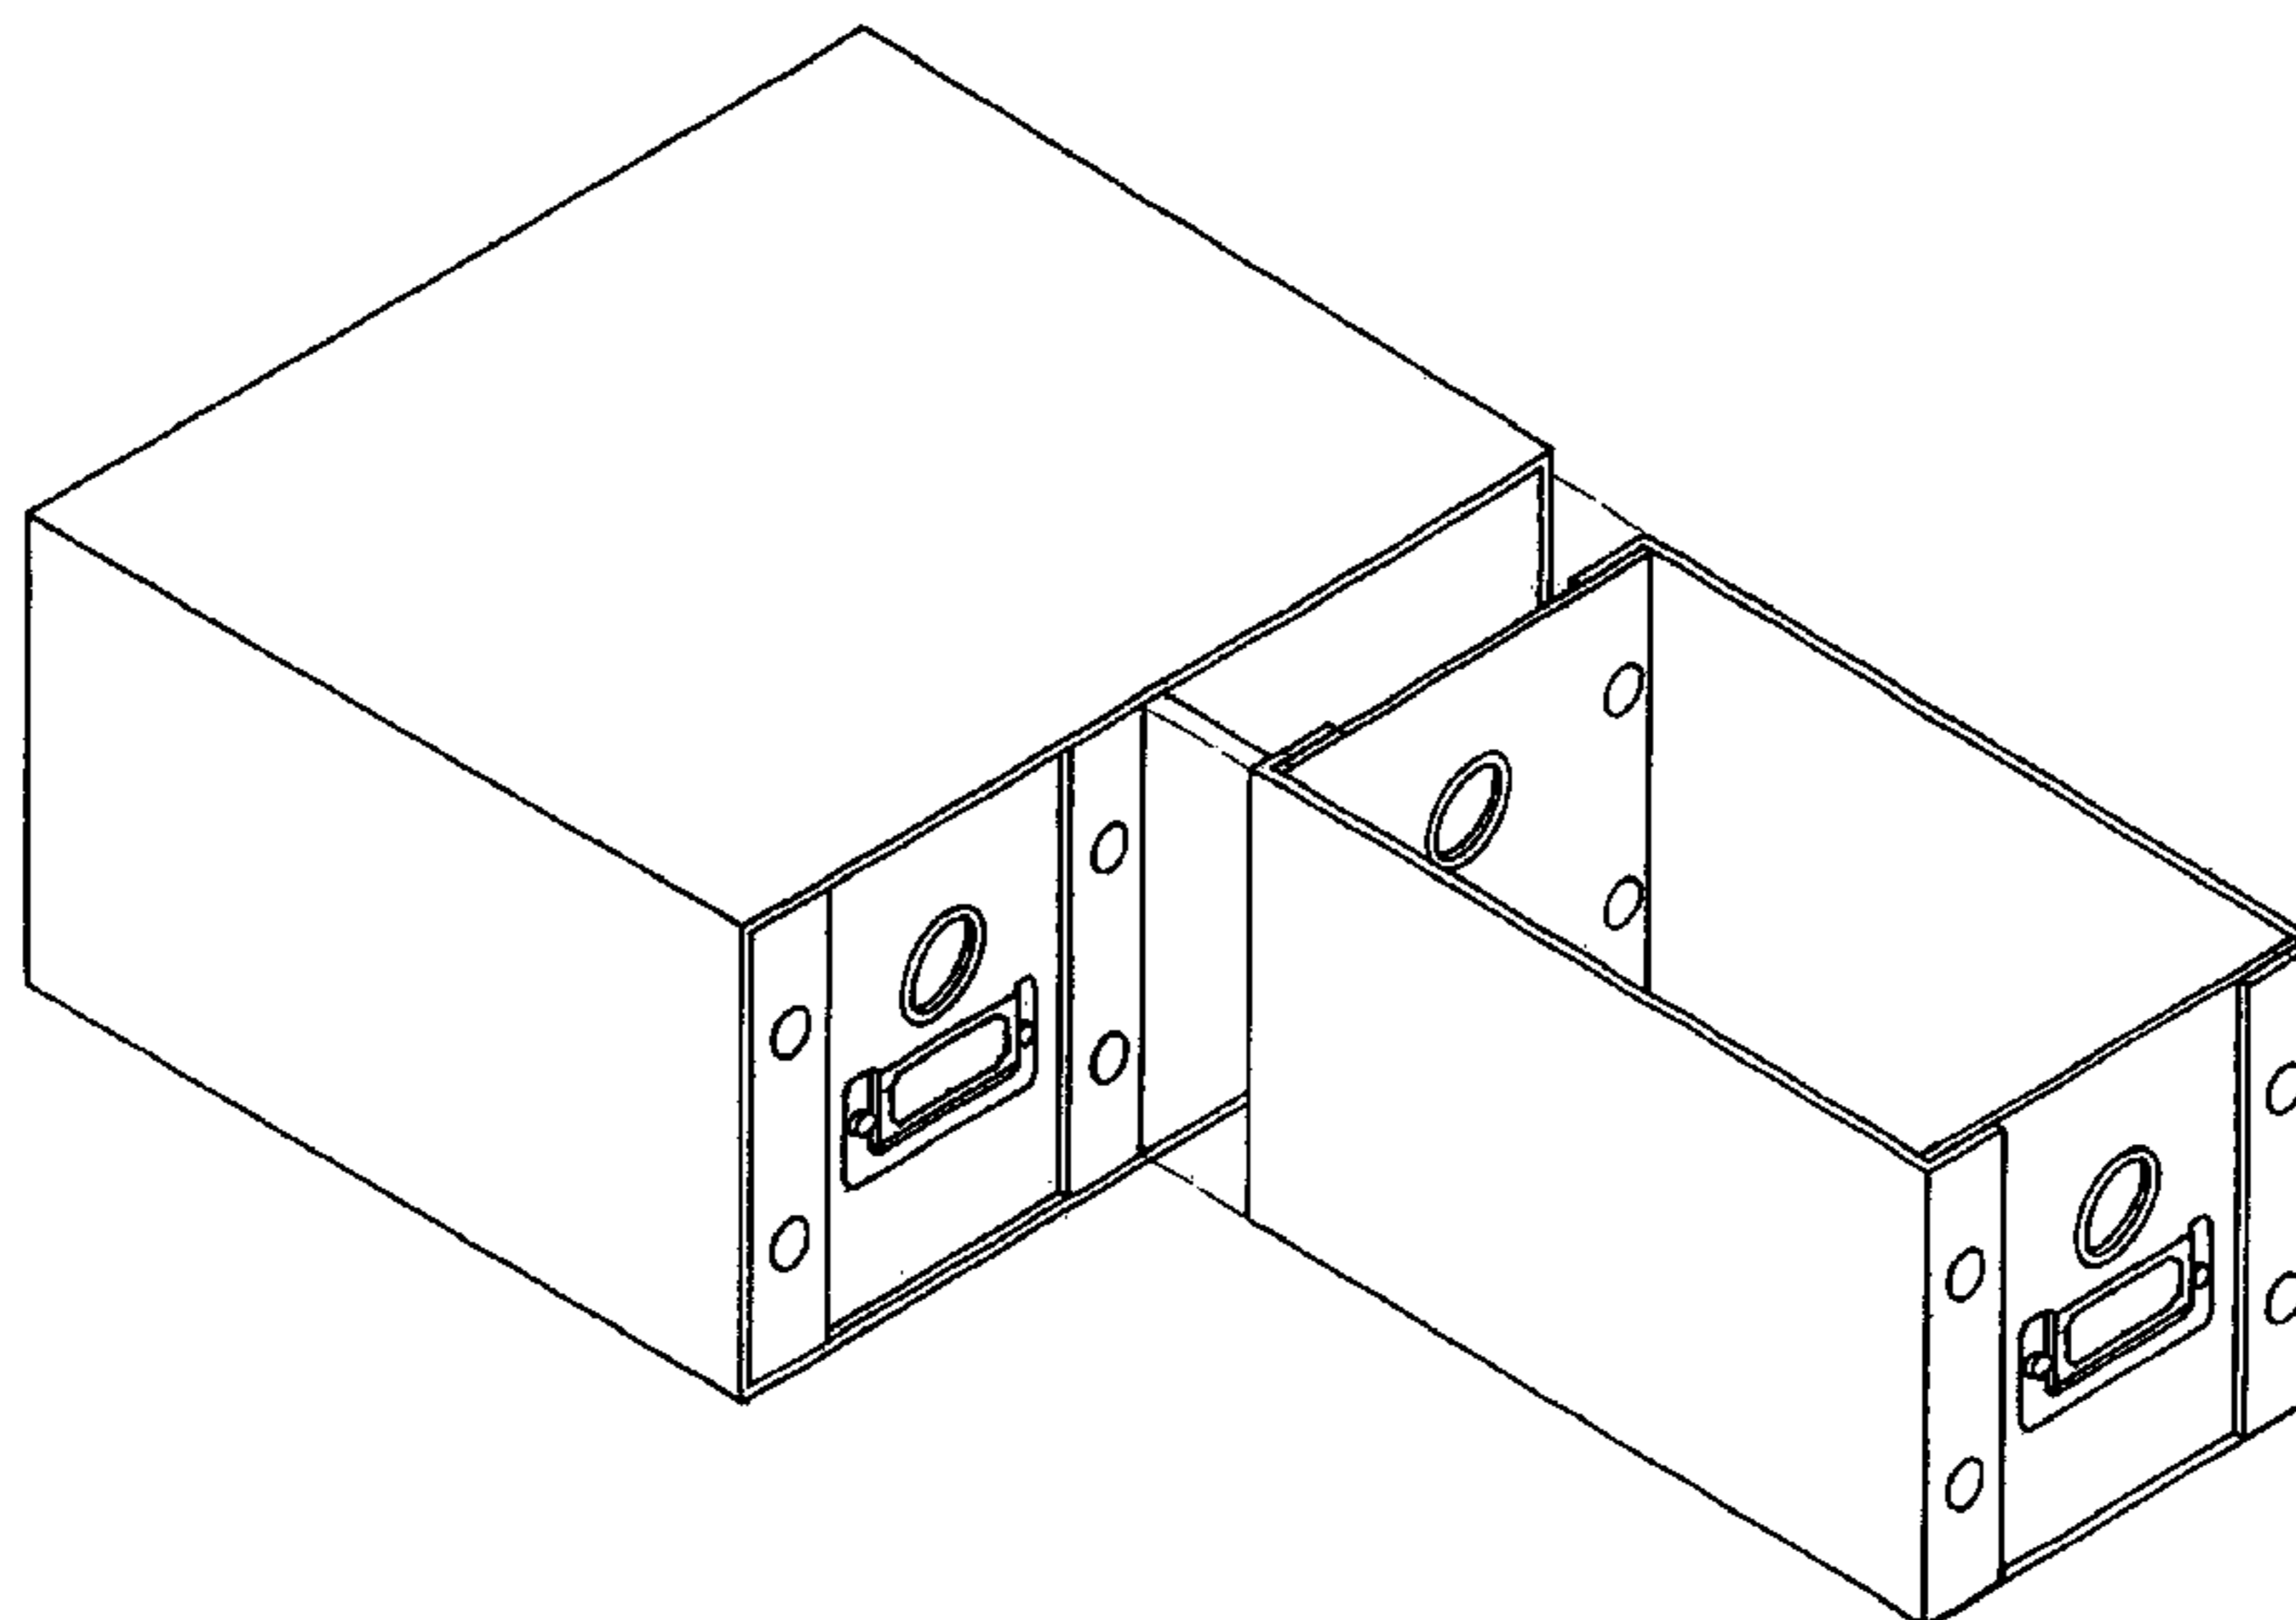

FIG. 12 is a rear elevation view of the collapsible drawer;

FIG. 13 is a bottom plan view of the collapsible drawer;

FIG. 14 is a top plan view of the collapsible drawer in a collapsed state; and,

FIG. 15 is a bottom plan view of the collapsible drawer in a collapsed state.
