(57) **CLAIM**

The ornamental design for a lavatory, as shown and described.

DESCRIPTION

In a preferred embodiment, the nature of this product is as a plumbing fixture in the form of a lavatory which is primarily useful for washing the body parts of humans.

FIG. 1 is a left, top, front perspective view of a lavatory embodying my new design shown truncated with a mounting deck environment in dotted lines;

FIG. 2 is a front elevational view thereof, the rear elevational view thereof being a mirror image of the front view shown albeit with the mounting deck in dotted lines;

FIG. 3 is a top plan view thereof;

FIG. 4 is a left, top, front perspective view of another embodiment of a lavatory according to my new design, the front and rear elevational views thereof being similar to FIG. 2 and the top plan view being similar to FIG. 3 albeit with the back wall being as shown in this figure;

FIG. 5 is a left, top, front perspective view of another embodiment of a lavatory according to my new design;

FIG. 6 is a front elevational view thereof;

FIG. 7 is a top plan view thereof; and,

FIG. 8 is a left side elevational view thereof, the right side elevational view thereof being a mirror image of the left side shown.

The broken line representation of the mounting deck and holes in FIGS. 1 and 3 are for the purpose of illustration only, and form no part of the claimed design.

The broken line representations of a platform in FIGS. 1, 2, 4, 5, 6 and 8 are intended to represent variable height section members of the platform which may vary in height from one times to ten times the depth of the lavatory basin.
