(57) **CLAIM**

The ornamental design for a handle, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of the handle showing my new design looking downwardly at a front and left side thereof, and showing a tool in broken lines attached to the bottom of the handle;  
FIG. 2 is a left elevation view of the handle and the attached tool in broken lines below the handle;  
FIG. 3 is a front elevation view of the handle and the attached tool in broken lines below the handle;  
FIG. 4 is a top plan view of the handle and the attached tool in broken lines around the four sides of the handle; and,  
FIG. 5 is a bottom plan view of the handle.  
The broken lines showing the tool and the broken lines forming ovals on the front, back and side(s) of the handle circumference indicative of a material interface are for illustrative purposes only and forms no part of the claimed design. A right side and a back side elevation views of the saw handle are a mirror image of the left side elevation view and front side elevation view, respectively.
