FIG. 1 is a perspective view of the container with ribbed sides of the present invention, the broken line shown through the transparent sidewall representing the boundary of the claimed portion of the bottom as shown in FIG. 6.

FIG. 2 is a front view of the container of the present invention;

FIG. 3 is a side view of the container of the present invention;

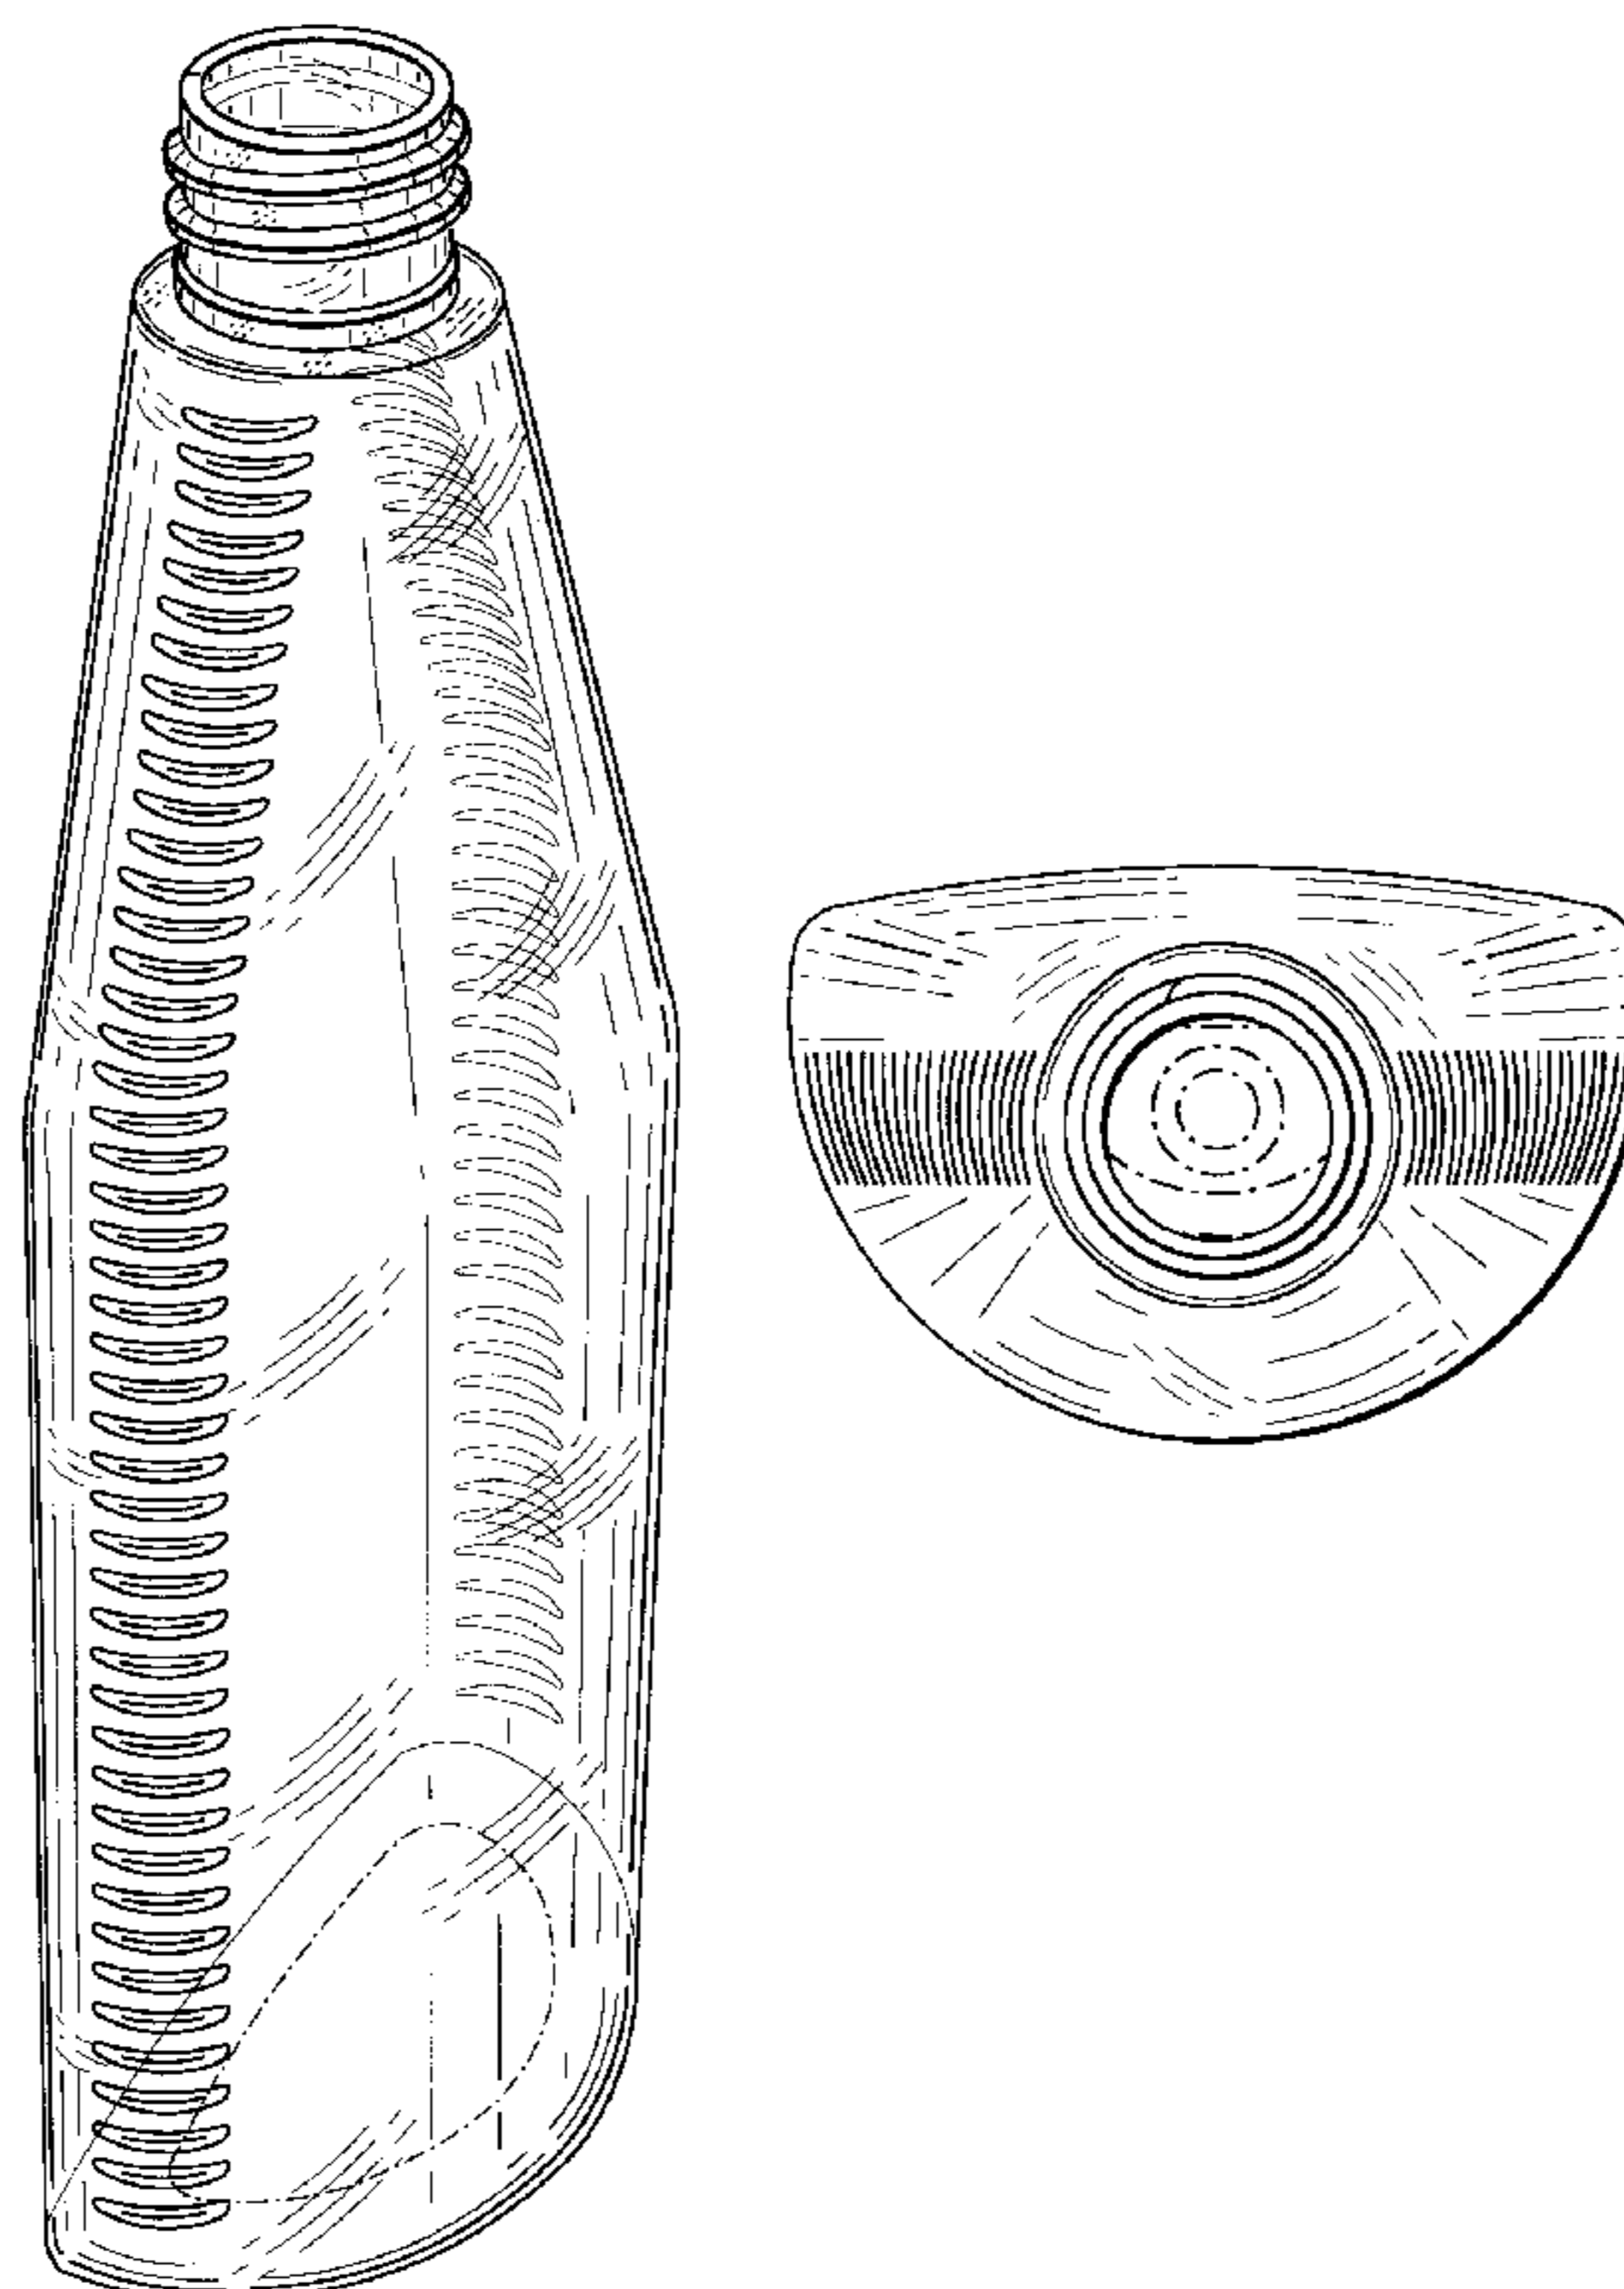

FIG. 4 is a back view of the container of the present invention;

FIG. 5 is a top view of the container of the present invention; and,

FIG. 6 is a bottom view of the container of the present invention.

The broken line showing is for illustrative purposes only and forms no part of the claimed design.
