(57) **CLAIM**

The ornamental design of a case for an elongated article such as a level, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view of a case, which includes a body portion and a cap portion, for an elongated article such as a level, wherein the intermediate dashed lines indicate indeterminate length and the dashed lines on the cap portion form no part of the claimed design;

FIG. 2 is a front elevation view thereof, the rear elevation view being identical;

FIG. 3 is a left side elevation view thereof, the right side elevation view being identical;

FIG. 4 is a top plan view thereof; and,

FIG. 5 is a bottom plan view thereof.
