#### (57)**CLAIM**

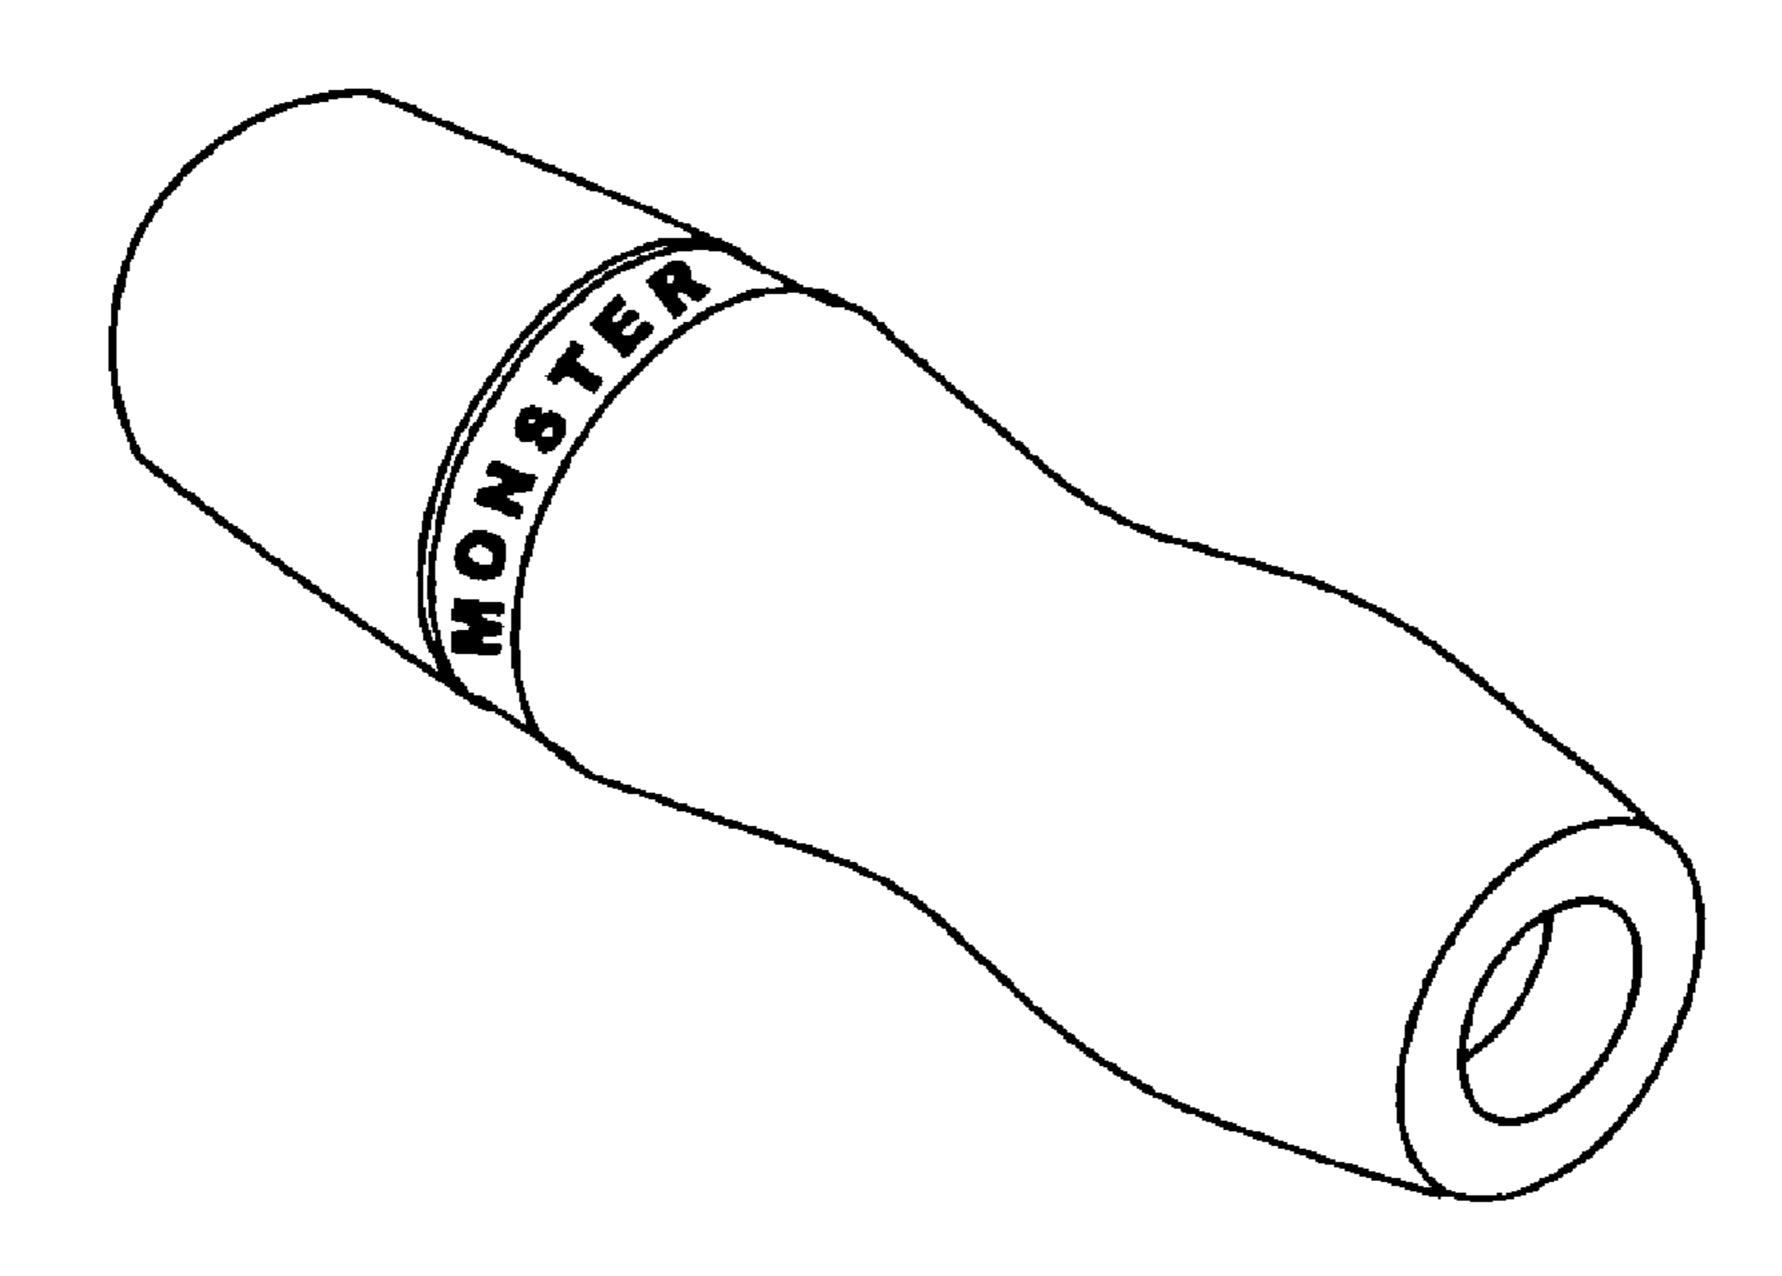

The ornamental design for a connector shell design, as herein shown and described.

#### DESCRIPTION

A portion of the disclosure of this design patent document contains material to which a claim of copyright protection is made. The copyright owner has no objection to the facsimile reproduction of the patent document or the patent disclosure at it appears in the United States Patent and Trademark Office file or records, but reserves all other copyrights.

- FIG. 1 is a perspective view of a connector shell design, in accordance with the present invention.
- FIG. 2 is a top view of a connector shell design, in accordance with the present invention.
- FIG. 3 is a rear view, i.e., distal end view, of a connector shell design, in accordance with the present invention.
- FIG. 4 is a side view of a connector shell design, in accordance with the present invention.
- FIG. 5 is a bottom view of a connector shell design, in accordance with the present invention.
- FIG. 6 is a front view, i.e., opposing distal end view, of a connector shell design, in accordance with the present invention; and,
- FIG. 7 is an opposing side view of a connector shell design, in accordance with the present invention.
