(57) **CLAIM**

The ornamental design for a forearm exercise device, as shown and described.

**DESCRIPTION**

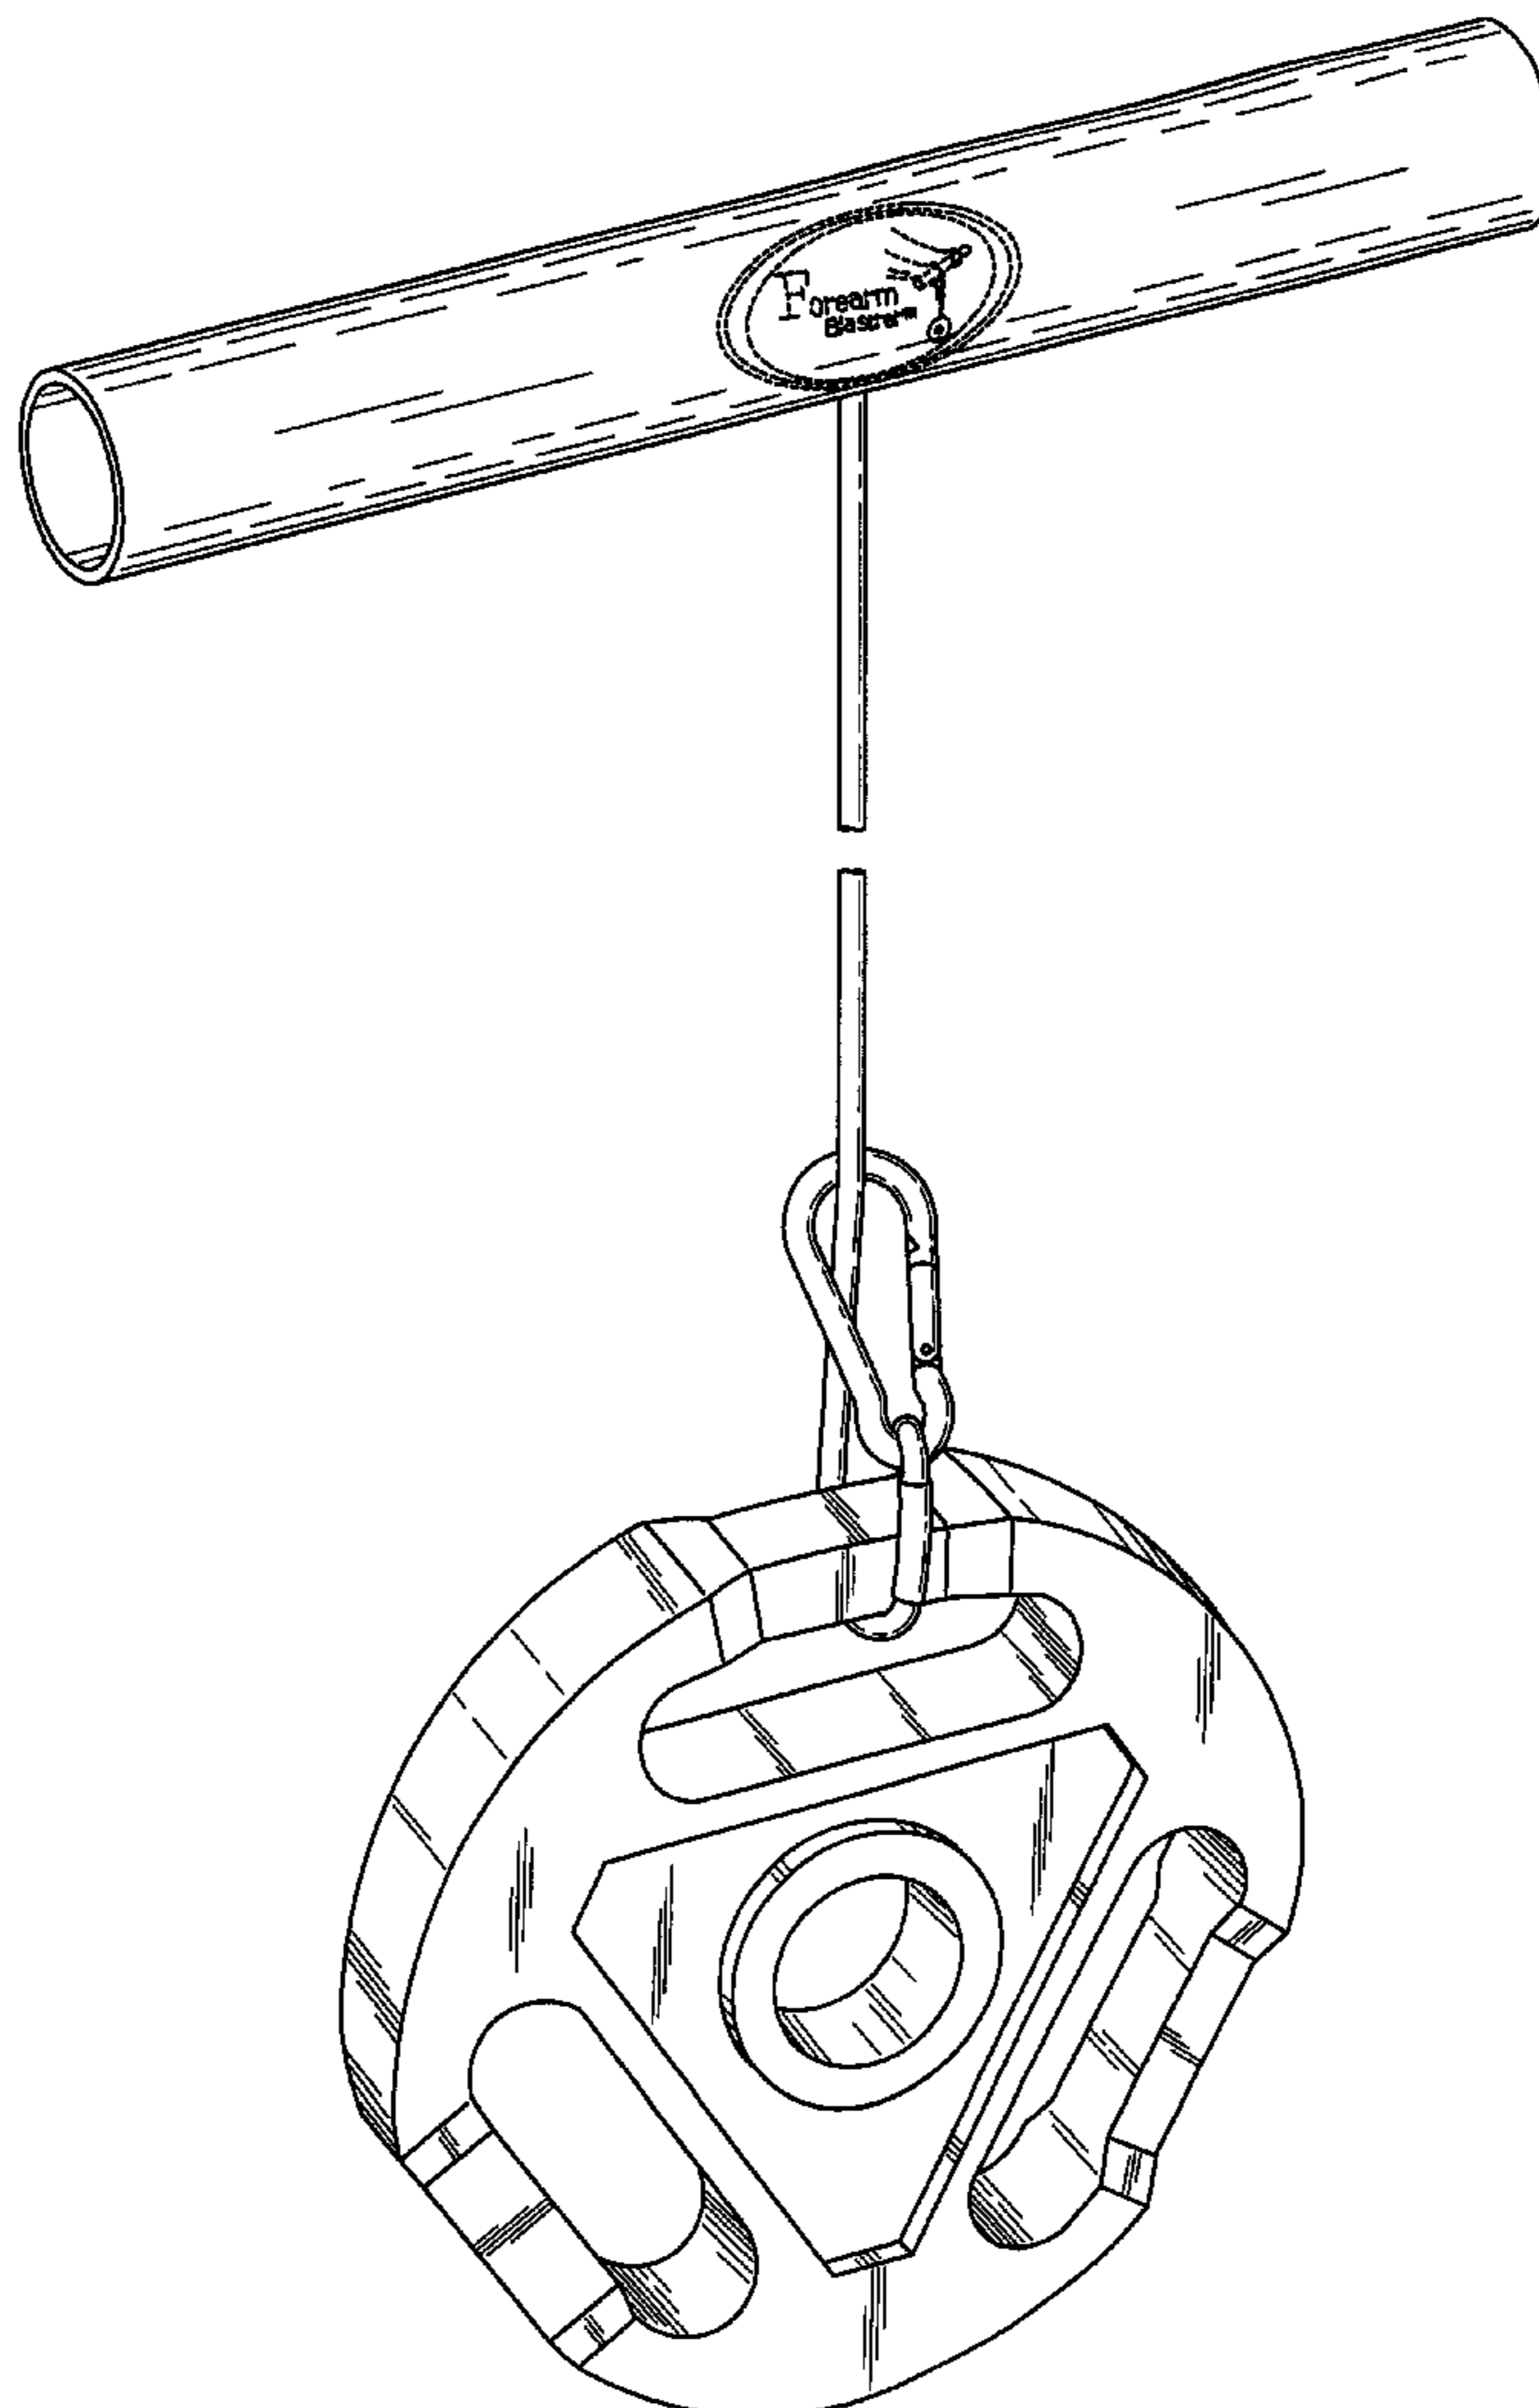

FIG. 1 is a perspective view of a forearm exercise device according to the present invention.

FIG. 2 is a left side elevation view of the device of FIG. 1.

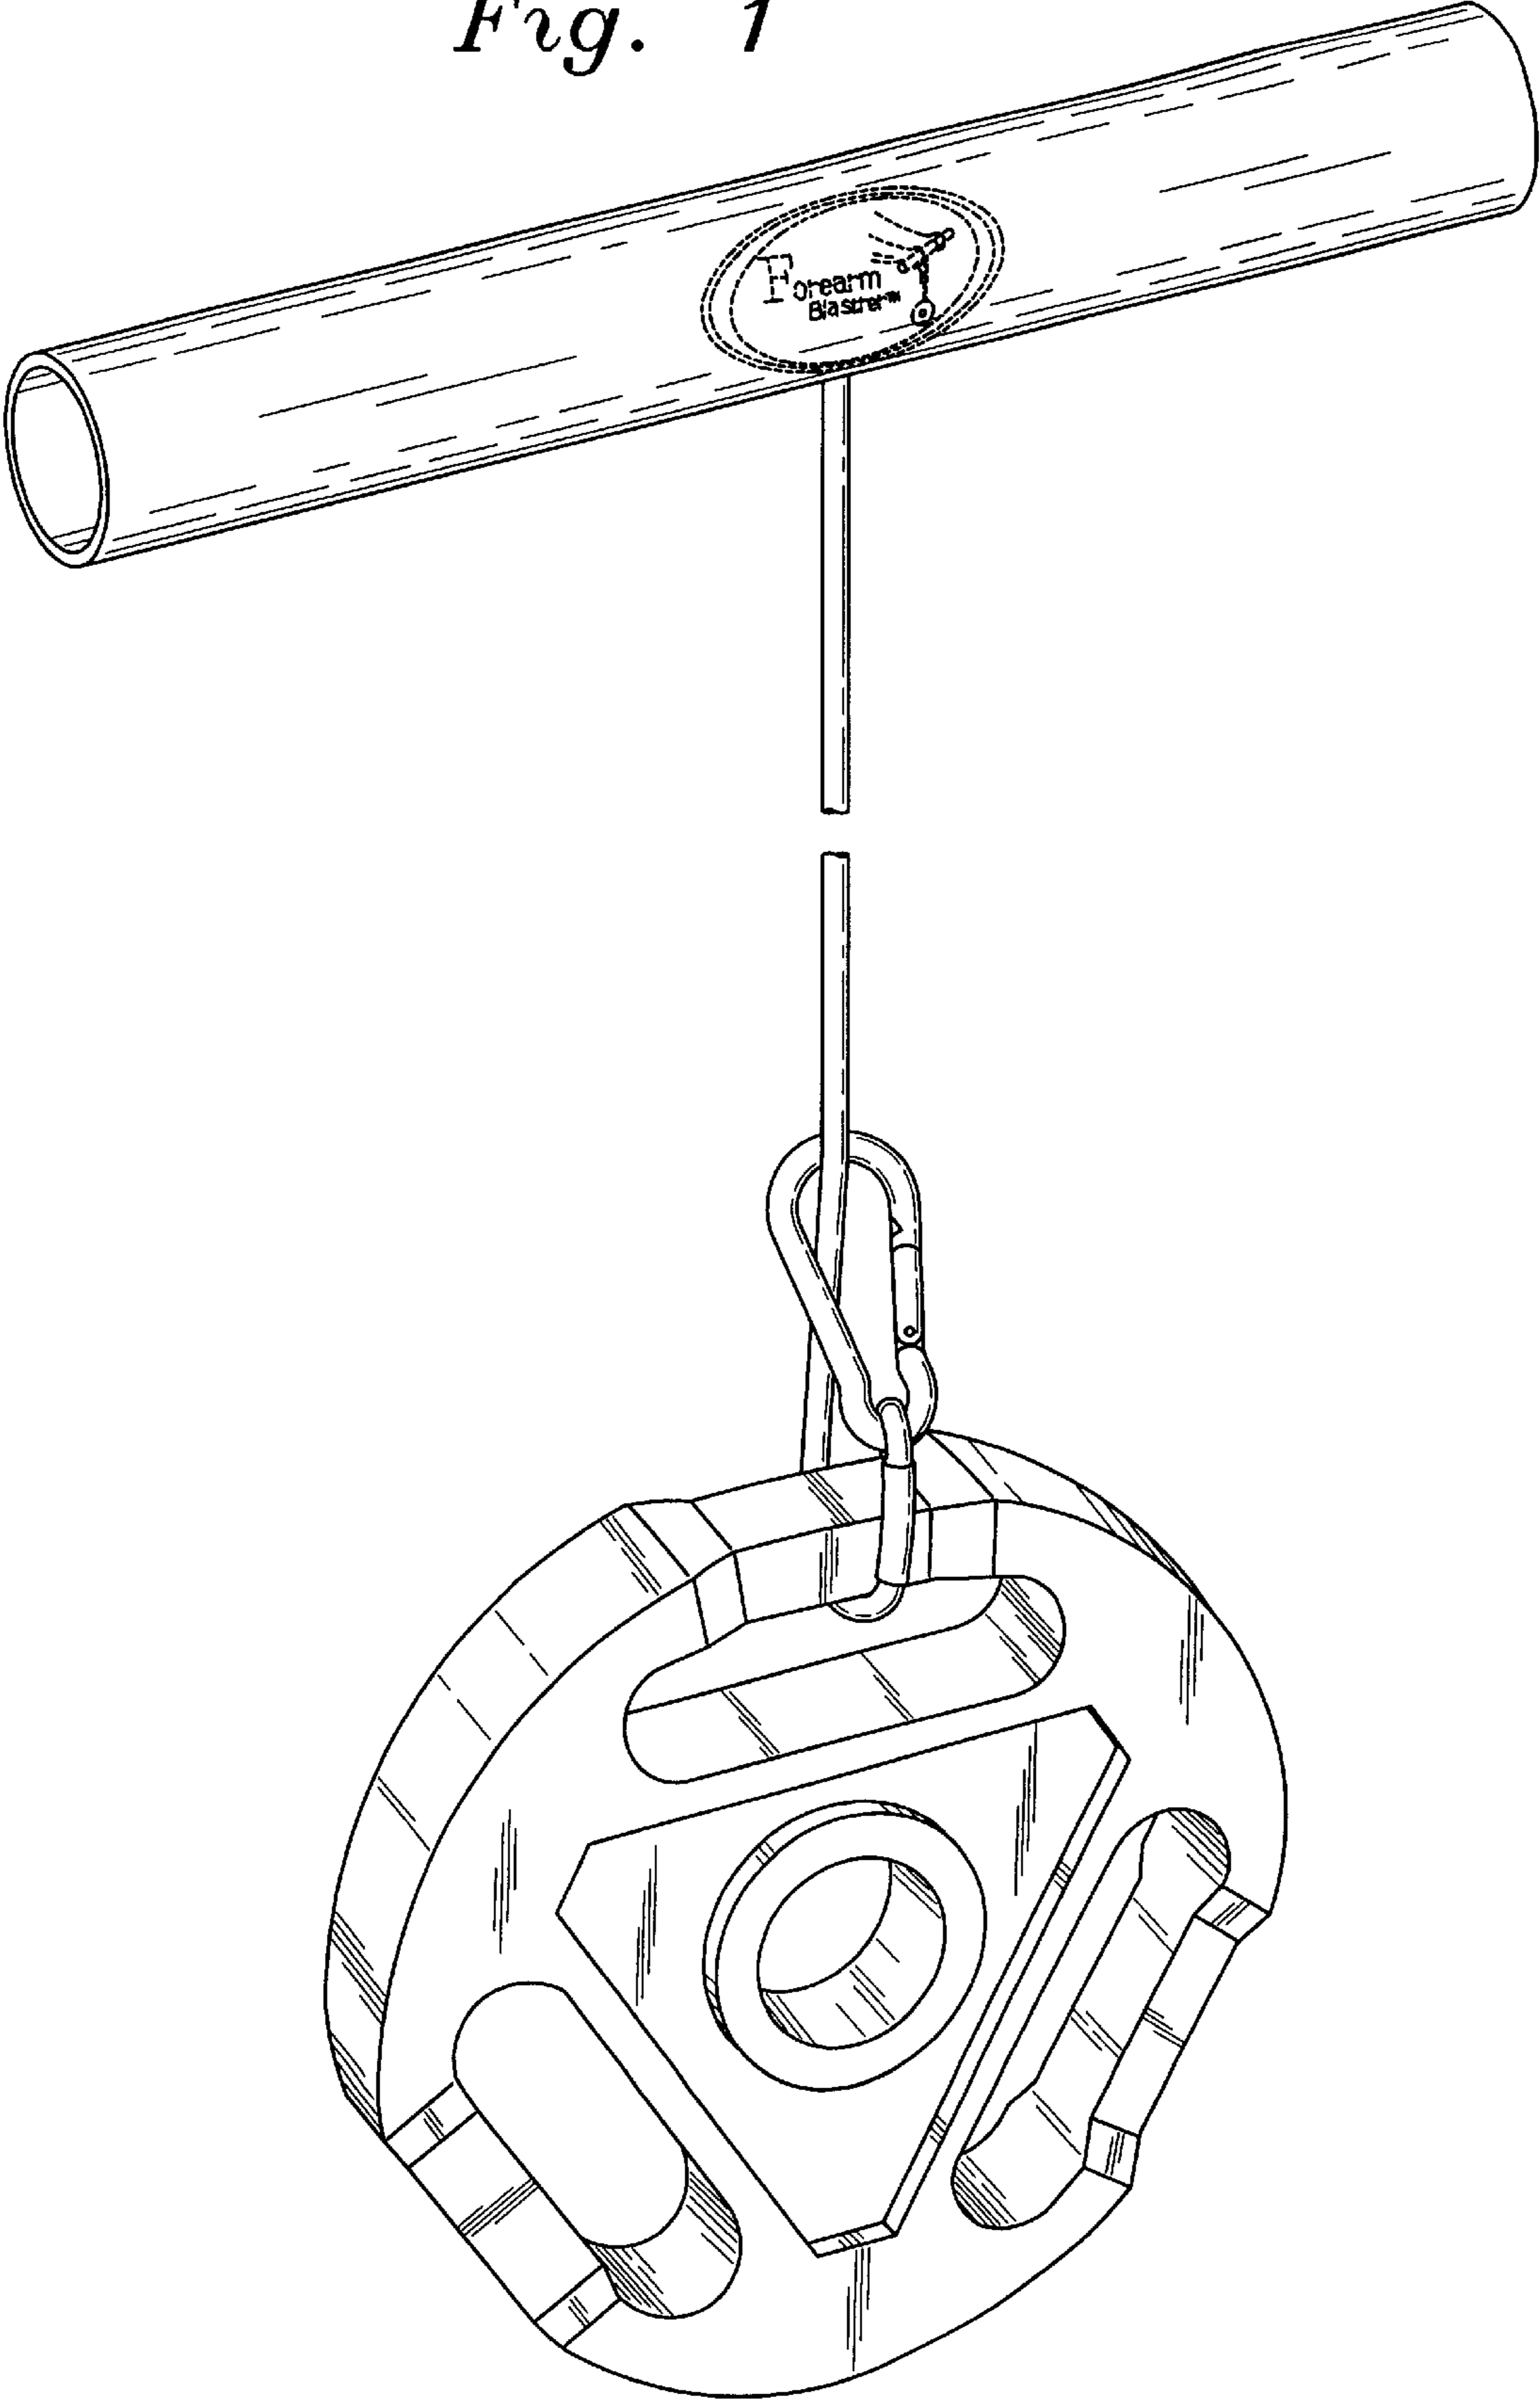

FIG. 3 is a front elevation view of the device of FIG. 1 showing a weight support cord thereof partially wound around a tubular handle thereof; and,

FIG. 4 is an upper plan view of the device of FIG. 1.
