(57) **CLAIM**

The ornamental design for an ovulation scope, as shown.

**DESCRIPTION**

Ovulation scopes are used to assess the state of fertility of women by examining dried saliva for the presence or absence of crystallization in dried female saliva.

FIG. 1 is a front perspective view of an ovulation scope showing my new design; and,

FIG. 2 is a rear perspective view thereof.

**1 Claim, 1 Drawing Sheet**

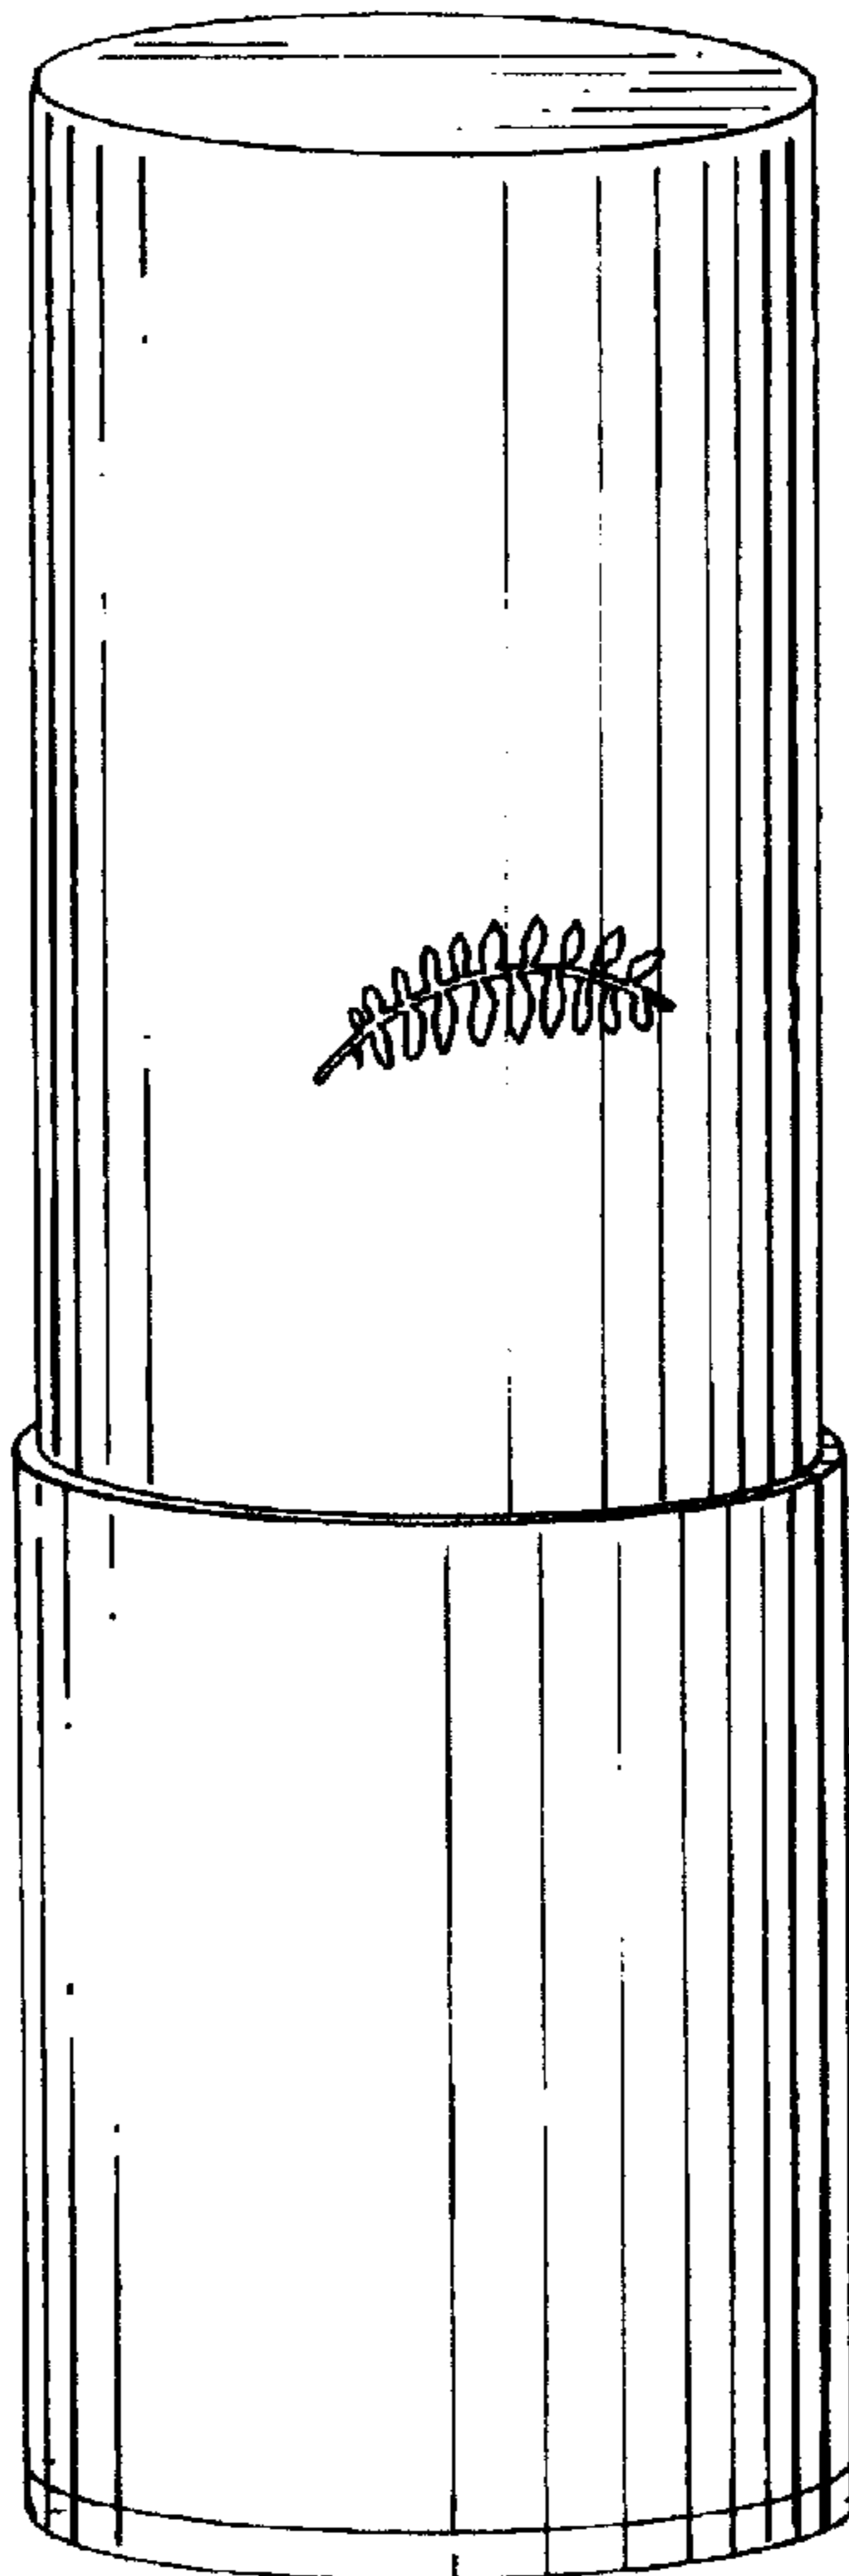

FIG. 1

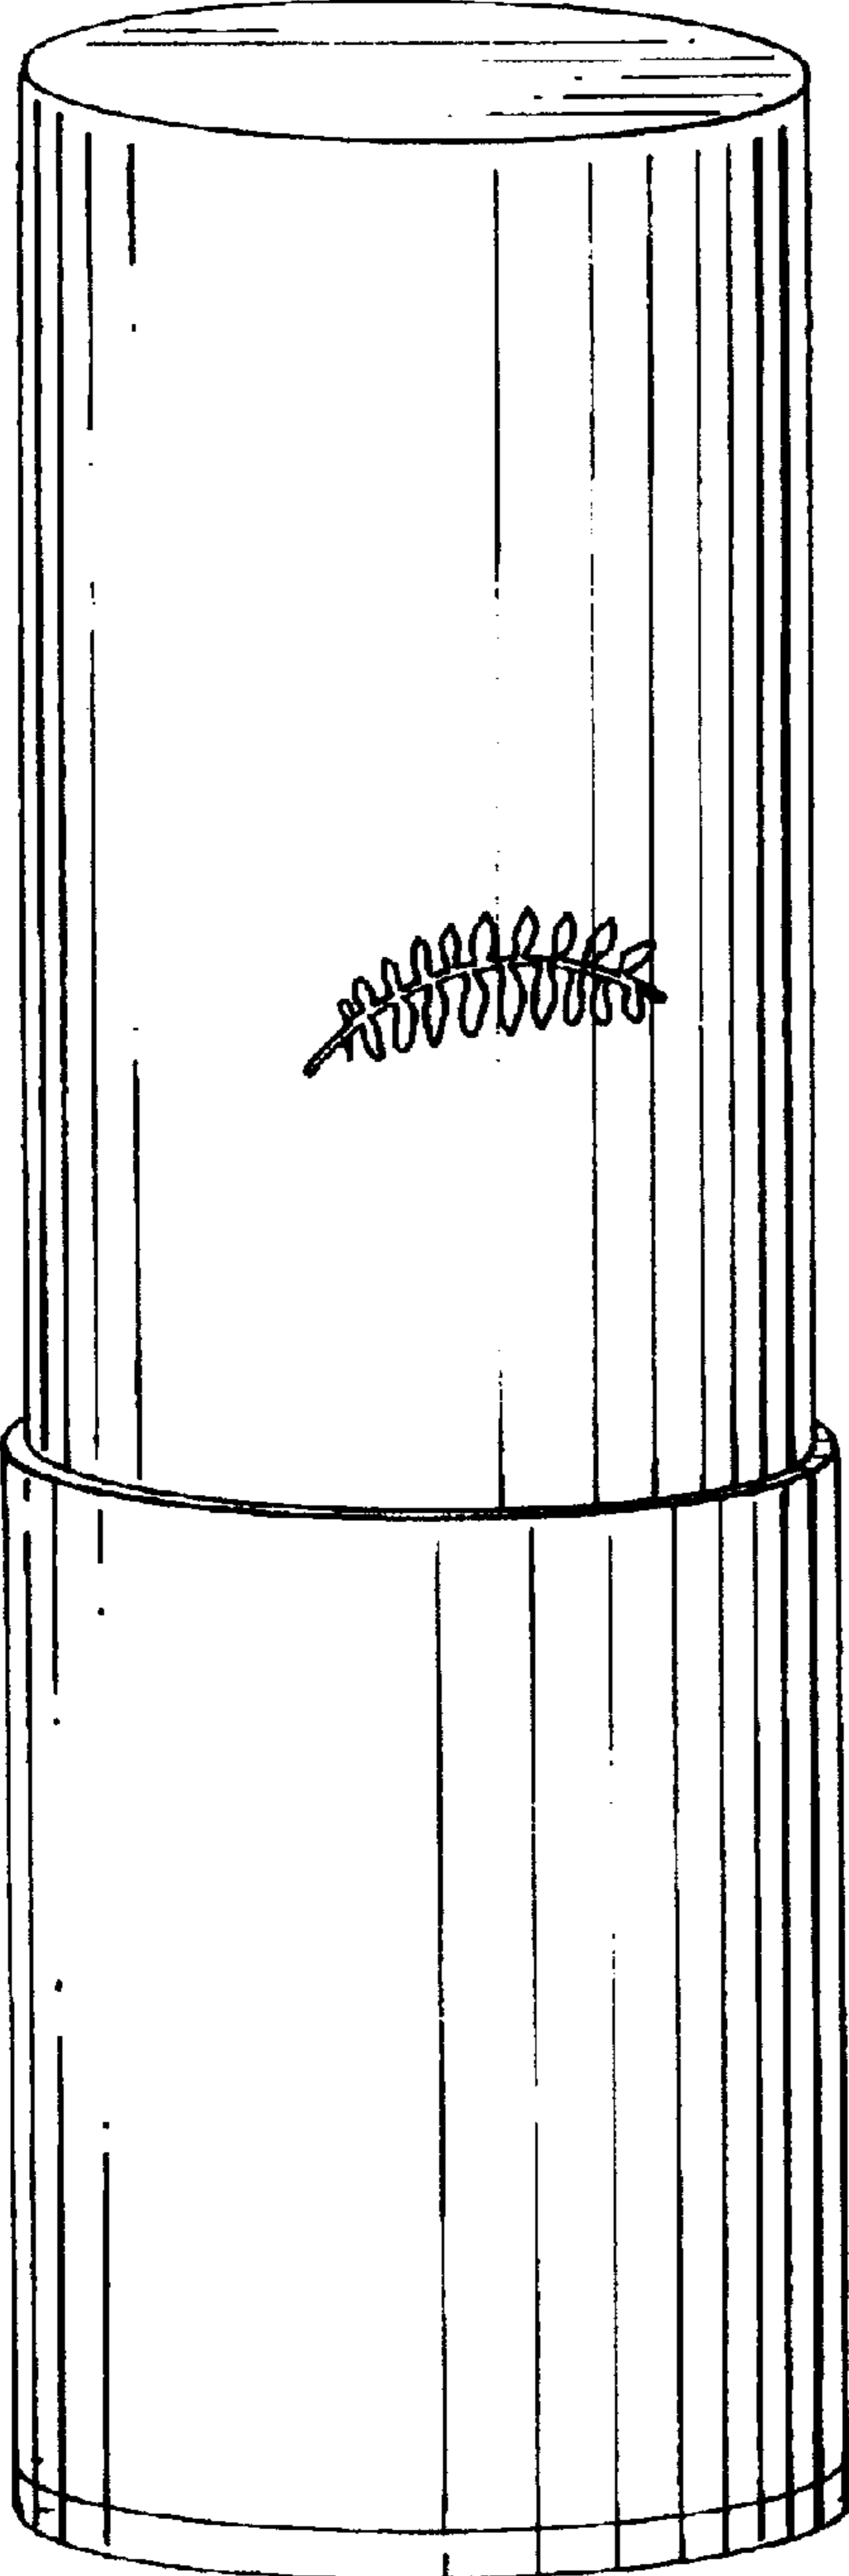

FIG. 2
