(57) **CLAIM**

The ornamental design for an animal restraint, as shown and described.

**DESCRIPTION**

The article shown in the accompanying drawings is an animal restraint used to restrain animals, such as cats, dogs, birds, and other common household pets. The animal restraint allows an animal to be more easily handled while administering medications or performing other activities, wherein restraining movement of the limbs of the animal is desirable.

FIG. 1 is an isometric view of the animal restraint of my design.

FIG. 2 is a left side elevation view of the animal restraint of my design.

FIG. 3 is a top plan view of the animal restraint of my design.

FIG. 4 is a bottom plan view of the animal restraint of my design.

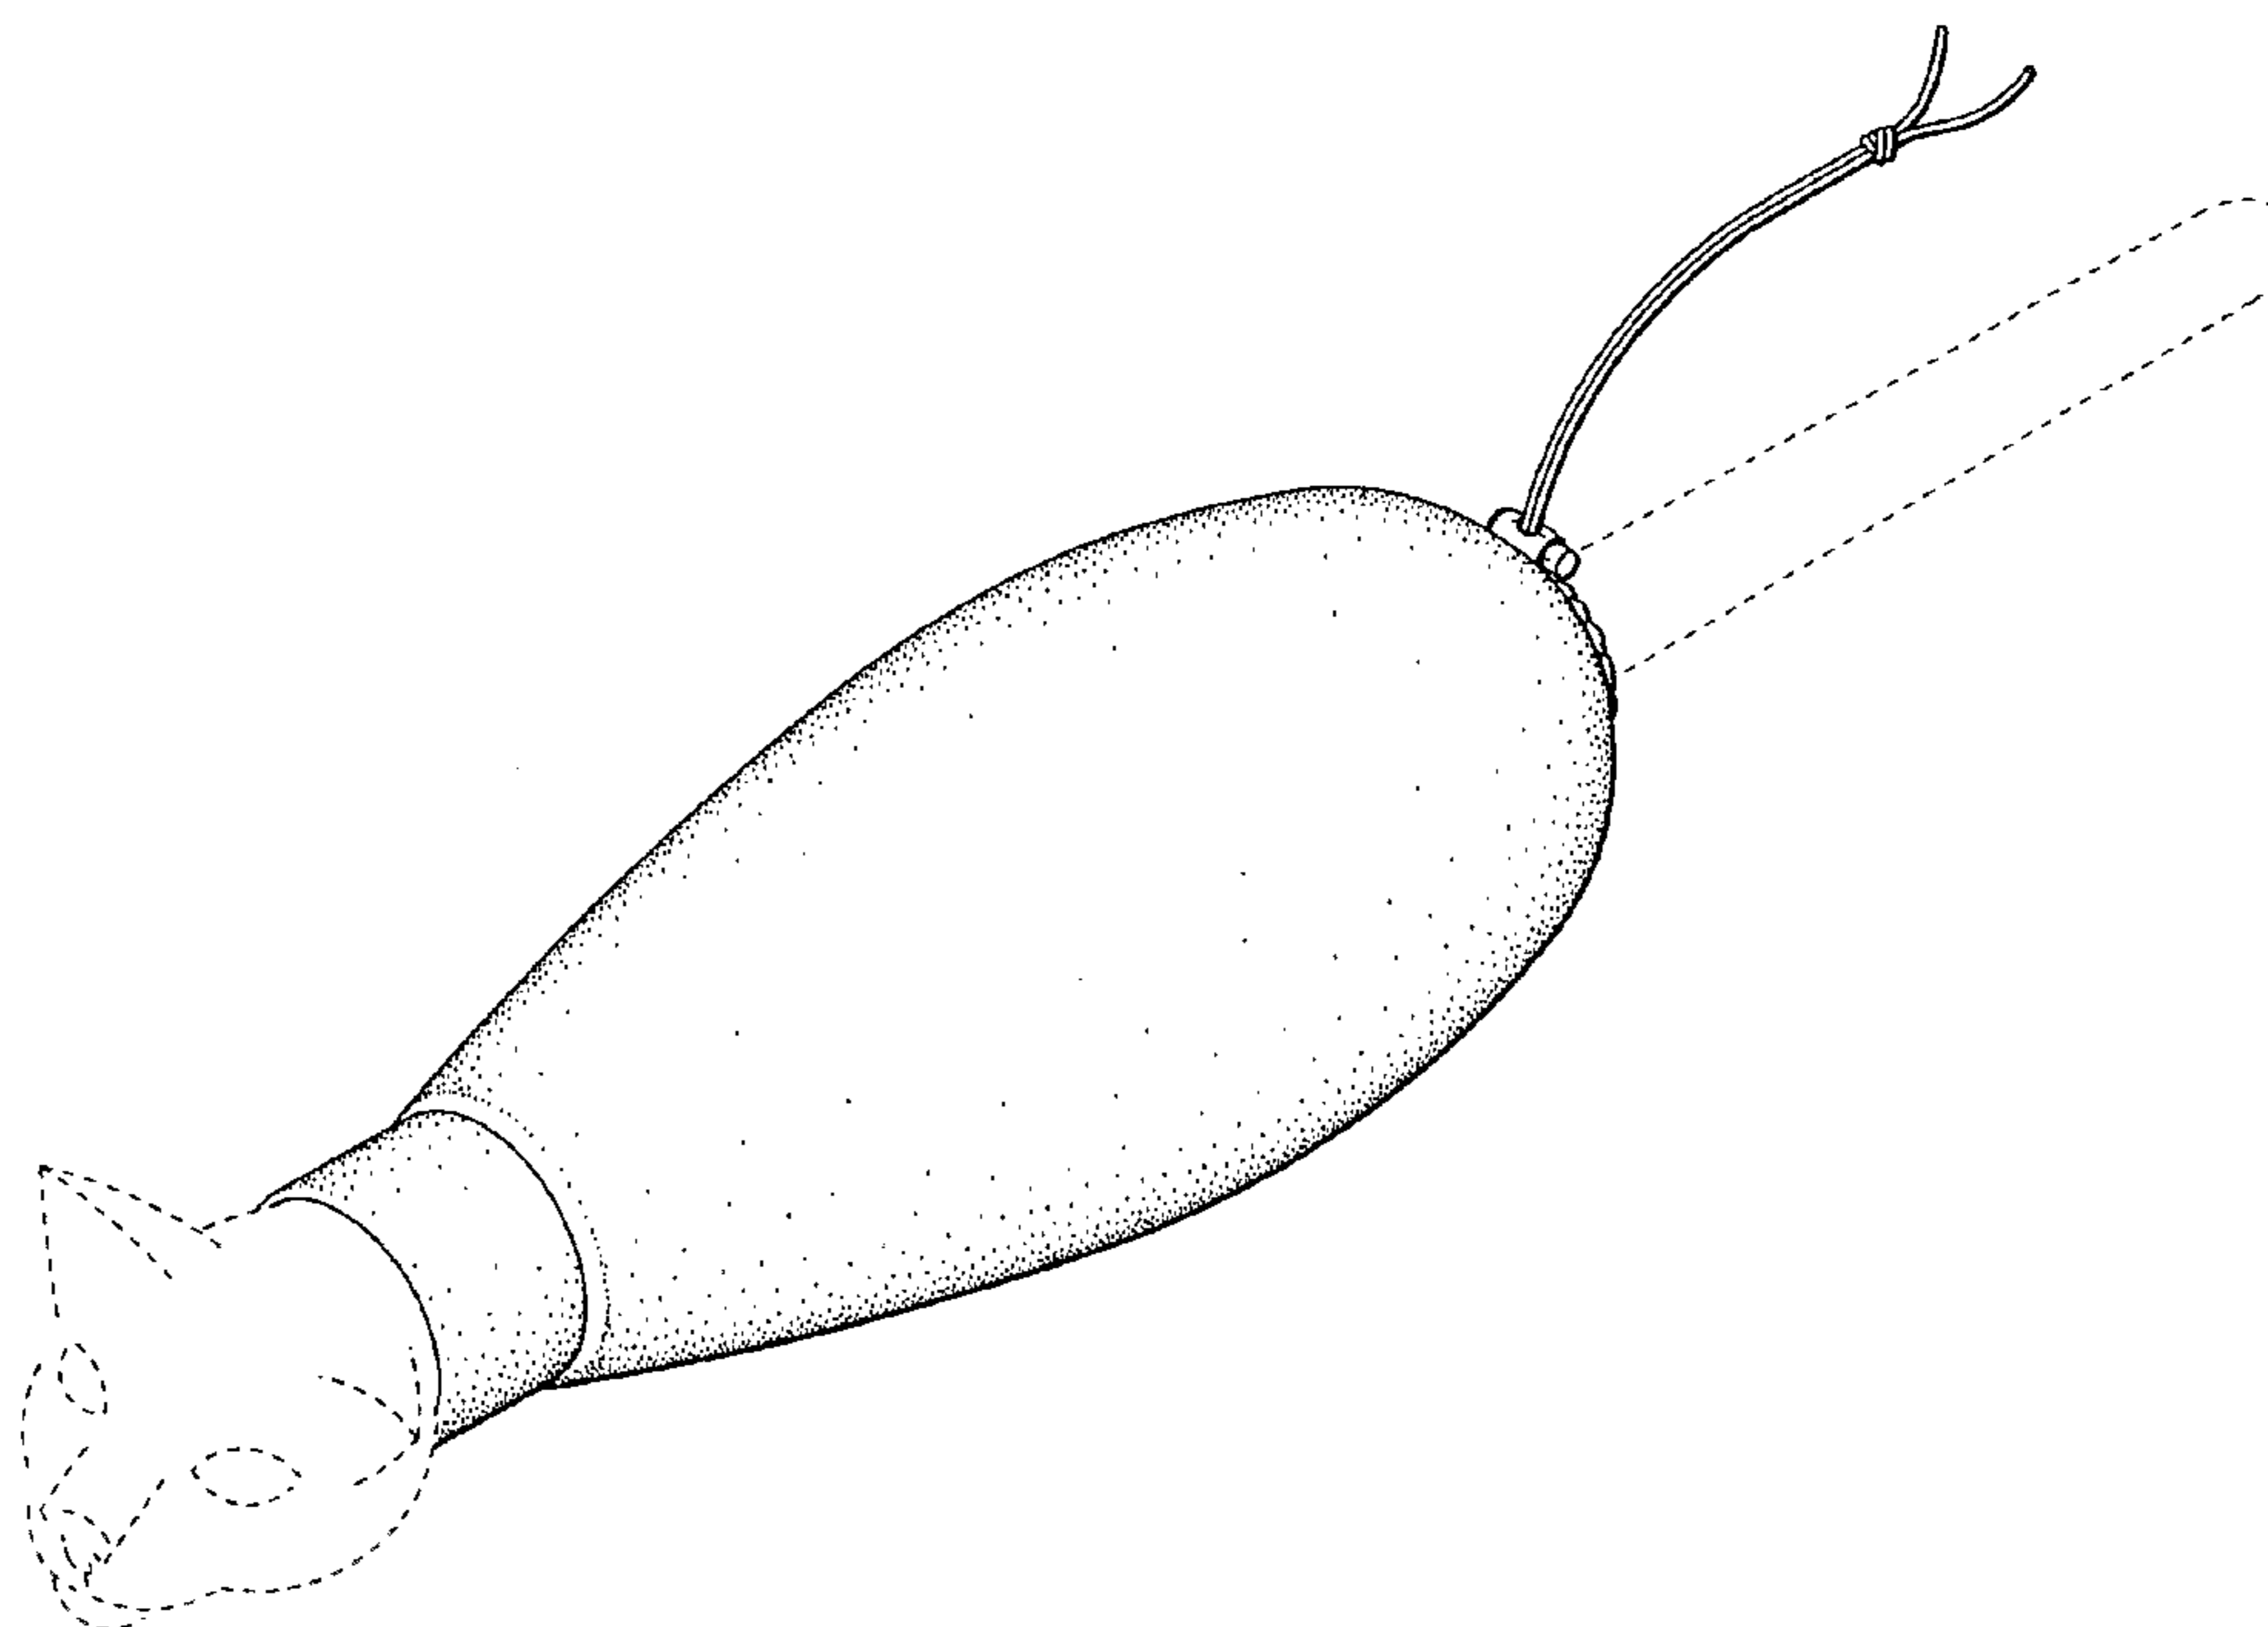

FIG. 5 is a right side elevation view of the animal restraint of my design.

FIG. 6 is a front elevation view of the animal restraint of my design; and,

FIG. 7 is a rear elevation view of the animal restraint of my design.

The dashed lines in the drawings are to illustrate the environment in which the animal restraint is used.
