(57) **CLAIM**

The ornamental design for a shovel design, as shown and
described.

DESCRIPTION

FIG. 1 is a perspective view showing a front side of one
embodiment of my shovel design coupled to a portion of a

handle (shown as dotted lines) and the shovel design having
an elevated portion projecting from a front face of the shovel
design.

FIG. 2 is a top perspective view of the shovel design of FIG.
1 showing the front face of the shovel design of FIG. 1.

FIG. 3 is a rear perspective view of the shovel design of FIG.
1 showing a portion of the elevated portion projecting from
the front face (not shown) of the shovel design of FIG. 1 and
a portion of a back side of the shovel design of FIG. 1.

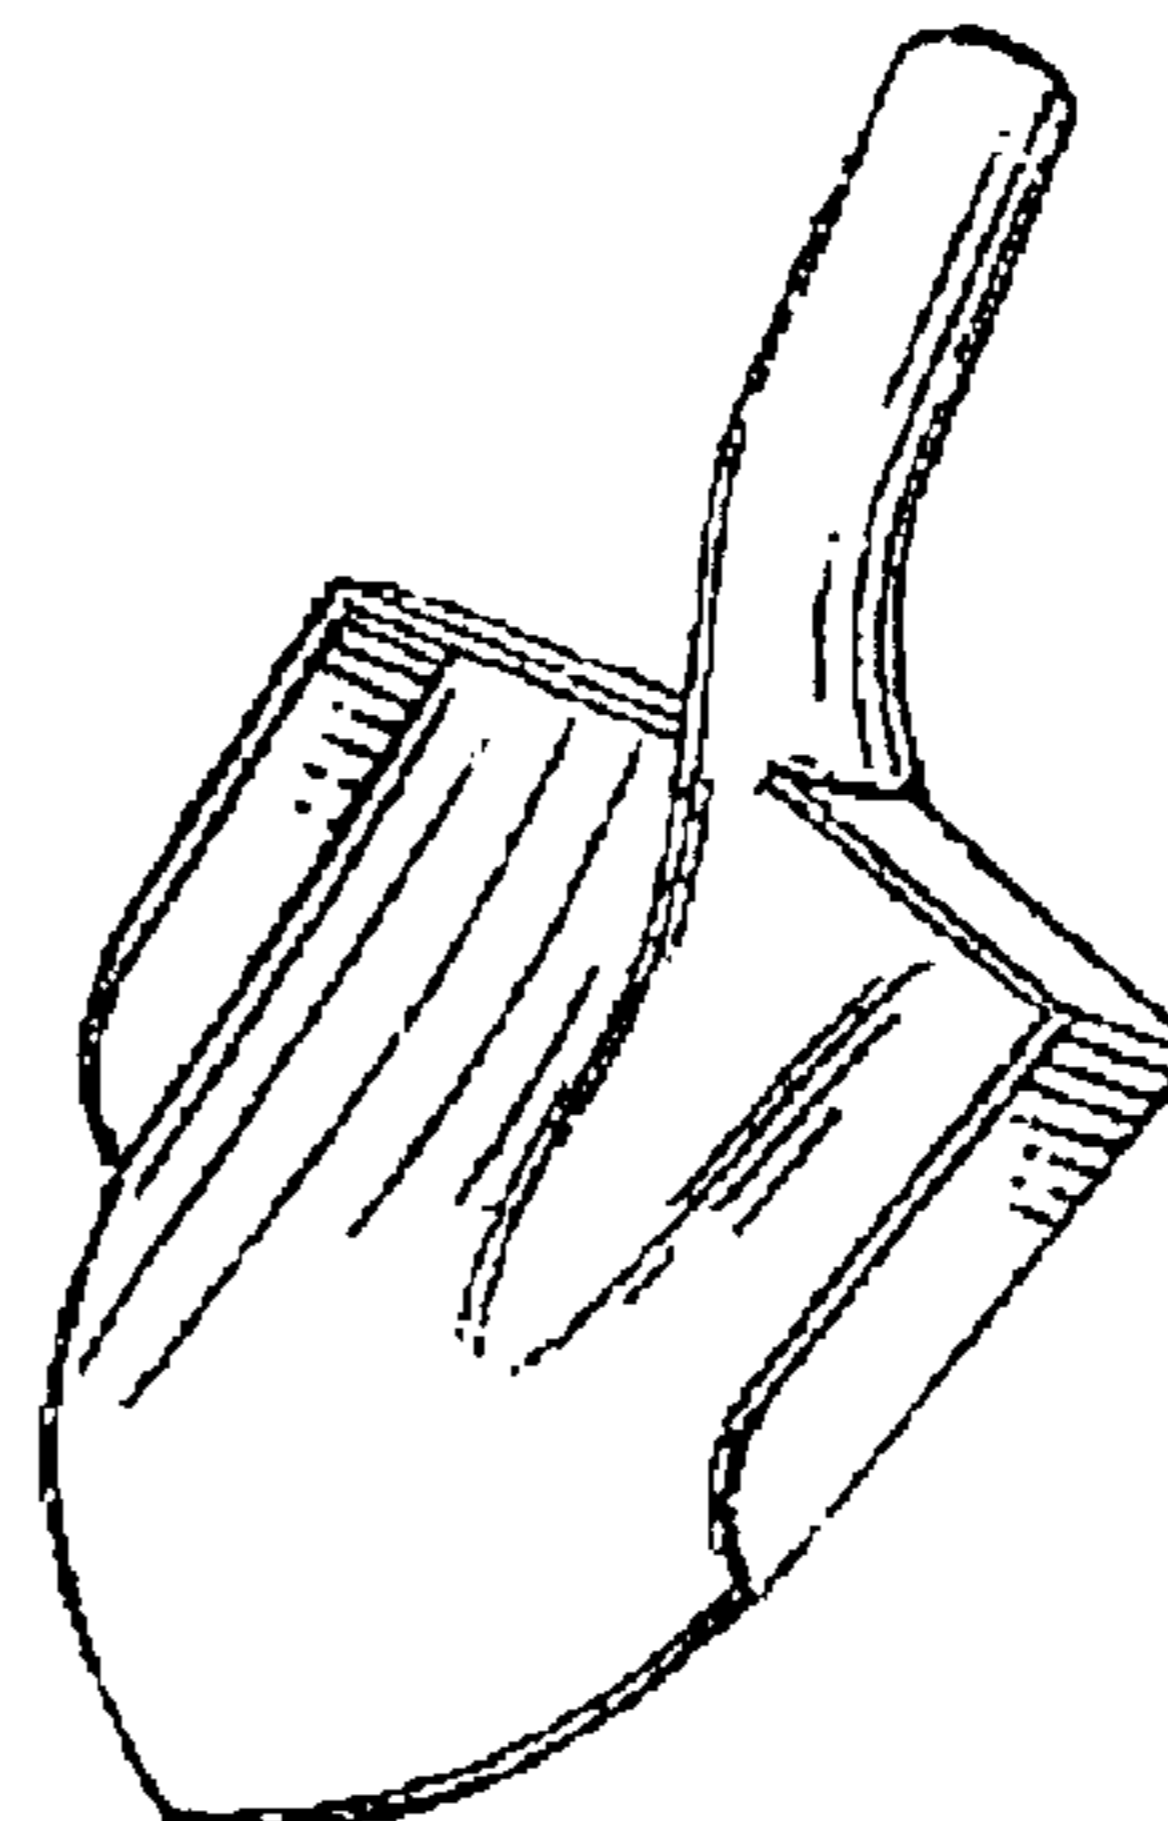

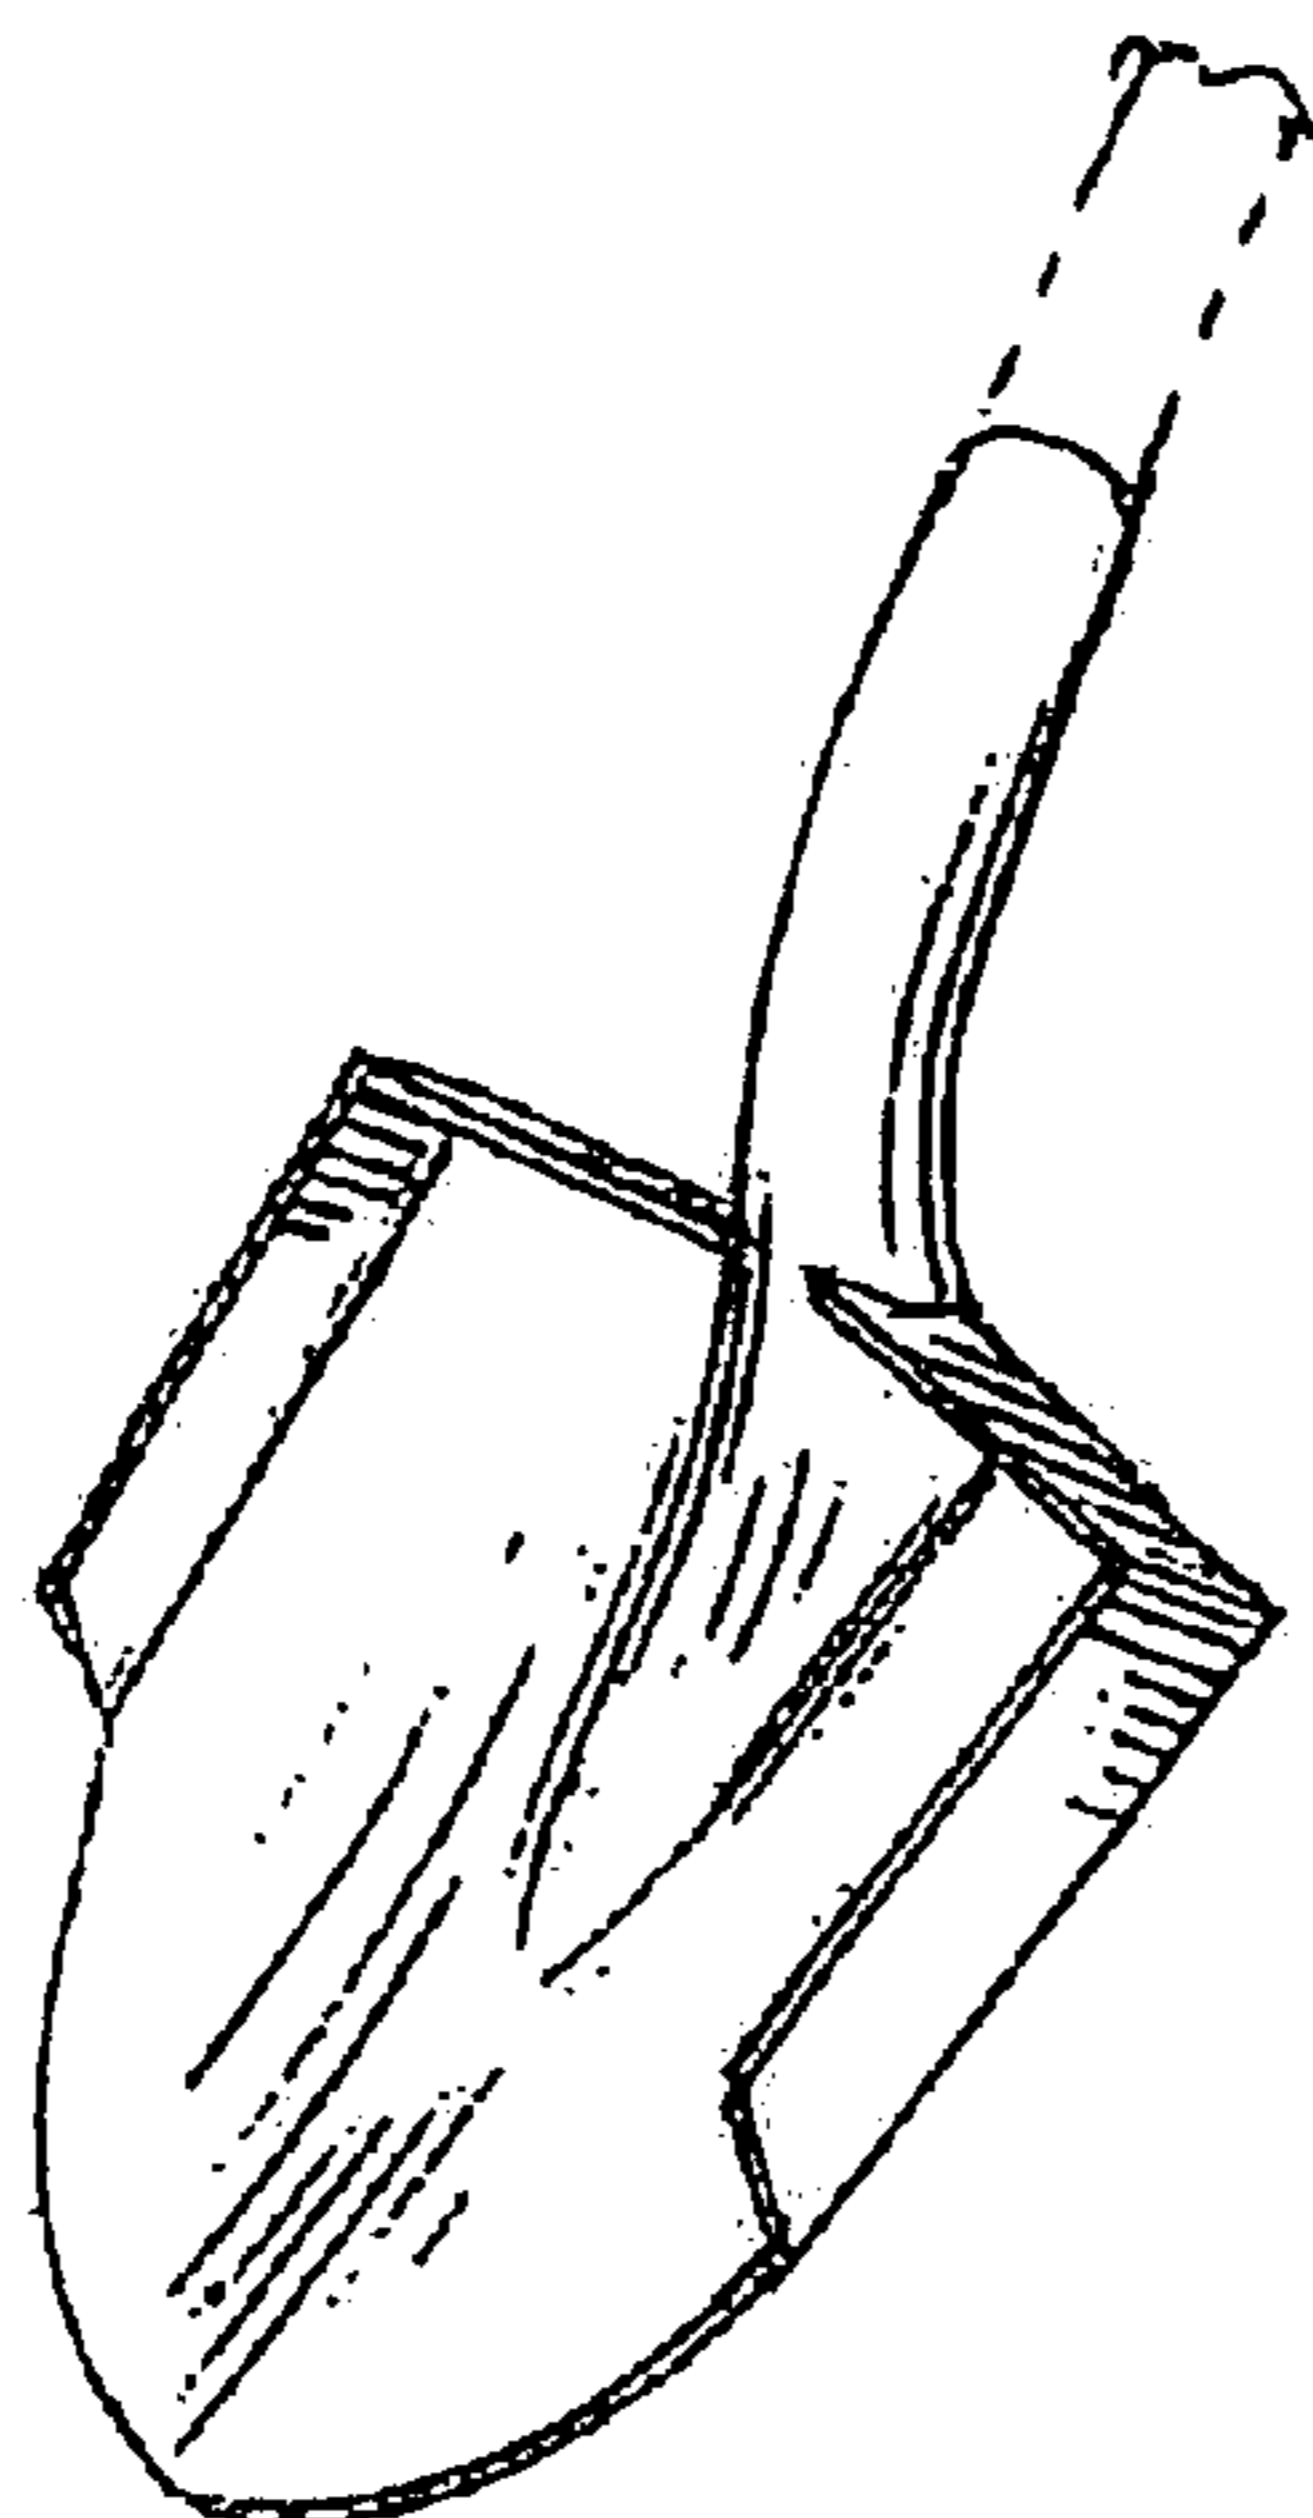

FIG. 4 is a back side perspective view of the shovel design
of FIG. 1.

FIG. 5 is a side perspective view of the shovel design of FIG.
1 showing a portion of the elevated portion projecting from
the front face (not shown) of the shovel design of FIG. 1
with the other side being the same.

FIG. 6 is a perspective view of the shovel design of FIG. 1
showing a portion of the back side and having the elevated
portion projecting from the front face (not shown) of the
shovel design of FIG. 1; and,

FIG. 7 is a perspective view showing a front side of a second
embodiment of my shovel design having a contoured-shaped
elevated portion projecting from a front face of the shovel
design.
