(57) **CLAIM**

I claim the ornamental design for a combustible package, as shown and described.

**DESCRIPTION**

FIG. 1 is an isometric view of a combustible package including my new design.

FIG. 2 is a top plan view of the combustible package.

FIG. 3 is a front view of the combustible package.

FIG. 4 is a back plan view of the combustible package.

FIG. 5 is a first side view of the combustible package, the second side view being a mirror image of the first side view; and,

FIG. 6 is an isometric view of a combustible package including my new design.

The bottom surface of the combustible package and the support flaps shown in phantom in FIGS. 1-3 form no part of the claimed design. The broken-lines in FIG. 6 represent tear lines.
