(57) **CLAIM**

We claim the ornamental design for the radio transmitter, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of the radio transmitter shown in a first aspect where a cable of the radio transmitter is wrapped around a body of the radio transmitter;

FIG. 2 is a bottom plan view thereof;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a rear elevational view thereof;

FIG. 5 is a left side elevational view thereof;

FIG. 6 is a right side elevational view thereof;

FIG. 7 is a bottom, left, rear isometric view thereof;

FIG. 8 is a top, right, front isometric view thereof; and,

FIG. 9 is a top plan view of the radio transmitter shown in a second aspect where the cable of the radio transmitter is unwrapped from the body of the radio transmitter.
