(57) **CLAIM**

I claim the ornamental design for a shoe sole, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a shoe sole showing my new design.

FIG. 2 is a front elevational view thereof.

FIG. 3 is a left side elevational view thereof.

FIG. 4 is a rear elevational view thereof.

FIG. 5 is a right side elevational view thereof.

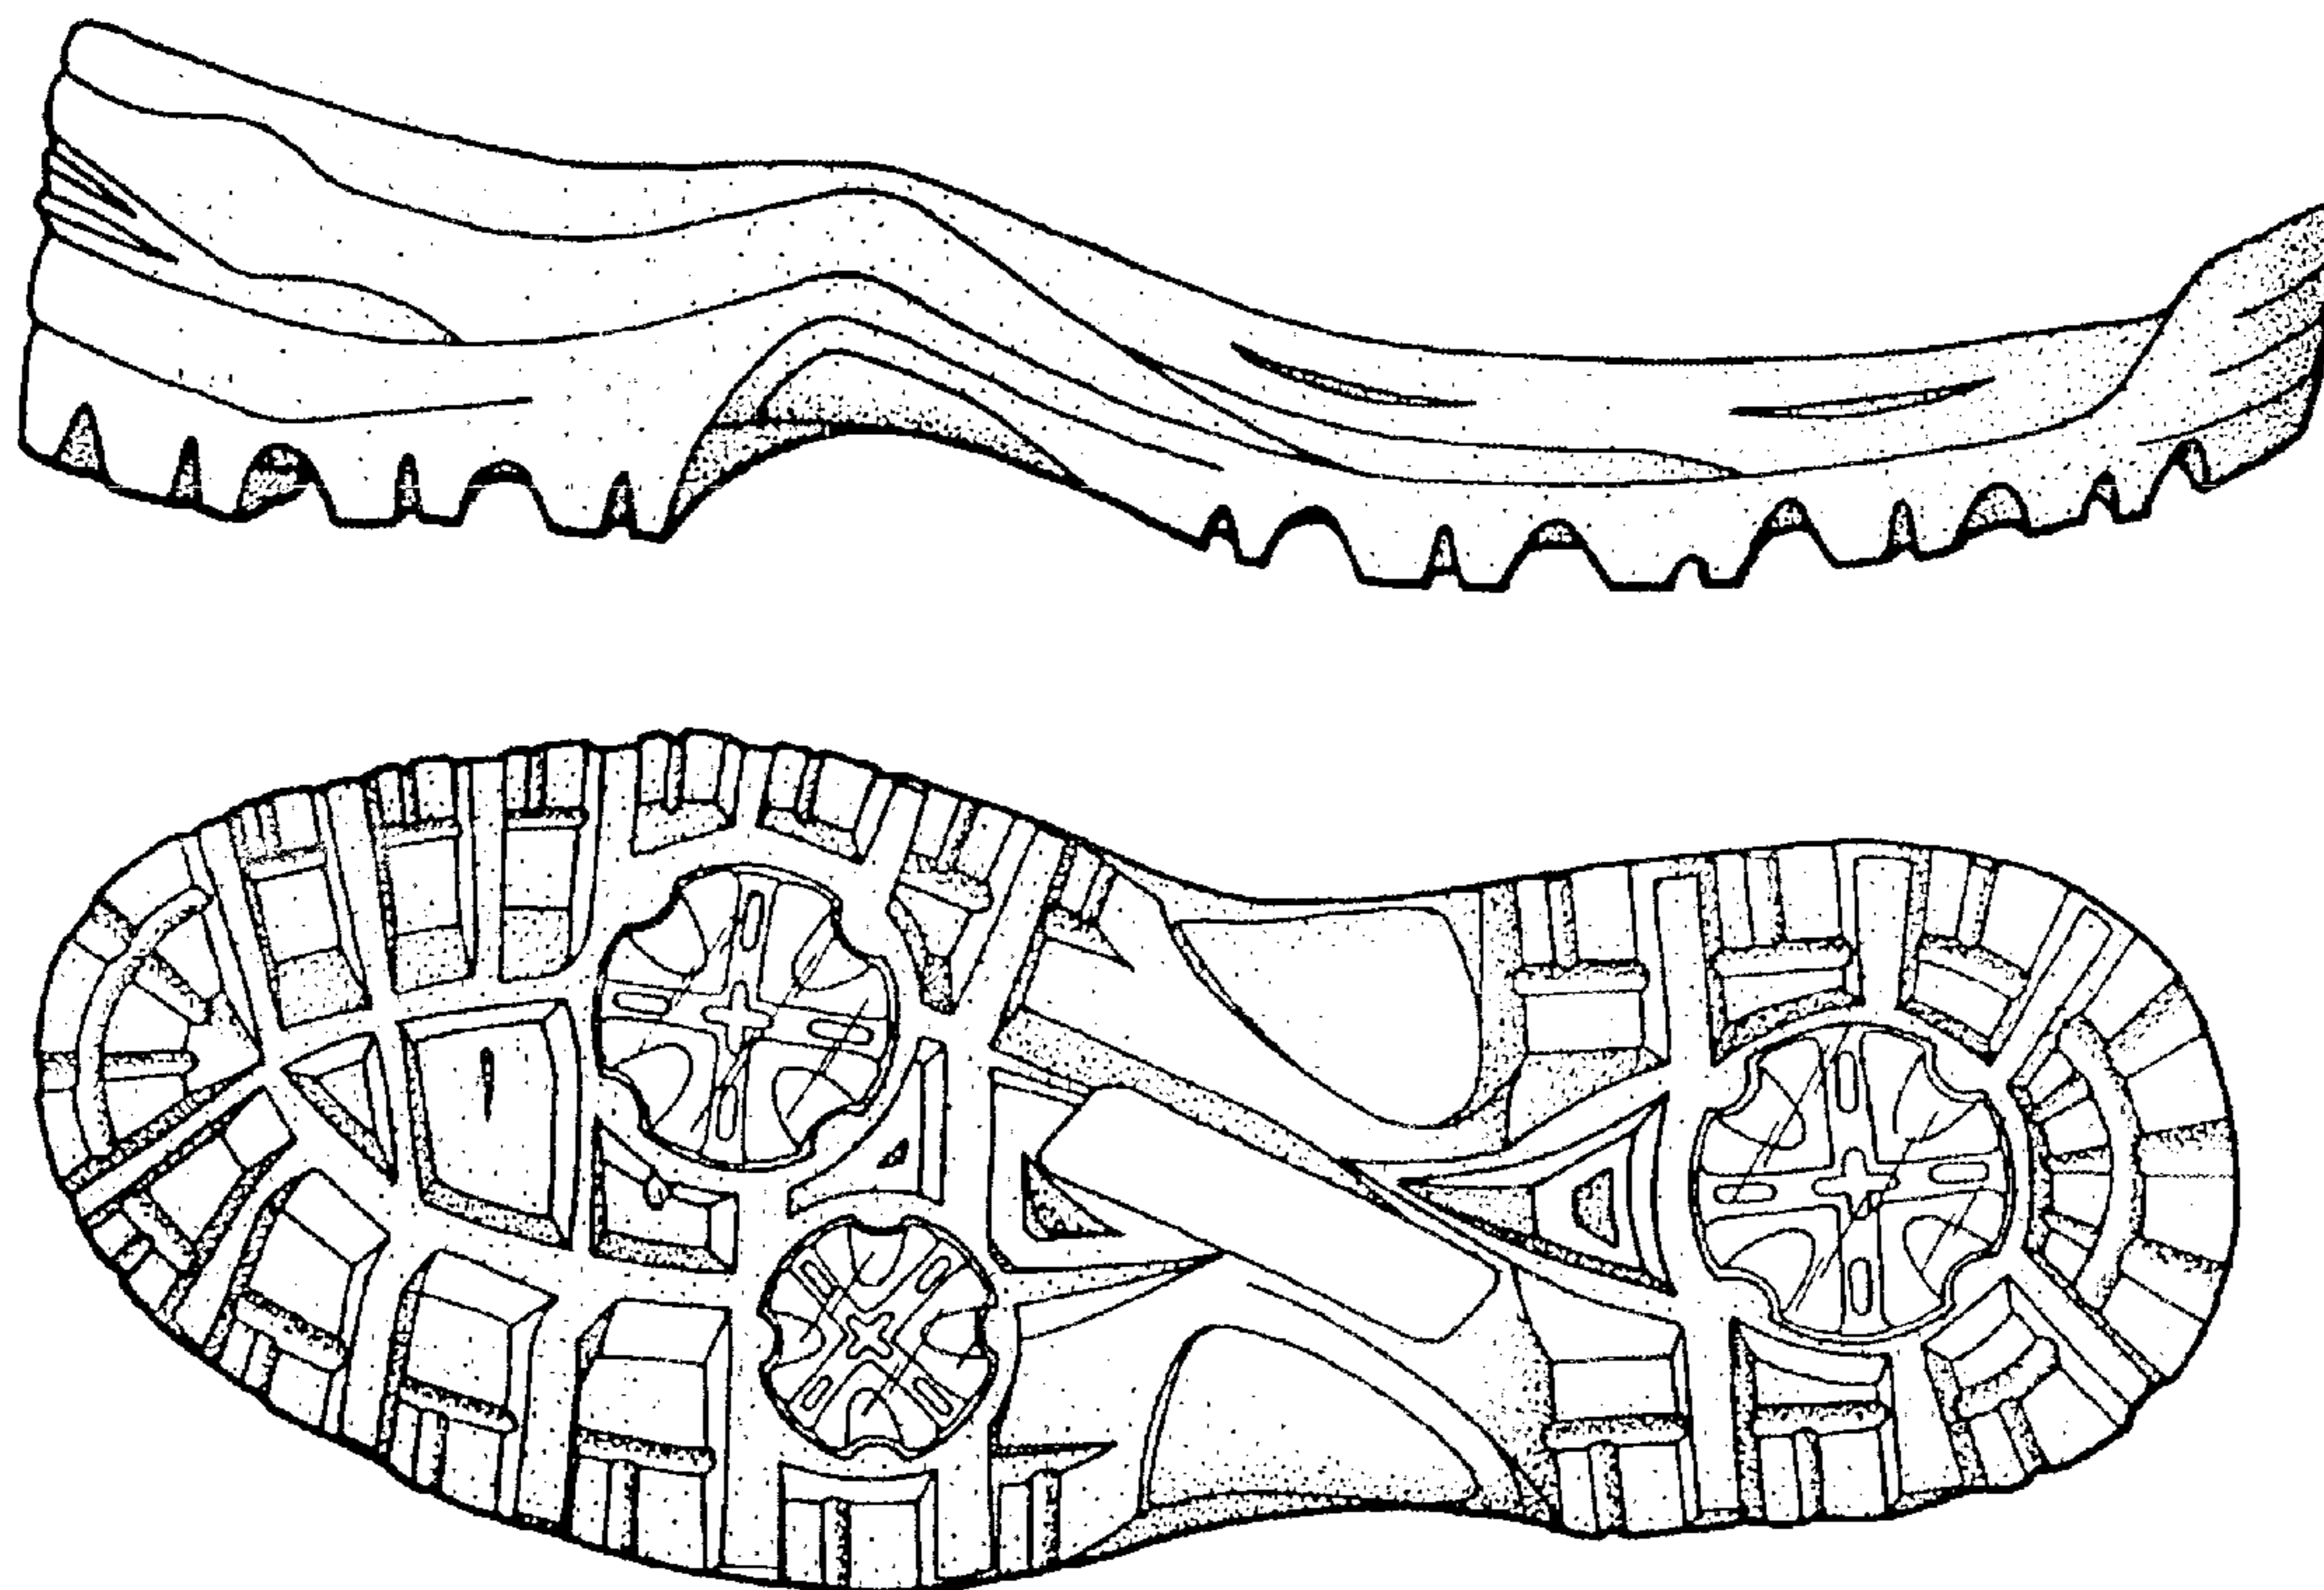

FIG. 6 is a top plan view thereof.

FIG. 7 is a top plan detail view of an alternative embodiment of a design element of a shoe sole according to the present invention, the appearance of the shoe sole being identical to that of the first embodiment except that the design element has a transparent outer surface over an inner surface having an indication of color contrast (best shown in FIGS. 8 and 9).

FIG. 8 is a side elevational view of the design element of FIG. 7 showing the transparent outer surface over an inner surface having an indication of colour contrast; and,

FIG. 9 is a top plan view of the inner surface of the detail element of FIG. 7, with the top portion removed for clarity of illustration.
