(57) **CLAIM**

The ornamental design for a pet door, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view with locking barrier fitted of the pet door of the present invention;  
FIG. 2 is a front view in elevation with locking barrier fitted of the pet door of the present invention;  
FIG. 3 is a front perspective view without locking barrier of the pet door of the present invention;  
FIG. 4 is a front view in elevation without locking barrier of the pet door of the present invention;  
FIG. 5 is a right side view in elevation with locking barrier fitted of the pet door of the present invention, with the left side view a mirror image of the right side view;  
FIG. 6 is a rear perspective view of the pet door of the present invention; and,  
FIG. 7 is a front perspective view in alternative position with a rear perspective view of the locking barrier disassembled and in elevation of the pet door of the present invention.  
The bottom of the pet door of the present invention is flat and unornamented. The logo “Staywell” shown on FIGS. 1, 2, 3, 4, and 7 is surface treatment and not claimed by Applicant.
