(57) **CLAIM**

The ornamental design for a user interface for a medical device, as shown and described.

DESCRIPTION

FIG. 1 illustrates a front perspective view of a medical device showing a first embodiment of a new, original and ornamental user interface.

FIG. 2 illustrates a front view of the medical device showing the user interface of FIG. 1.

FIG. 3 illustrates a top view of the medical device showing the user interface of FIG. 1.

FIG. 4 illustrates a bottom view of the medical device of FIG. 1.

FIG. 5 illustrates a rear view of the medical device of FIG. 1.

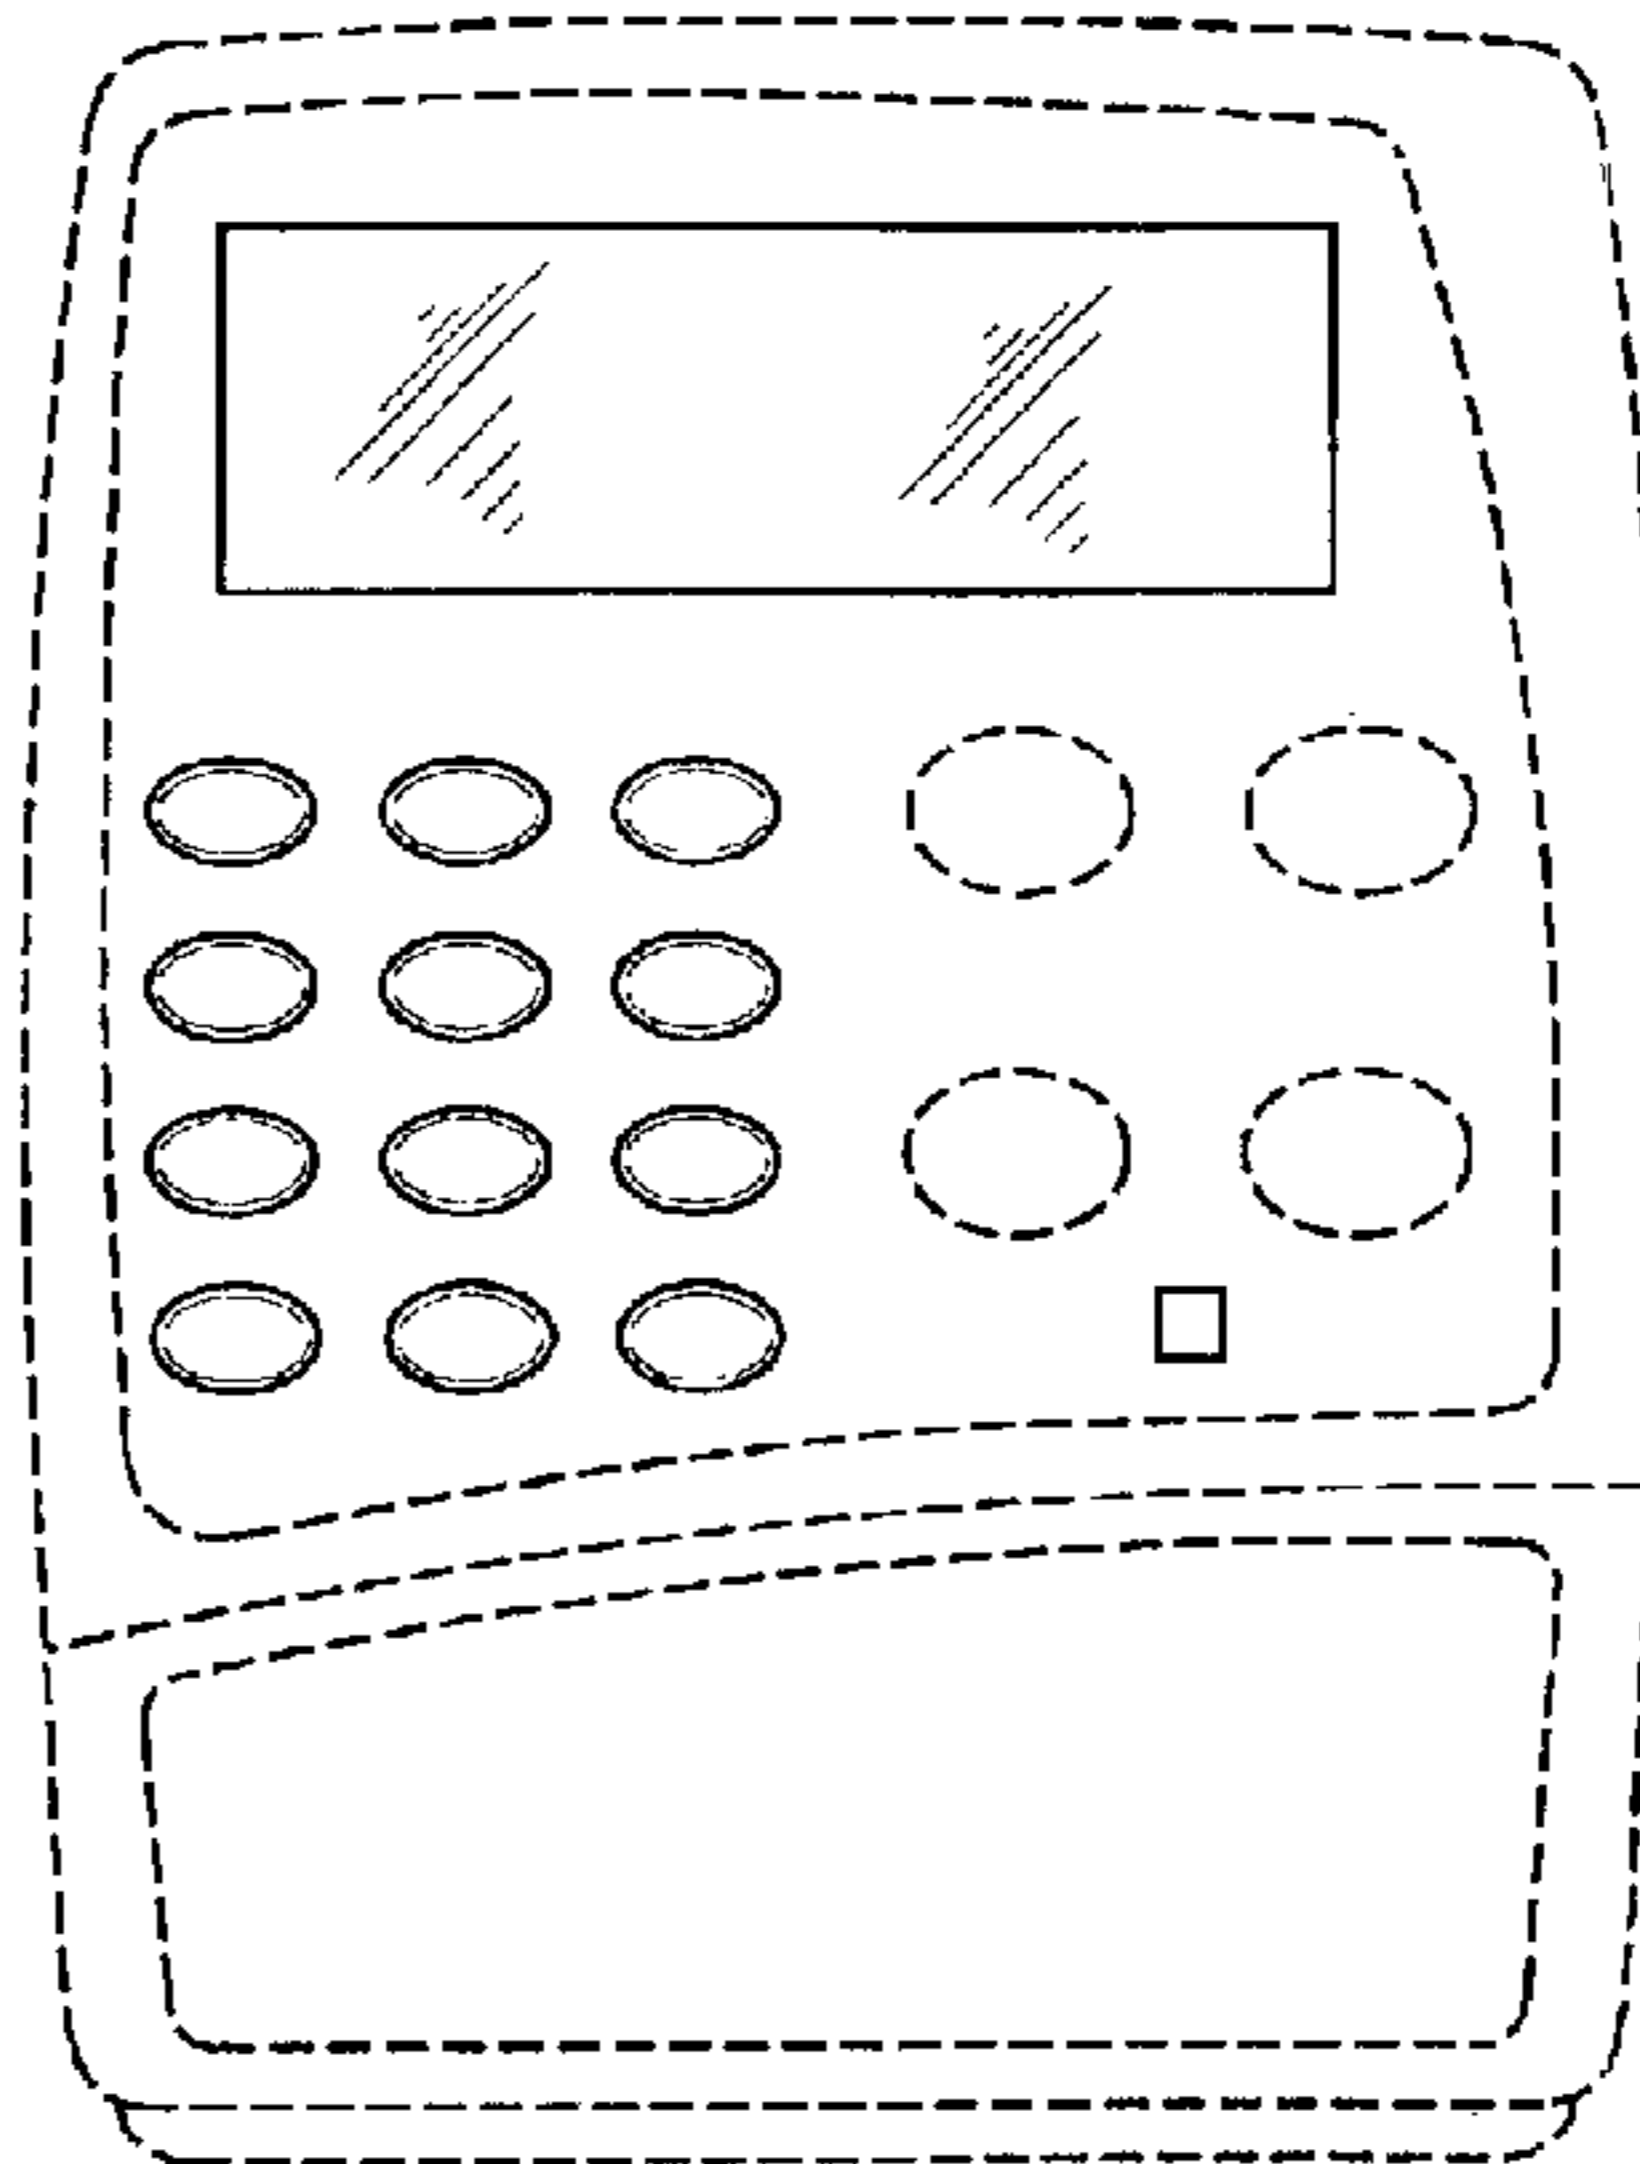

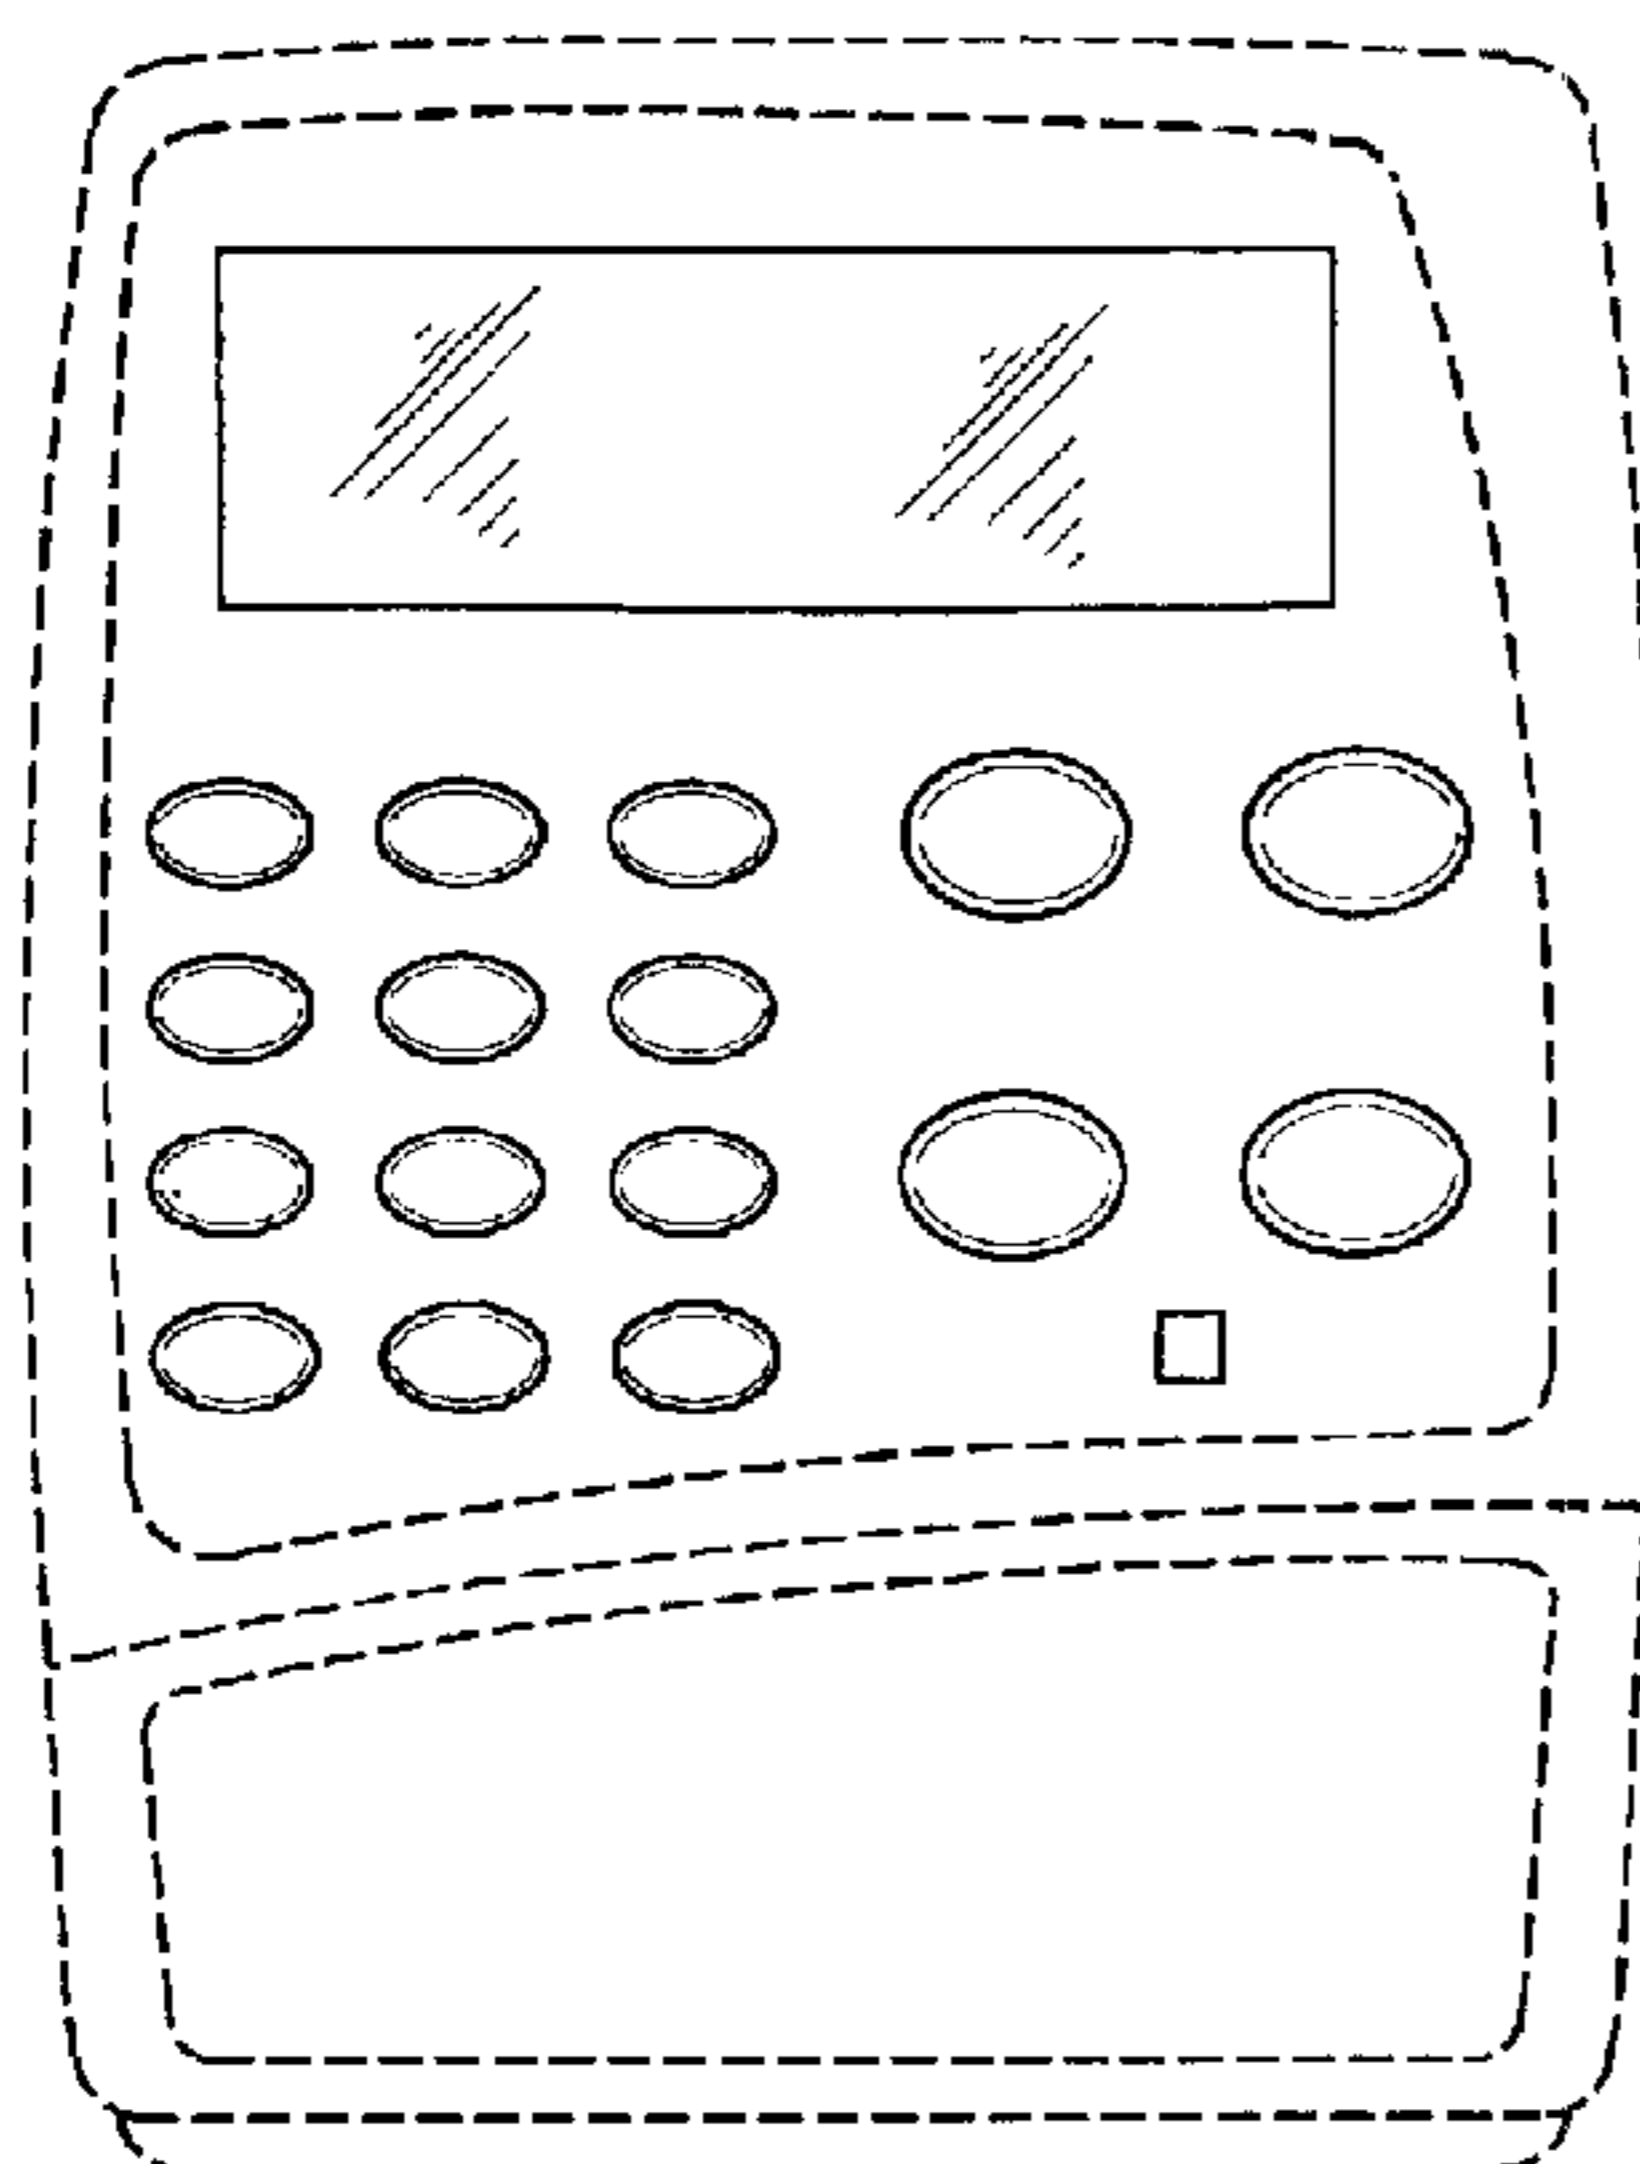

FIG. 6 illustrates a left side view of the medical device of FIG. 1.

FIG. 7 illustrates a right side view of the medical device of FIG. 1; and,

FIG. 8 illustrates a front view of the medical device showing a second embodiment of the user interface, the remaining top, bottom, rear, left side, and right side views being otherwise the same as shown in FIGS. 3–7, respectively.

The broken line showing is for illustrative purposes only and forms no part of the claimed design.
