(57) **CLAIM**

The ornamental design for a furniture construction element, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a furniture construction element, showing my new design, the broken lines are for environmental purposes only and form no part of the claimed design.

FIG. 2 is a plan view of the top side of the furniture construction element of FIG. 1;

FIG. 3 is an elevational view of the left side of the furniture construction element of FIG. 1;

FIG. 4 is an elevational view of the front side of the furniture construction element of FIG. 1;

FIG. 5 is an elevational view of the rear side of the furniture construction element of FIG. 1;

FIG. 6 is a sectional view taken on line 6—6 of FIG. 4, and is an elevational view of the right side of the furniture construction element of FIG. 1, illustrating an electronic component in broken lines supported within the furniture construction element; and,

FIG. 7 is a plan view of the bottom side of the furniture construction element of FIG. 1.
