(57) **CLAIM**

The ornamental design for an automotive pillar with a storage compartment for a vacuum device, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an automotive pillar with a storage compartment for a vacuum device, showing our new design; and,

FIG. 2 is another perspective view thereof, with the vacuum device shown in broken lines in stored position.

The broken line showing of environment is for illustrative purposes only and forms no part of the claimed design. The broken line boundary of the upper portion of the pillar defines the edge of the claimed design but forms no part of it.
