(57) **CLAIM**

The ornamental design for a ventilation grid for power supply housing, substantially as shown and described.

DESCRIPTION

The article in which the design is embodied is a ventilation grid to be used as part of a housing or cabinet for a power supply or electrical instrument or similar device.

FIG. 1 shows the front elevational view of a first embodiment of my new design for a ventilation grid for power supply housing.

FIG. 2 shows the front elevational view of a second embodiment of my new design for a ventilation grid for power supply housing; and,

FIG. 3 shows the front elevational view of a third embodiment of my new design for a ventilation grid for power supply housing.
