(57) **CLAIM**

The ornamental design for a surface configuration of a front bumper for a vehicle, as shown and described.

DESCRIPTION

This application is related to the following co-pending application, of the inventors, filed on even date herewith: Application Ser. No. 29/185,764, entitled "Surface Configuration of a Vehicle, Toy and/or Other Replicas".

FIG. 1 is a perspective view of a surface configuration of a front bumper for a vehicle, according to our novel design; FIG. 2 is a left side view of the surface configuration of a front bumper for a vehicle according to our novel design, the right side being mirror symmetrical; and, FIG. 3 is a front view of the surface configuration of a front bumper for a vehicle, according to our novel design.

The broken lines are for illustrative purposes only and form no part of the claimed design.
