(57) **CLAIM**

The ornamental design for an combined cushion and adjustable lumbar support, as shown and described.

DESCRIPTION

FIG. 1 is a front and side perspective view of a combined cushion and adjustable lumbar support showing my new design.

FIG. 2 is a front view of the cushion shown in an alternate position without the adjustable lumbar support.

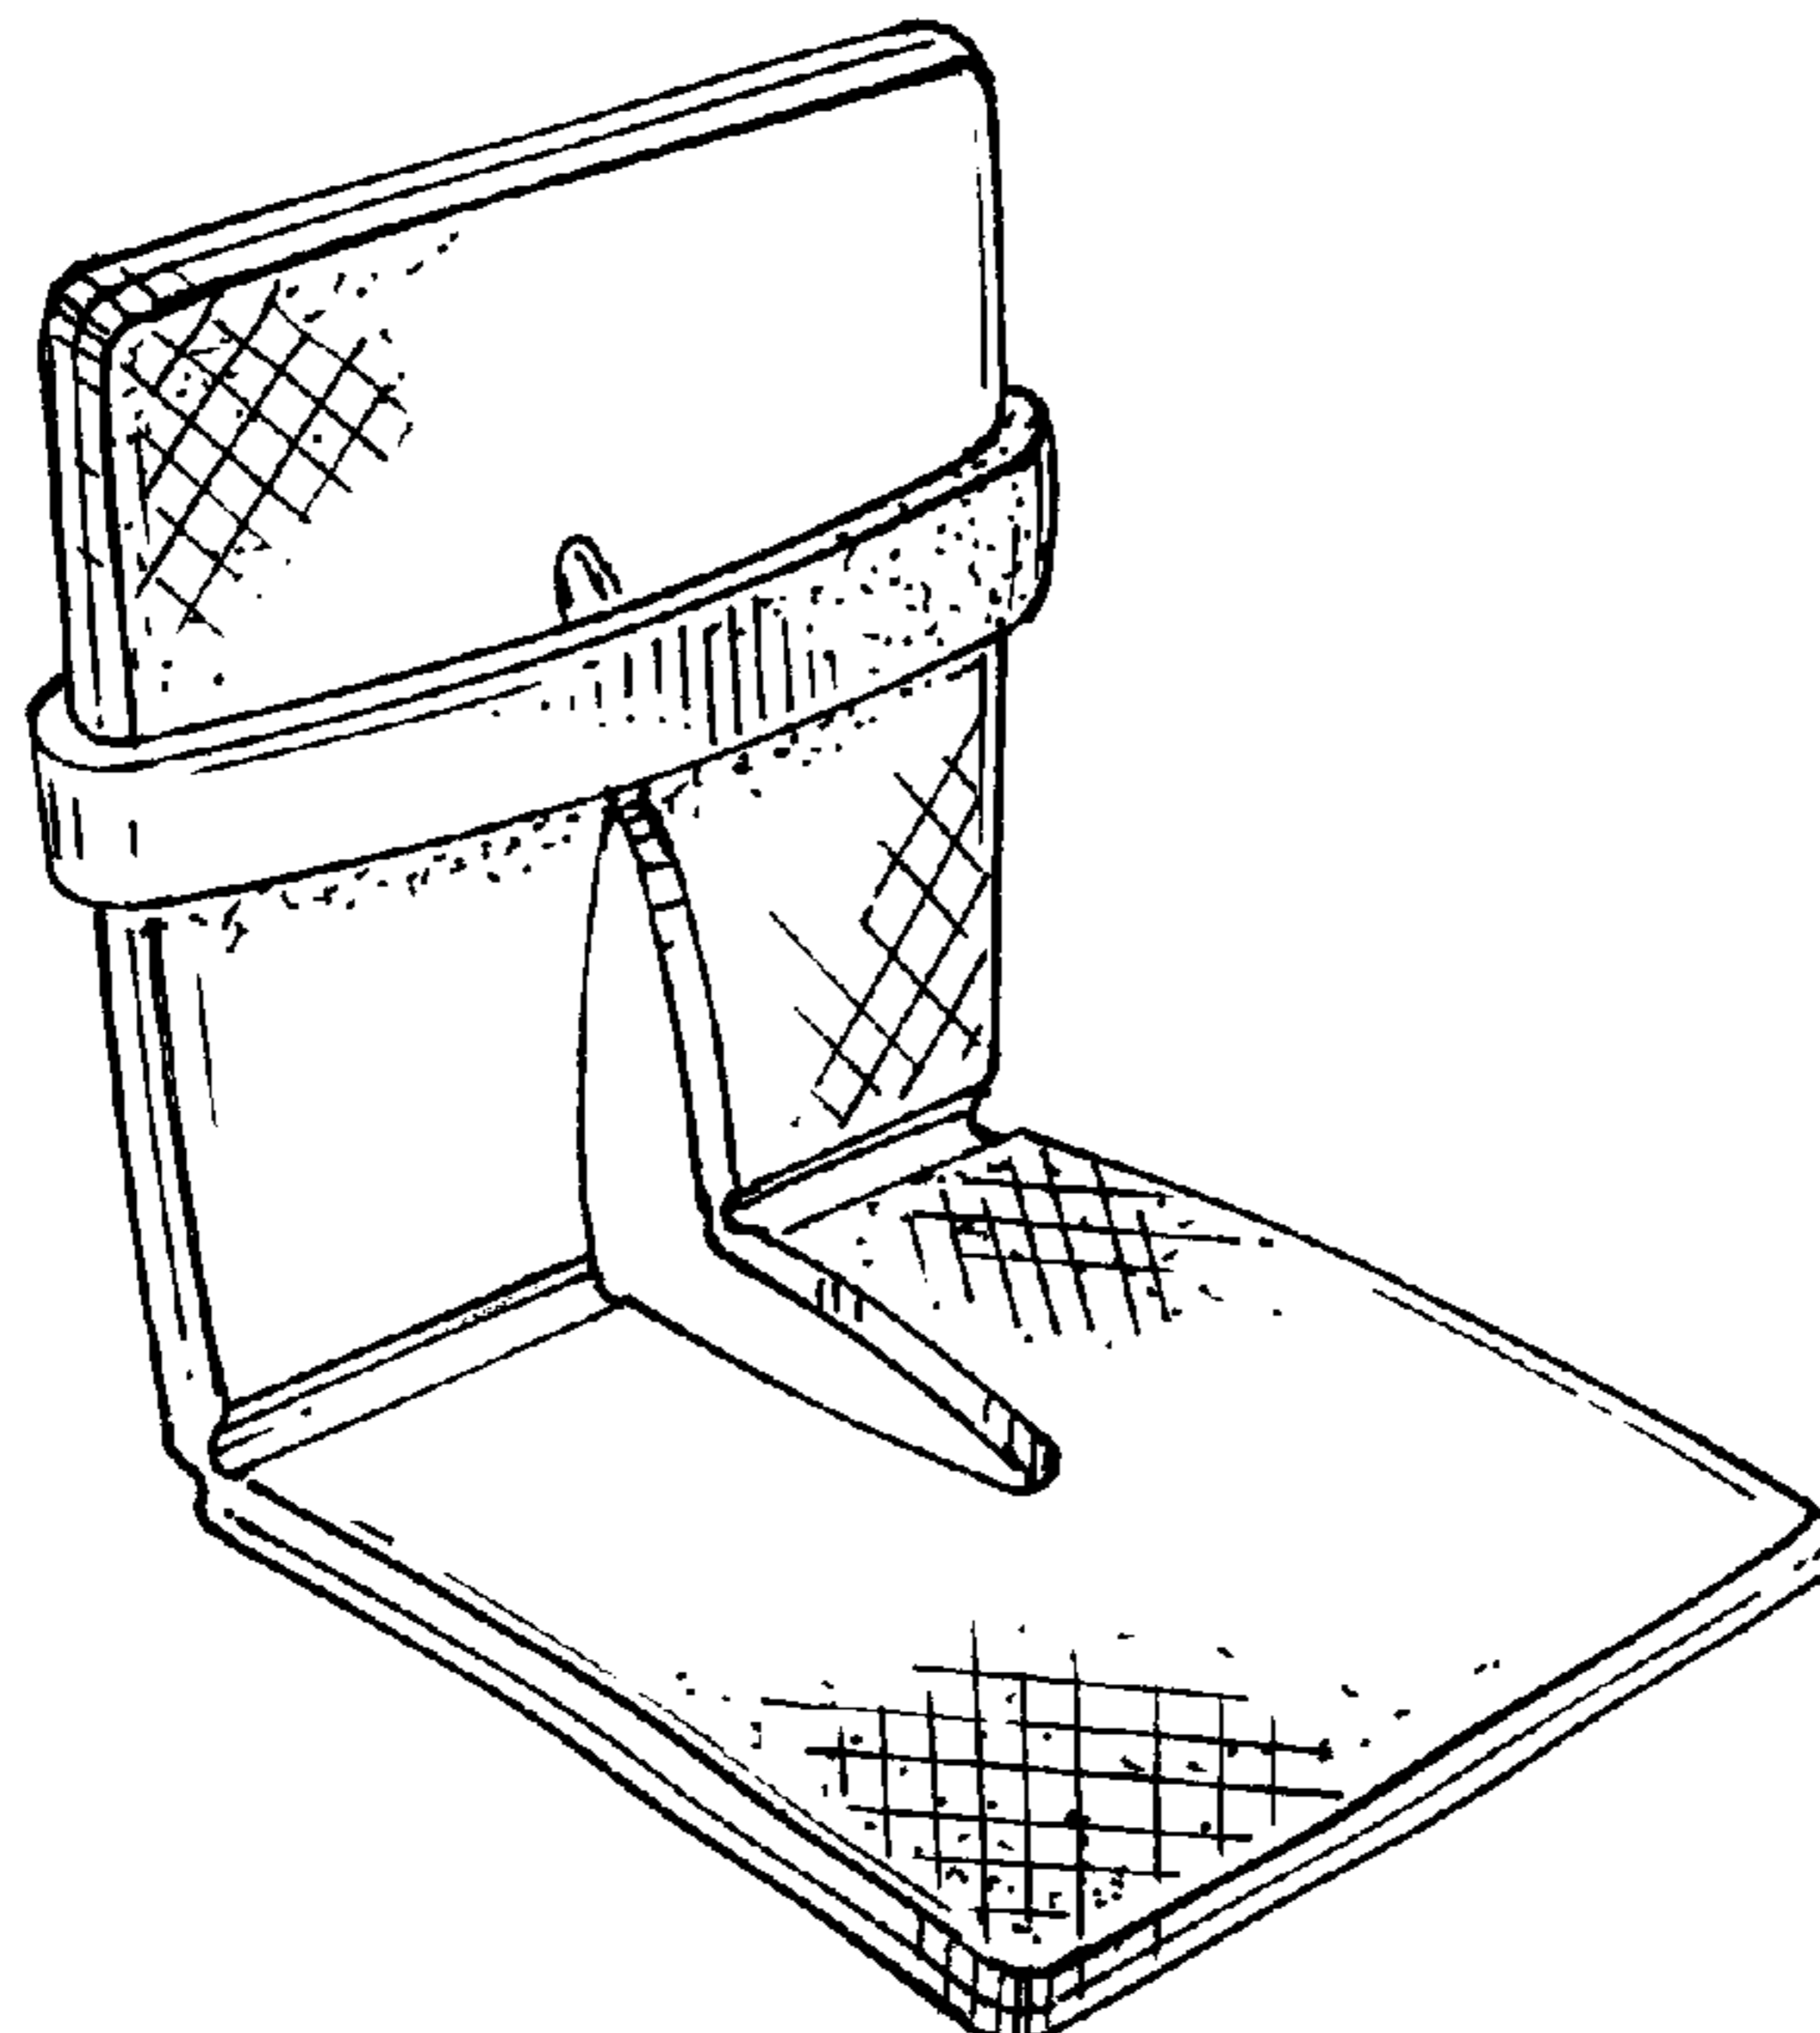

FIG. 3 is a side elevational view of FIG. 2 showing a side of the adjustable lumbar supporting cushion design without the adjustable lumbar support portion, and with the other side being the same view.

FIG. 4 is a rear view of FIG. 2; and,

FIG. 5 is a perspective view showing a back side (with end portions flared outwardly) of the adjustable lumbar support member of the combined cushion and adjustable lumbar support of FIG. 1.

The cushion in FIGS. 2, 3 and 4 and the lumbar support in FIG. 5 are shown separately for clarity of illustration. FIG. 1 in the drawings is shown on a reduced scale. FIG. 5 in the drawings is shown on an enlarged scale.
