(57) **CLAIM**

The ornamental design for a lighting device, as shown and described.

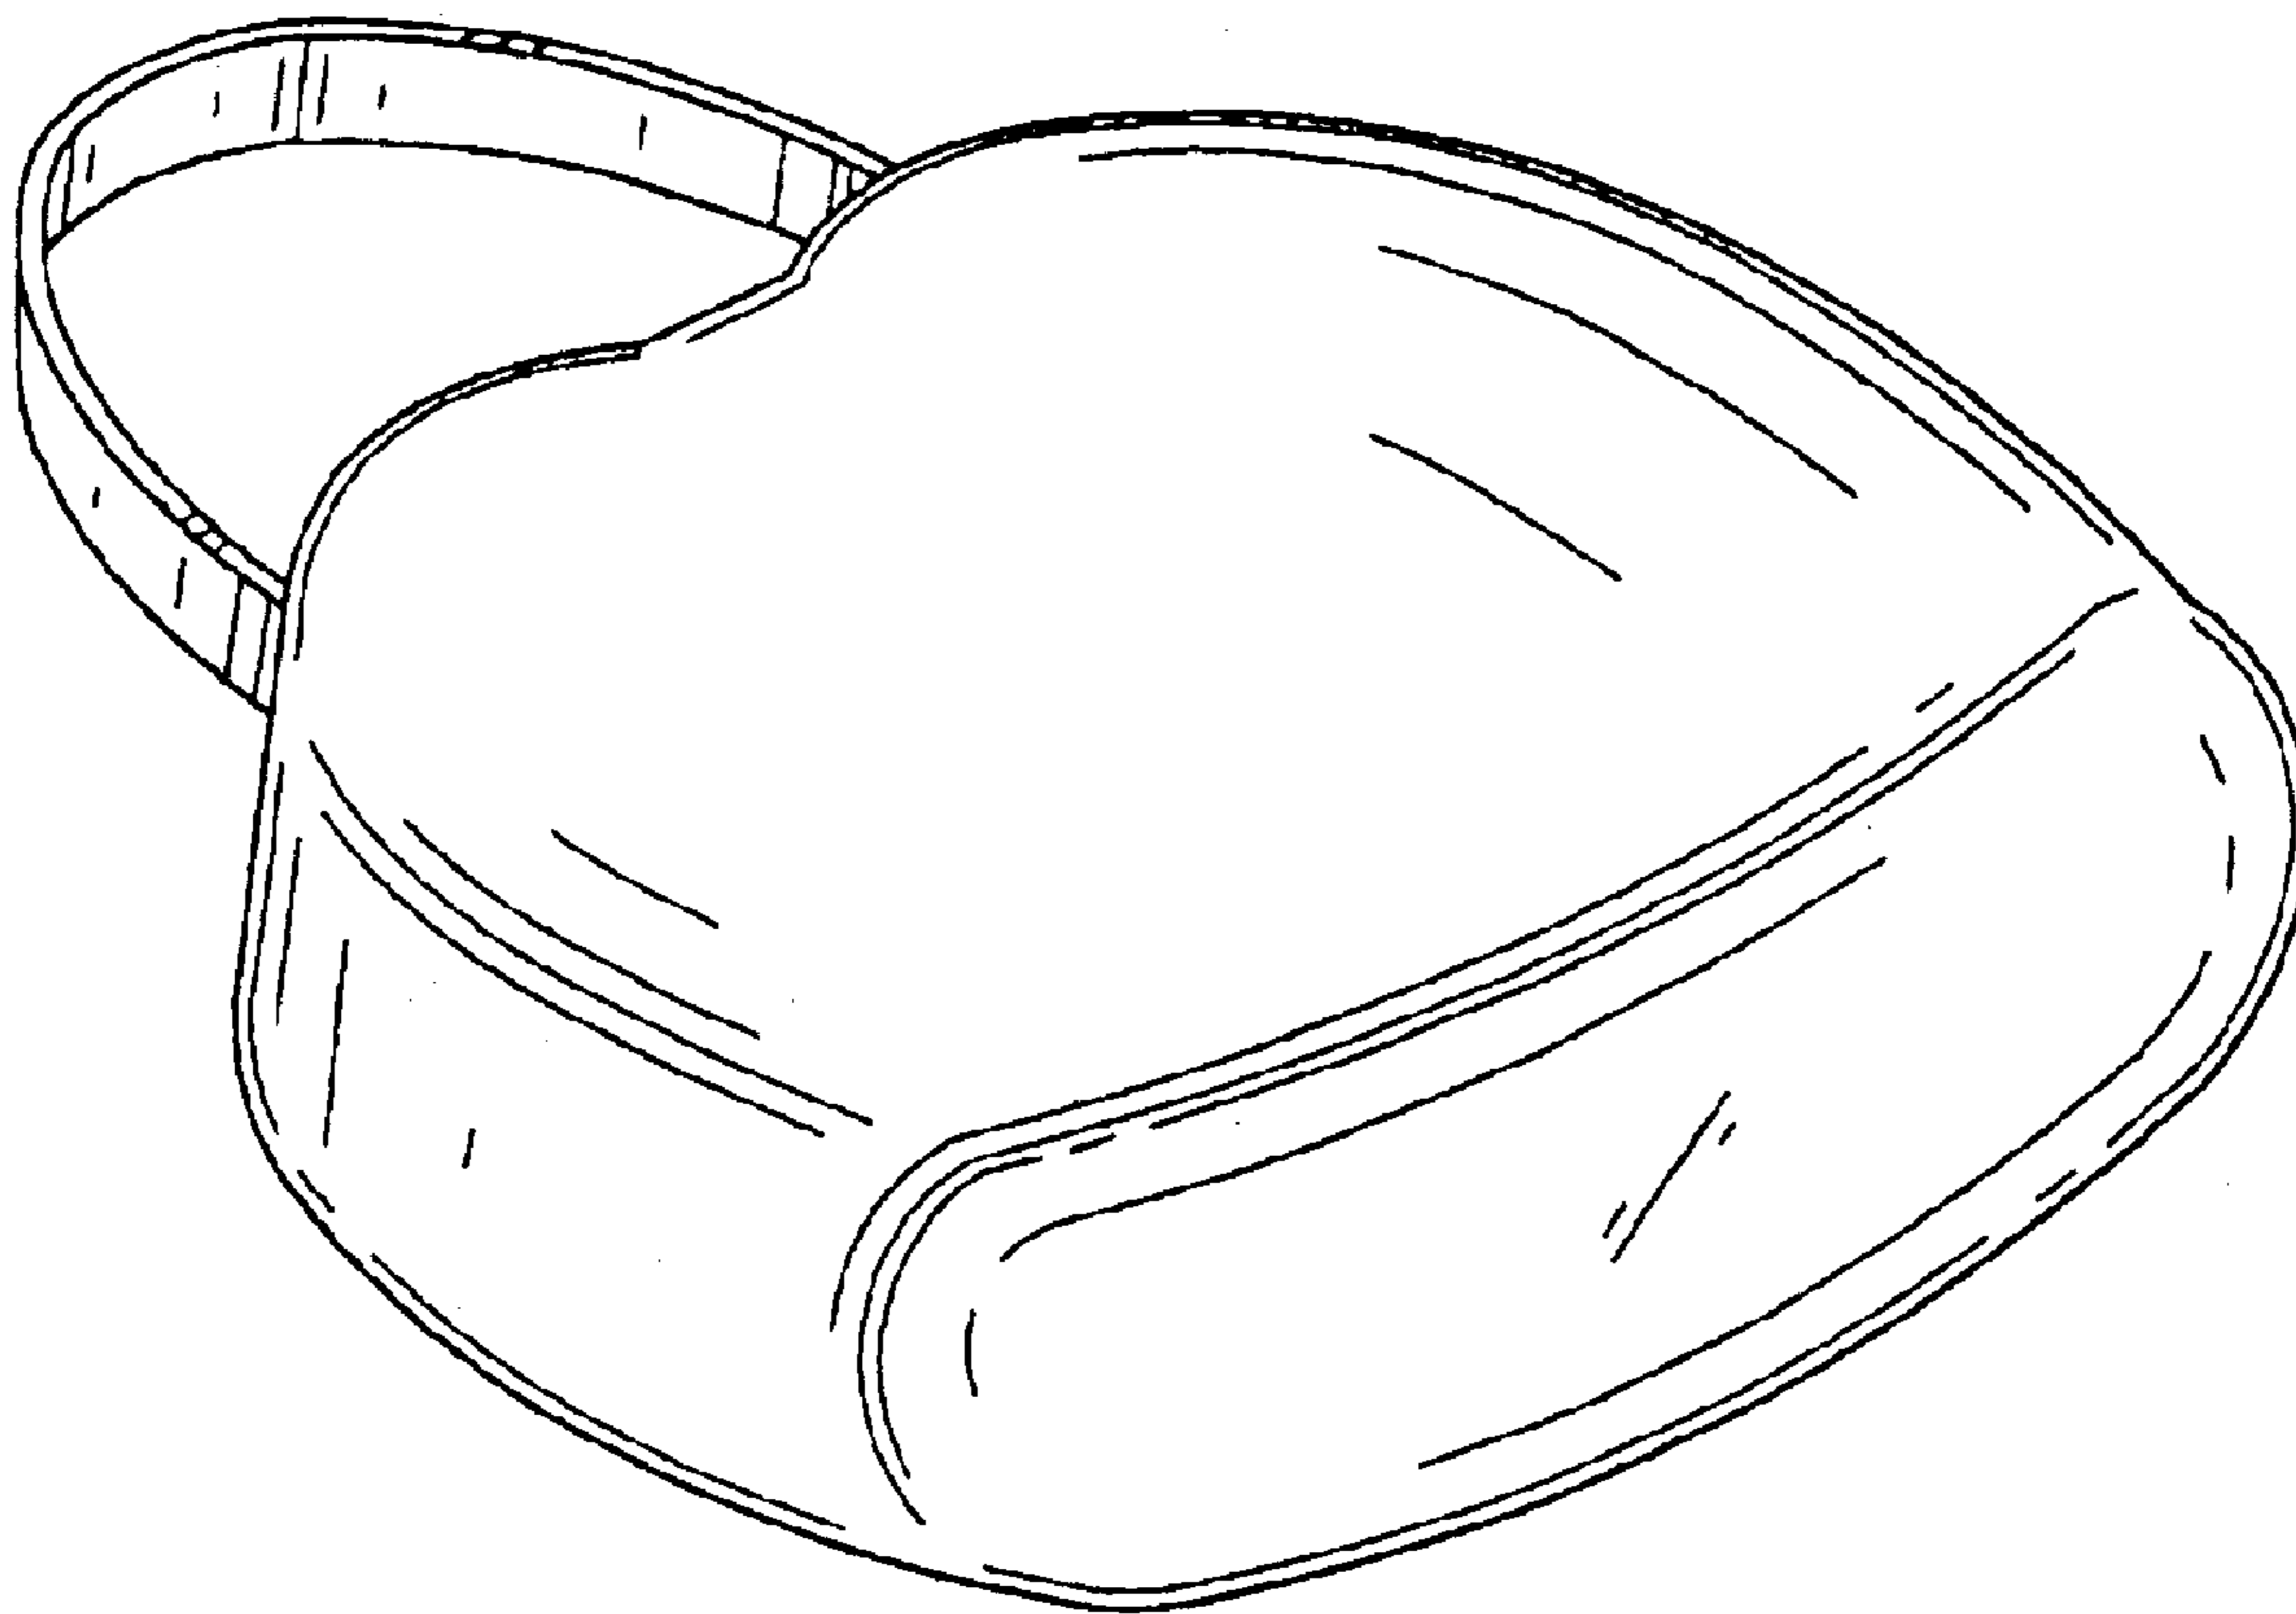

**DESCRIPTION**

The present design relates to a lighting device, having an ornamental, non-functional design resembling a handbag. The lighting device includes an aperture at a bottom face, through which light may pass.

FIG. 1 is a perspective view of a lighting device showing the design; and,

FIG. 2 is an elevation view of a lighting device showing the design.
