(57) **CLAIM**

The ornamental design for a container storage organizer, as shown and described.

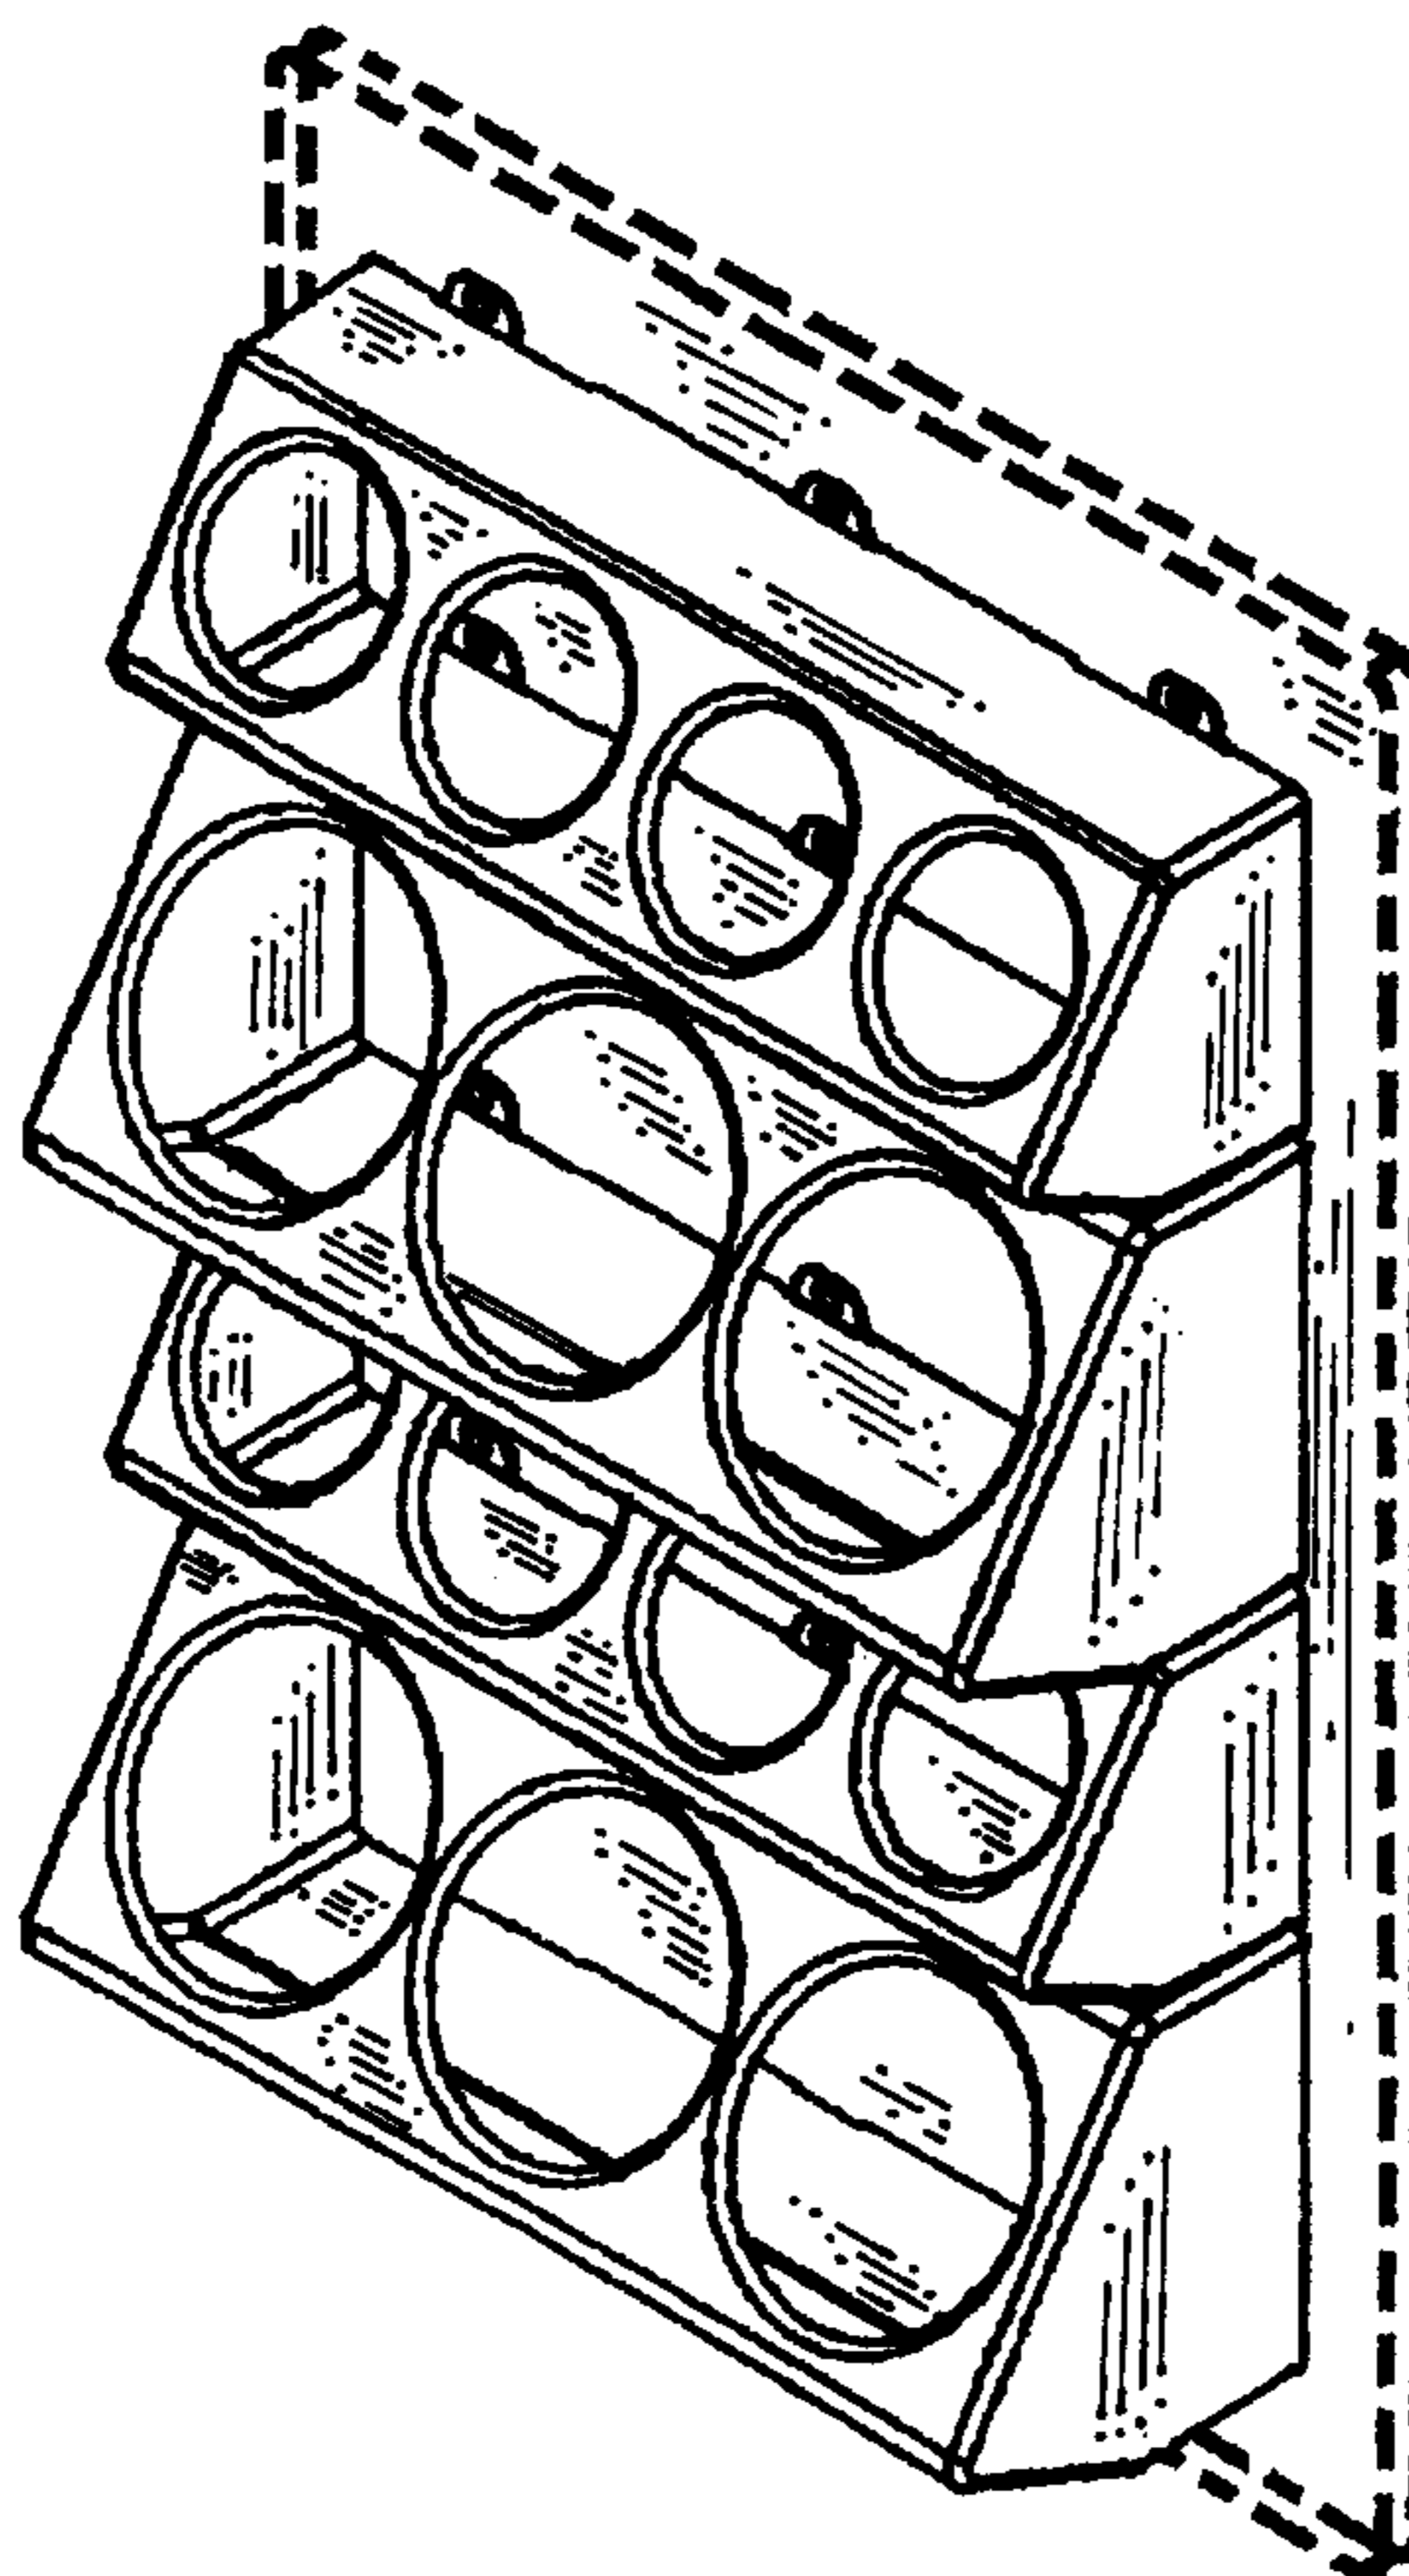

**DESCRIPTION**

FIG. 1 is a top, front, and right side perspective view of a container storage organizer showing my new design; FIG. 2 is a front elevational view thereof; and, FIG. 3 is a left side elevational view thereof. The broken-line disclosure in the views is understood to represent environmental structure not part of the claimed design.
