(57) **CLAIM**

The ornamental design for a back relief support cushion, as  
shown and described.

**DESCRIPTION**

FIG. 1 is a front and side perspective view of a back relief  
support cushion showing my new design.

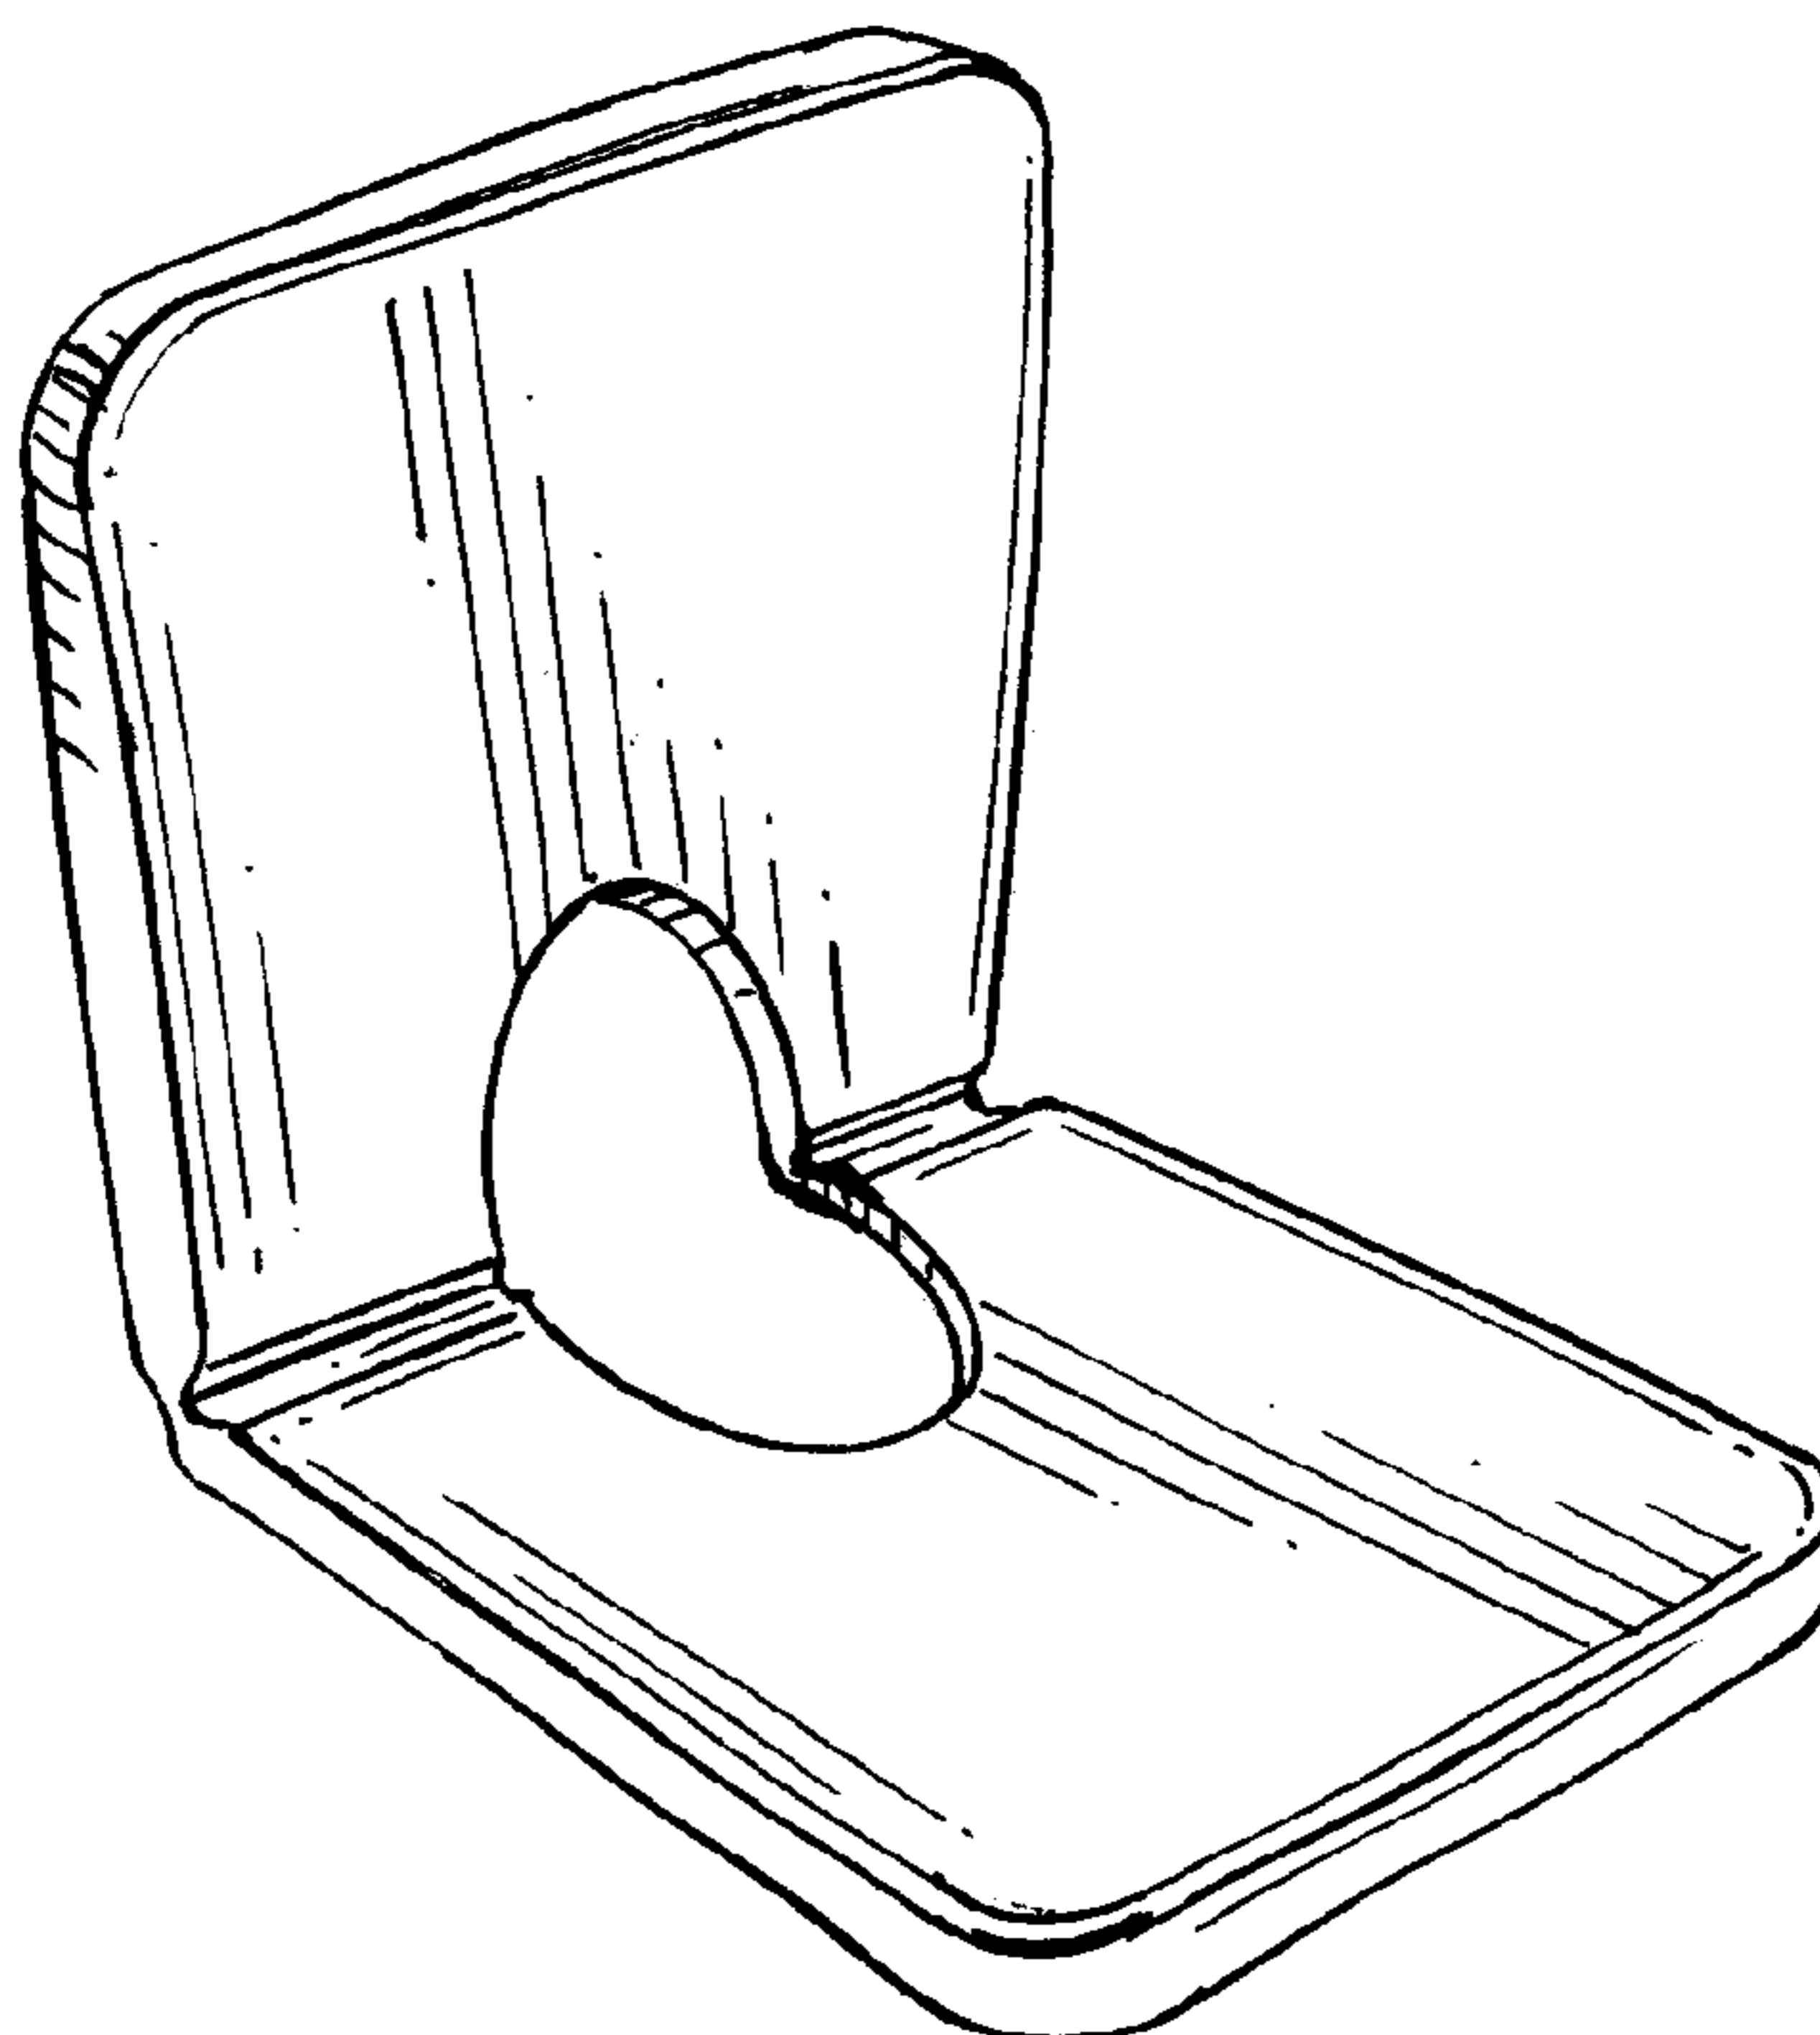

FIG. 2 is a front view of the back relief support cushion  
shown in an alternate position.

FIG. 3 is a side elevational view of FIG. 2 showing a side  
of the back relief support cushion with the other side being  
the same view.

FIG. 4 is a rear view of FIG. 2; and,

FIG. 5 is a side elevational view showing the back portion  
folded on the seat portion of the back relief support cushion  
of my invention with the other side being the same view.
