(57) **CLAIM**

The ornamental design for an automotive gage, as shown and described.

DESCRIPTION

FIG. 1 shows a front perspective view of the automotive gage according to the inventive design.

FIG. 2 shows a front view of the automotive gage according to the inventive design.

FIG. 3 shows a rear view of the automotive gage according to the inventive design.

FIG. 4 shows a side view of the automotive gage according to the inventive design; and,

FIG. 5 shows a front view of an alternate embodiment of the automotive gage having a different shift indication light pattern.

The broken line showing is for illustrative purposes only and forms no part of the claimed design.
