DESCRIPTION

FIG. 1 is a perspective view of the lug nut with embedded
bullet according to the present invention.

FIG. 2 is a front view of the lug nut with embedded bullet
according to the present invention. The rear view, right side
view, and left side view are identical to the front view.

FIG. 3 is a top view of the lug nut with embedded bullet
according to the present invention; and,

FIG. 4 is a bottom side view of the lug nut with embedded
bullet according to the present invention.

The broken lines in all views are for illustrative purposes
only and form no part of the claimed design.
