(57) **CLAIM**

The ornamental design for a portion of a refrigerated display cabinet, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment for a portion of a refrigerated display cabinet, according to our design; FIG. 2 is a rear elevation view of the first embodiment for a portion of a refrigerated display cabinet; FIG. 3 is a top plan view of the first embodiment for a portion of a refrigerated display cabinet; FIG. 4 is a bottom plan view of the first embodiment for a portion of a refrigerated display cabinet; FIG. 5 is a right side view of the first embodiment for a portion of a refrigerated display cabinet, the opposite side view being a mirror image thereof; FIG. 6 is a perspective view of the first embodiment for a portion of a refrigerated display cabinet; FIG. 7 is a front view of a second embodiment for a portion of a refrigerated display cabinet according to our design; FIG. 8 is a rear elevation view of the second embodiment for a portion of a refrigerated display cabinet; FIG. 9 is a top plan view of the second embodiment for a portion of a refrigerated display cabinet; FIG. 10 is a bottom plan view of the second embodiment for a portion of a refrigerated display cabinet; FIG. 11 is a right side view of the second embodiment for a portion of a refrigerated display cabinet, the opposite side view being a mirror image thereof; and, FIG. 12 is a perspective view of the second embodiment for a portion of a refrigerated display cabinet.

The broken line showings of the remainder of the refrigerated display cabinets are for illustrative purposes only and form no part of the claimed design.
