(57) **CLAIM**

The ornamental design for a fluid dispensing container, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a fluid dispensing container, showing the front, the left side, and the top of our new design with a cover cap installed;
FIG. 2 is a perspective view of the fluid dispensing container of FIG. 1, showing the front, the left side, and the top of our new design without a cover cap;
FIG. 3 is an elevational view of the front of the fluid dispensing container shown in FIG. 2;
FIG. 4 is an elevational view of the back of the fluid dispensing container shown in FIG. 2;
FIG. 5 is an elevational view of the right side of the fluid dispensing container shown in FIG. 2;
FIG. 6 is an elevational view of the left side of the fluid dispensing container shown in FIG. 2; and,
FIG. 7 is a plan view of the top of the fluid dispensing container shown in FIG. 2.
