(57) **CLAIM**

The ornamental design for a plate for visual comparison of fluids, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of the plate of the invention, showing my new design.

FIG. 2 is a left side elevation view of the plate of the invention.

FIG. 3 is a sectioned left side elevation view of a portion of the plate of the invention, cut along the center line of the depressions in the left side of the plate visible in FIG. 1; to show the depth of such depressions relative to the thickness of the plate.

FIG. 4 right side elevation view of the plate of the invention.

FIG. 5 is a top end elevation view of the plate of the invention; and,

FIG. 6 is a bottom end elevation view of the plate of the invention.

The bottom of the plate of the invention, in a bottom plan view, is plain and flat, with no ornamentation, and does not contribute to the ornamental appearance of the article.
