(57) **CLAIM**

The ornamental design for a team spirit communication device, as shown and described.

DESCRIPTION

The sole FIGURE is a perspective view of the team spirit communication device of the present invention. The reverse side of the team spirit communication device of the present invention is a mirror image of the side shown in the sole FIGURE. Surfaces that are not shown on the sole FIGURE are merely duplicative of the surfaces shown in the sole FIGURE, and edge surfaces are flat and include no ornamentation and are therefore omitted from the drawings.
