U.S. PATENT DOCUMENTS

CLAIM

The ornamental design for a lavatory, as shown and described.

DESCRIPTION

In a preferred embodiment, the nature of this product is as a plumbing fixture in the form of a lavatory which is primarily useful for washing the body parts of humans. FIG. 1 is a left, top, front perspective view of a lavatory embodying my new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a front elevational view thereof, the rear elevational view thereof being a mirror image of the front view shown; FIG. 4 is a left side elevational view thereof, the right side elevational view thereof being a mirror image of the left side shown;

FIG. 5 is a left, top, front perspective view of a lavatory according to another embodiment of my new design, the front elevational view thereof being identical to the front elevational view shown in FIG. 3, with the rear elevational view thereof being a mirror image of the front view shown, the left side elevational view thereof being similar to the left side elevational view shown in FIG. 4 albeit of slightly lesser lateral dimension, the right side elevational view thereof being a mirror image of the modified left side view of FIG. 4; and,
