(57) **CLAIM**

The ornamental design for a surface configuration of a side door for a vehicle, as shown and described.

DESCRIPTION

This application is related to co-pending Application Ser. No. 29/217,910, of the inventor, filed on even date herewith and entitled "Surface Configuration of a Vehicle, Toy and/or Other Replicas".

FIG. 1 is a perspective view of a first embodiment of a surface configuration of a side door for a vehicle according to my novel design;

FIG. 2 is a side view of the first embodiment of the surface configuration of a side door for a vehicle according to my novel design;

FIG. 3 is a front view of the first embodiment of the surface configuration of a side door for a vehicle according to my novel design;

FIG. 4 is a perspective view of a second embodiment of the surface configuration of a side door for a vehicle according to my novel design;

FIG. 5 is a side view of the second embodiment of the surface configuration of a side door for a vehicle according to my novel design; and,

FIG. 6 is a front view of the second embodiment of the surface configuration of a side door for a vehicle according to my novel design.

The broken lines are for illustrative purposes only and form no part of the claimed design.
