(57) **CLAIM**

The ornamental design for a tub for bathing, as shown and described.

DESCRIPTION

In a preferred embodiment, the nature of this product is as a plumbing fixture in the form of a self-rimming tub which is primarily useful for washing the body of humans.

FIG. 1 is a left, top, front perspective view of a tub for bathing embodying my new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a front elevational view thereof, the rear elevational view being a mirror image of the front elevational view shown;

FIG. 4 is a left side elevational view thereof;

FIG. 5 is a right side elevational view thereof;

FIG. 6 is a bottom plan view thereof; and,

FIG. 7 is a left, top, front perspective view thereof showing the tub in a typical mounting environment.

The portions of the tub shown in FIGS. 1 and 3-6 which would be hidden by the mounting environment shown by broken line representation in FIG. 7 and thus not seen in normal use are shown for illustration purposes only, and does not form part of the claimed design.

The broken line representations of holes in FIGS. 1-6, and of a mounting environment in FIG. 7, are for the purpose of illustration only, and form no part of the claimed design.
