(57) **CLAIM**

The ornamental design for a power gun body, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of the power gun body showing my new design;

FIG. 2 is a front view thereof;

FIG. 3 is a rear view thereof;

FIG. 4 is a left side view thereof;

FIG. 5 is a right side view thereof;

FIG. 6 is a top view thereof;

FIG. 7 is a bottom view thereof;

FIG. 8 is a referential operational and referential right side view of the power gun body with an inject tube, a connecting hose and a gauge attached and used to measure tire pressure;

FIG. 9 is a referential operational and referential right side view of the power gun body with an inject tube and a long nozzle with a container attached and used to clean objects;

FIG. 10 is a referential operational and referential right side view of the power gun body with an inject tube, a high-pressure nozzle and a sand container attached and used to sandblast objects; and,

FIG. 11 is a referential operational and referential right side view of the power gun body with an inject tube and a short nozzle attached and used to blow air.

in those referential drawings of FIGS. 8 to 11, the broken lines are shown for illustrative purposes only and form no part of the claimed design.
