(57) **CLAIM**

The ornamental design for a hooded garment with circular knitted collar, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a hooded garment with the stretchable tubular knitted collar in a retracted position with the hood covering the head of the wearer;

FIG. 2 illustrates a front view of the hooded garment with a stretchable tubular knitted collar, with the stretchable tubular knitted collar in an extended position covering a substantial portion of the user's face and ears;

FIG. 3 is a front view of the hooded garment with a stretchable tubular knitted collar;

FIG. 4 is a front view of the hooded garment with a stretchable tubular knitted collar in an extended position;

FIG. 5 is a back view of the hooded garment with the hood in an extended upward position;

FIG. 6 is a front view of the hooded garment with the stretchable tubular knitted collar in a retracted position and the hood in a down position;

FIG. 7 is a front view of the hooded garment with the stretchable tubular knitted collar in an upward position and in an extended position with the hood in a down position; and,

FIG. 8 is a back view of the hooded garment with the hood in a down position and the stretchable tubular knitted collar in a retracted.

The broken lines in the drawings are for illustrative purposes only and form no part of the claimed design.
