(57) **CLAIM**

The ornamental design for a carrier bag for attachment to a crutch, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a carrier bag for attachment to a crutch showing my new design;

FIG. 2 is a right side elevational view, the left side elevational view being a mirror image thereof;

FIG. 3 is a top plan view thereof;

FIG. 4 is a rear elevational plan view thereof; and,

FIG. 5 is a bottom plan view thereof.

The broken lines shown in the figures represent stitching.

The fragmented depiction of a weave pattern is understood to be continuous throughout the implied area.
