(57) **CLAIM**

The ornamental design for a showerhead, as shown and described.

**DESCRIPTION**

In a preferred embodiment, the nature of this product is as a plumbing fixture in the form of a showerhead primary useful for washing body parts.

FIG. 1 is a left, top perspective view of a showerhead showing my new design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a left side elevational view thereof, the right side view being a mirror image of the left side shown;

FIG. 4 is a top plan view thereof;

FIG. 5 is a bottom plan view thereof; and,

FIG. 6 is a rear elevational view thereof.

The broken line representations of a flat feature for tightening in FIGS. 1, 4 and 5, inlet opening in FIG. 6, and control tab features in FIGS. 2, 3, 5 and 6 are for the purpose of illustration only, and form no part of the claimed design.
