FIG. 1 is a perspective view of a retractable and interchangeable control panel for electronic or like devices in an open position.

FIG. 2 is a top elevational view thereof of the retractable and interchangeable control panel for electronic or like devices in an open position.

FIG. 3 is a front elevational view thereof of the retractable and interchangeable control panel for electronic or like devices in an open position.

FIG. 4 is a right side elevational view thereof of the retractable and interchangeable control panel for electronic or like devices in an open position.

FIG. 5 is a left side elevational view thereof of the retractable and interchangeable control panel for electronic or like devices in an open position.

FIG. 6 is a back elevational view thereof of the retractable and interchangeable control panel for electronic or like devices in a closed position; and,

FIG. 7 is a bottom side elevational view thereof of the retractable and interchangeable control panel for electronic or like devices in a closed position.
