(57) **CLAIM**

I claim the ornamental design for a closure for a container, as shown and described.

DESCRIPTION

FIG. 1 is a right perspective view of the closure for a container. The left perspective view is a mirror image of the right perspective view.

FIG. 2 is a front perspective view of the closure for a container.

FIG. 3 is a top view of the closure for a container; and,

FIG. 4 is a bottom view of the closure for a container.

The broken line disclosure is for illustrative purposes only and forms no part of the claimed design.
