(57) **CLAIM**

The ornamental design for touch base user interface service selection icon for a portion of an image processing office machine, as shown and described.

DESCRIPTION

The single FIGURE is a front view of a touch base user interface service selection icon for a portion of an image processing office machine of the present invention. The broken line drawing of a portion of an image processing office machine is for illustrative purposes only and forms no part of the claimed design.

1 Claim, 1 Drawing Sheet

FIGURE.
