(57) **CLAIM**

The ornamental design for a pedestal for a fan assembly, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of a pedestal for a fan assembly showing our new design;

FIG. 2 is a right side perspective view showing the design for the pedestal of FIG. 1;

FIG. 3 is a rear elevational view showing the design for the pedestal of FIG. 1;

FIG. 4 is a front elevational view showing the design for the pedestal of FIG. 1; and,

FIG. 5 is a top plan view showing the design for the pedestal of FIG. 1.

In FIGS. 1–5, the broken line showing of various items including (i) the fan assembly having fan blades and an associated motor housing (FIGS. 1–2), (ii) an upper portion of the central vertical support member (FIGS. 1–4), (iii) the annular members that connect the radially extending support members to the central vertical support member (FIGS. 1–4), and (iv) the base member positioned below the radially extending support members (FIGS. 1–5) is for illustrative purposes only and forms no part of the claimed design.
