(57) **CLAIM**

The ornamental design for a vehicle key head, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of the vehicle key head showing my new design, the shaft portion of the automotive key being shown in phantom and does not form a part of the ornamental design;

FIG. 2 is a side elevational view thereof, the shaft portion of the key being shown in phantom and does not form a part of the ornamental design for the vehicle key head, the opposing side elevational view being identical thereto;

FIG. 3 is a rear elevational view of the vehicle key head, the shaft portion of the automotive key being shown in phantom and does not form a part of the ornamental design;

FIG. 4 is a bottom end view thereof, the opening into the key head for receipt of the shaft portion of the vehicle key being depicted without the shaft portion thereof being shown; and,

FIG. 5 is a top end view thereof, the chamfered edges around the key head being depicted as part of the ornamental design in all of the views.
