(57) **CLAIM**

The ornamental design for a surface configuration of a vehicle spoiler, as shown and described.

DESCRIPTION

This application is related to the following co-pending application, of the inventor, filed on even date herewith: Application Ser. No. 29/223,083, entitled “Surface Configuration of the Front and Rear Portions of a Vehicle, Toy, and/or Other Replicas”.

FIG. 1 is a rear view of a surface configuration of a vehicle spoiler according to our novel design;

FIG. 2 is a rear, left perspective view of the surface configuration of a vehicle spoiler according to our novel design, the rear, right perspective view being mirror symmetrical; and,

FIG. 3 is a left side view of the surface configuration of a vehicle spoiler according to our novel design, the right side view being mirror symmetrical.
