DESCRIPTION

FIG. 1 is a perspective view of an air freshener in accordance with the present invention;

FIG. 2 is a front elevational view of the air freshener; a rear elevational view of the air freshener is the same as the front elevational view;

FIG. 3 is a top plan view of the air freshener;

FIG. 4 is a first side elevational view of the air freshener; a second side elevational being a mirror image of the first side elevational view; and,

FIG. 5 is a bottom plan view of the air freshener.

The broken away portions of FIGS. 1, 2 and 4 are shown to illustrate indeterminate length.
