(57) **CLAIM**

The ornamental design for a sloped side deflector for solar panel, as shown and described.

DESCRIPTION

A sloped sided deflector for solar panel made according to the invention is typically used along the outside edge of a solar panel at the end of a row of sloped solar panels.

FIG. 1 is a top, front, right side isometric view of a sloped side deflector for solar panel showing my new design; FIG. 2 is a top, rear, right side isometric view thereof;

FIG. 3 is a front elevational view thereof; and

FIG. 4 is a right side elevational view thereof;

FIG. 5 is a left side elevational view thereof;

FIG. 6 is top plan view thereof; and,

FIG. 7 is a top, front, right side isometric view similar to FIG. 1 in reduced scale, and in used condition.

The broken line showing of the environment is for illustrative purposes only and forms no part of the claimed design.
