(57) **CLAIM**

The ornamental design for a tiller handle for a materials handling vehicle, as shown and described.

**DESCRIPTION**

FIG. 1 is a left front perspective view of a tiller handle for a materials handling vehicle showing our new design in use condition;

FIG. 2 is a left front perspective view thereof;

FIG. 3 is a left front perspective view thereof; having a steering knob extended from the handle;

FIG. 4 is a right side elevational view thereof;

FIG. 5 is a left side elevational view thereof;

FIG. 6 is a front elevational view thereof;

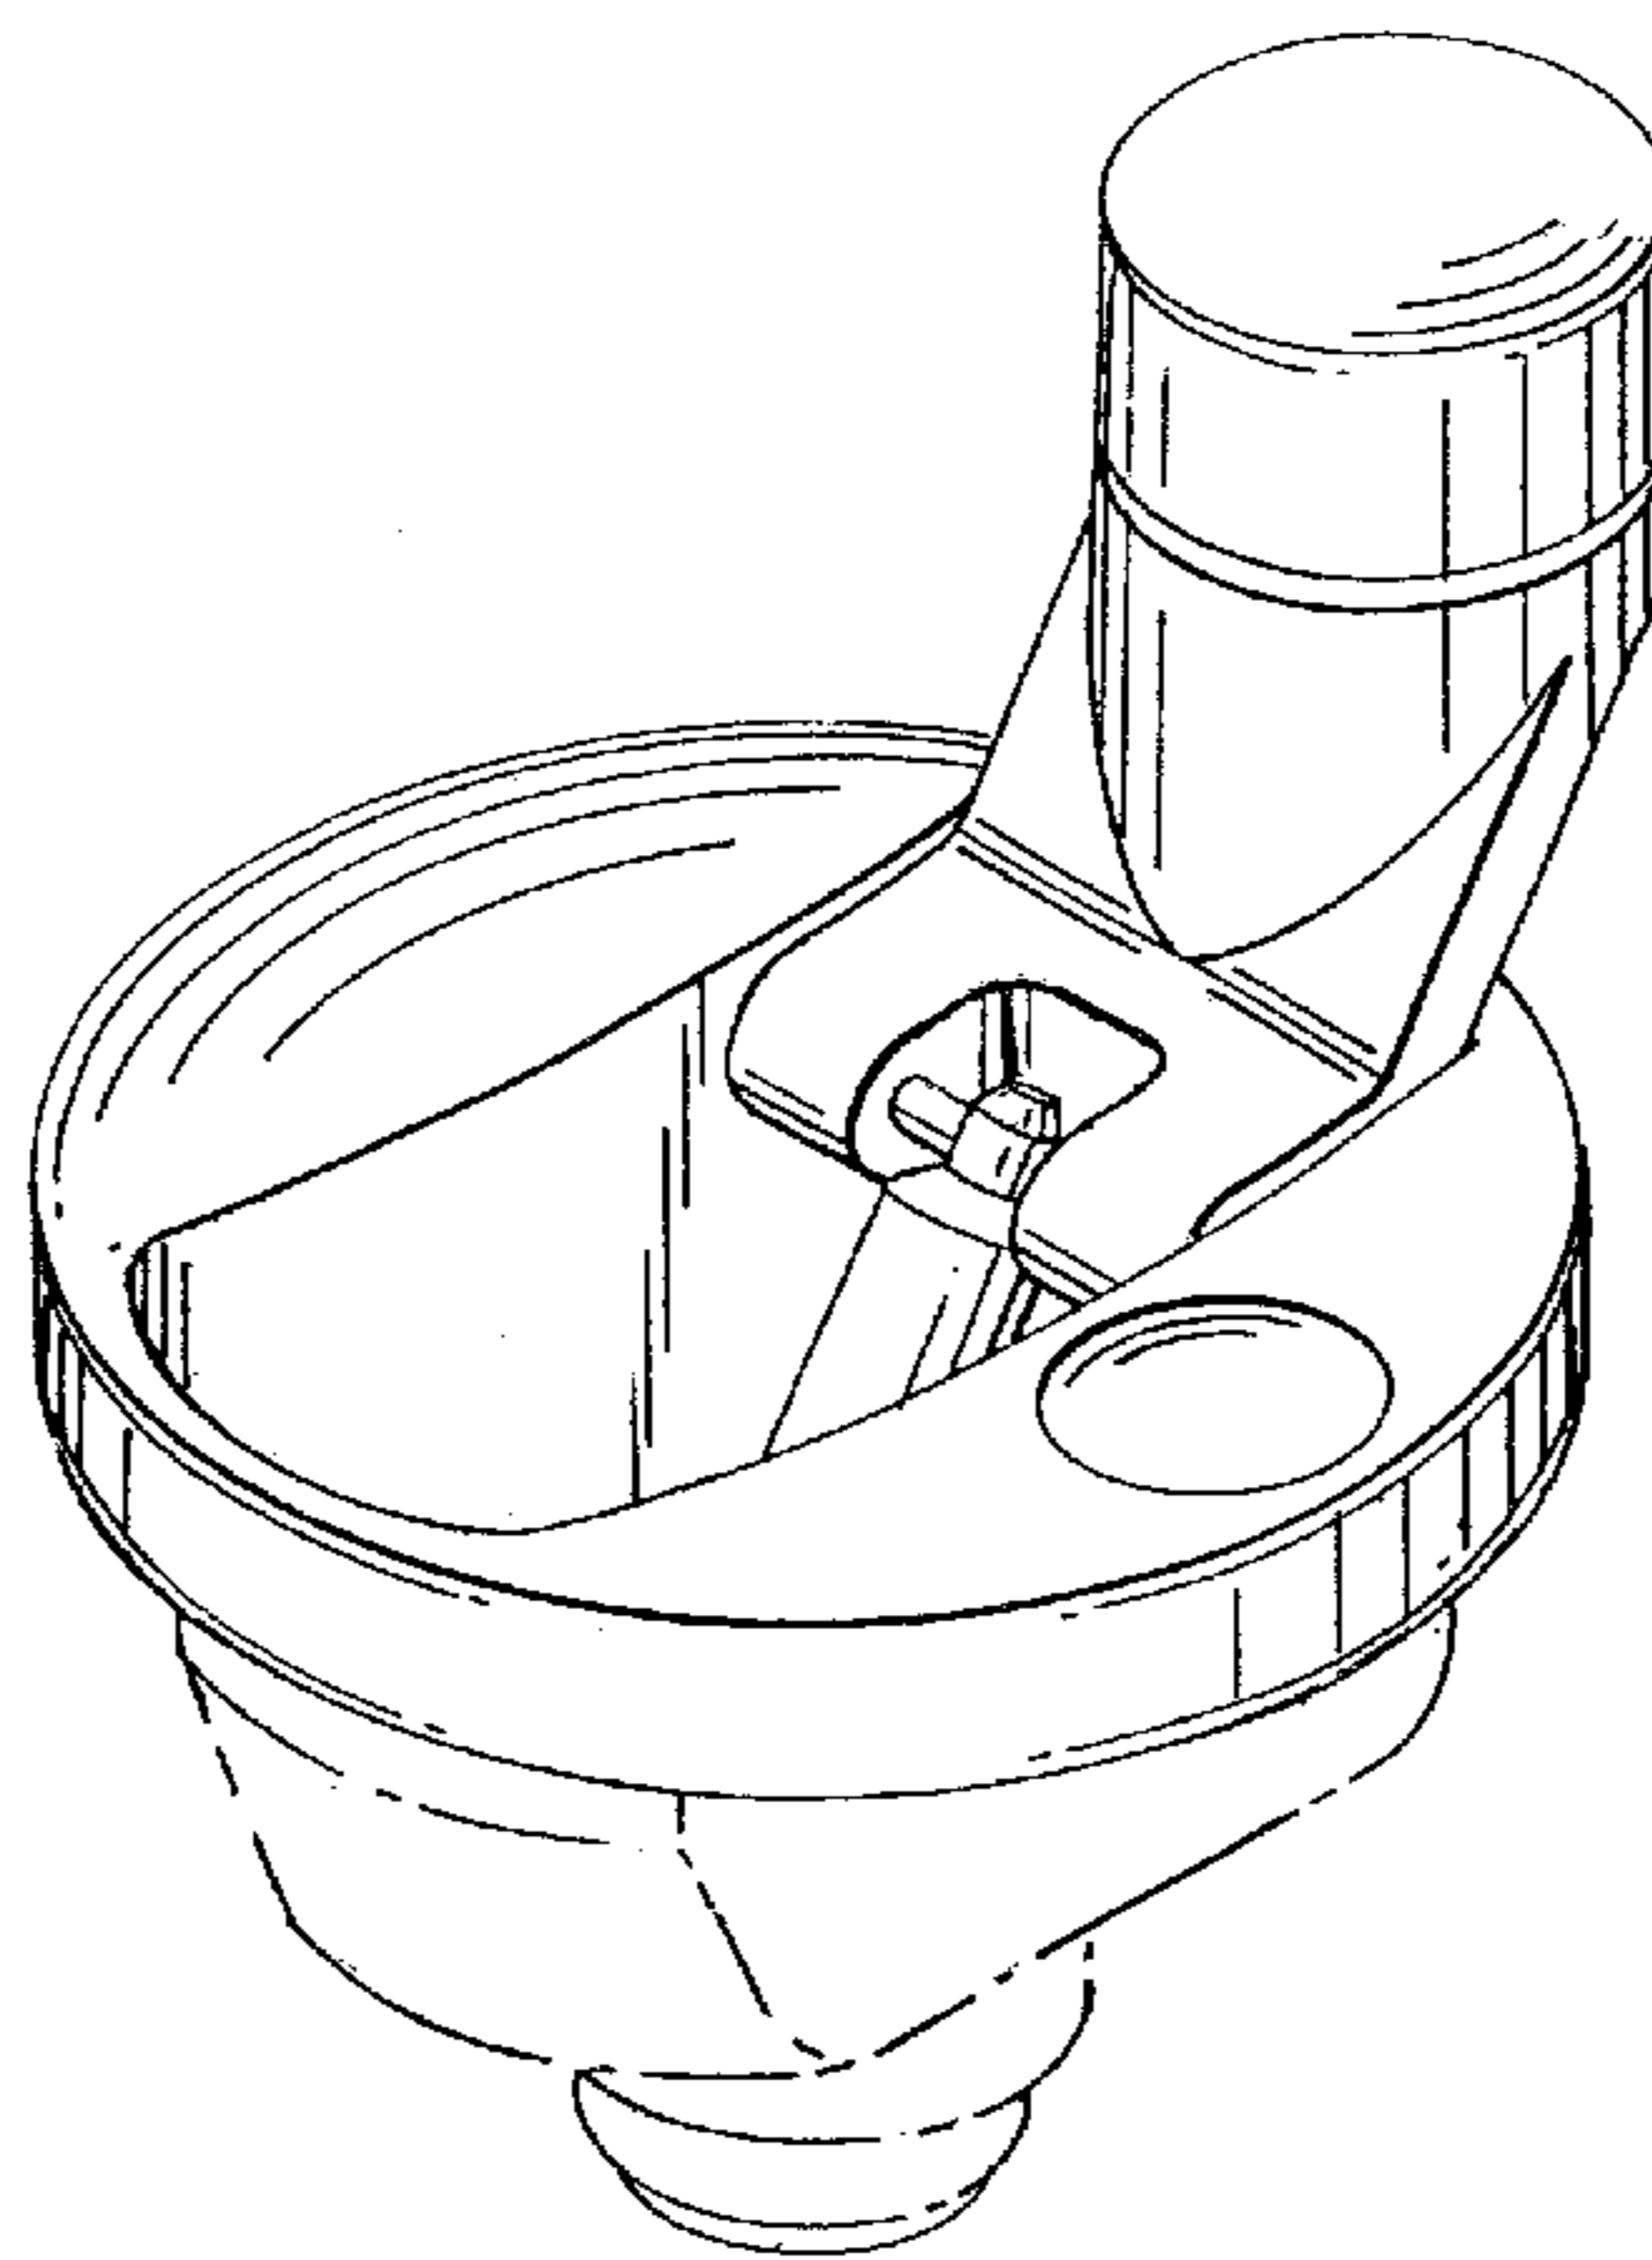

FIG. 7 is a back elevational view thereof; and,

FIG. 8 is a top view thereof.

The bottom of the tiller handle is plain and unornamented.

The broken line showing of the bottom of the tiller handle in FIGS. 2-7 is for illustrative purposes only and forms no part of the claimed design.
