(57) **CLAIM**

The ornamental design for a light fixture having a square grid cell with an arched trim, as shown and described.

DESCRIPTION

This application is related to the following: (1) U.S. Design Application No. 29/188,799 entitled "Suspended Light Fixture Canopy" filed concurrently, having the same inventor and assignee as the present application; and (2) U.S. Design Application No. 29/188,793 entitled "Light Fixture Having A Square Grid Cell With Arcuate Cross-Members" filed concurrently, having the same inventor and assignee as the present application.

FIG. **1** is a perspective view of a lighting fixture having a square grid cell with an arched trim showing the new design;

FIG. **2** is a front view of the lighting fixture as shown in FIG. **1** in which a front side of the square grid cell with the arched trim is in view, the reverse side of the square grid cell with the arched trim being a mirror image of the front side;

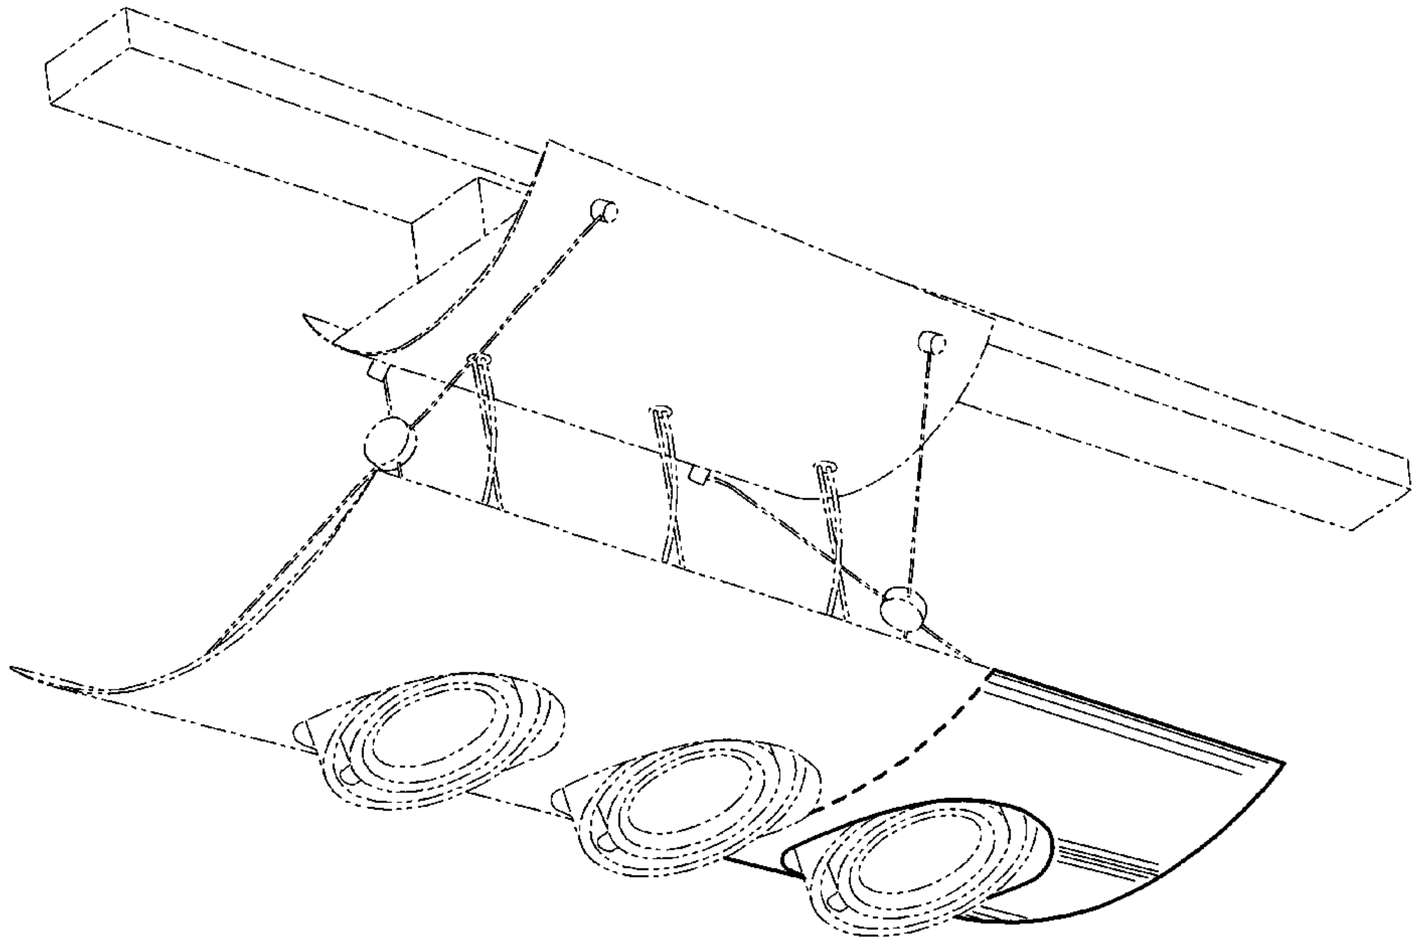

FIG. **3** is a side view of the lighting fixture as shown in FIG. **1** in which the left side of the square grid cell with the arched trim is in view, the right side of the square grid cell with the arched trim being a mirror image of the left side;

FIG. **4** is a top view of the lighting fixture as shown in FIG. **1** with a top portion of the light fixture cut-away to show a top view of the square grid cell with the arched trim; and,

FIG. **5** is a bottom view of the lighting fixture as shown in FIG. **1**.

Features shown in dashed lines immediately adjacent the shaded areas or adjacent the solid lines represent the bounds of the claim and all other dashed lines are for illustrative purposes only. None of the dashed lines form a part of the claimed design.
