(57) **CLAIM**

The ornamental design for the compact disc file, as shown and described.

DESCRIPTION

FIG. 1 illustrates a front perspective view of the compact disc file of the present invention, showing a compact disc support situated therein;

FIG. 2 illustrates a back view of the compact disc file of the present invention, rotated approximately 180 degrees from the view of FIG. 1;

FIG. 3 illustrates a side view of the compact disc file of the present invention, rotated approximately 90 degrees from the view of FIG. 1;

FIG. 4 illustrates a close-up and cut-away view of the compact disc support of the compact disc file of the present invention taken across lines A—A of the perspective view of FIG. 1; and,

FIG. 5 illustrates a side view of the compact disc file of the present invention, rotated approximately 90 degrees from the view of FIG. 1.

The broken lines of FIGS. 1 to 5 are for illustrative purposes only and form no part of the claimed design.
